PATTISON TOUR

STATE CHAIRMAN CREASY VIS-ITS SCRANTON.

Conference with Local Democratic Leaders at Hotel Jermyn-Decided to Have the Pattison Stumping Party Visit the Coal Counties During the Last Days of the Campaign. Mr. Creasy Contents Himself with Saying That the Outlook Is Hopeful-Local Political Notes.

Democratic State Chairman W. T. reasy, accompanied by his secretary, Colonel James A. Sweeney, of Hazle-ton, ran up from the Harrisburg headquarters, yesterday, and spent last night in consultation with the local eaders, at the Jermyn.

Among those who attended the con-ference were Colonel F. J. Fitzsimmons, County Chairman T. P. Hoban, City Chairman C. H. Schadt, Judge E. C. Newcomb, Hon, M. F. Sando, ex-Sheriff John J. Fahey, City Controller P. W. Costello, Editor E. J. Lynett, of the Times; George Howell, and P. J.

visit was to arrange a date for the appearance of the Pattison campaingning party. Because of the fact that the strike is and for some time is likely to be of paramount interest in these parts, it was judged best to defer the coming of the Pattison party until the latest possible time. No definite date was set, but it was agreed that the itinerary should be arranged so that the anthracite counties should be visited last of all. It is possible that the Pattison stumping tour may be wound up here.

THE FIGHTS DISCUSSED.

The senatorial and legislative fights were discussed with particular attention bestowed upon the Democratic muddle in the Fourth legislative dis-

Charlman Creasy had no pre-election fireworks to set off. He evaded the subject of strike as "a delicate question, at this time" and on the general situation would only say that the outlook was most favorable.

Mr. Creasy and Colonel Sweeney leave for Harrisburg this morning.

Attorney George Howell, who is spoken of as a possible candidate for congress, had a private interview of some length with Chairman Creasy bethe general conference began. What was discussed at the conference, of course, is only conjectural, but one the Democratic leaders stated after he conference, last night, that Mr. Howell was now disposed to favorably consider an invitation to run. Mr. Howell, himself, was non-committal.

Richard J. Bourke and John B. Jordan, the Republican candidates for the senatorial nomination, are to meet this norning with District Chairman E. P. Kingsbury to arrange for holding the orimaries and convention. The meetng is to take place at 8 o'clock this morning. Hon, John E. Barrett has peen spoken of as a possible candidate for the senatorial nomination, but up to date has made no announcement of his candidacy.

Mr. Price has repeatedly declined to allow his name to be used in this connection, and now, more than ever, will in all probability persist in this decli-

MINERS ARE FIRM.

The main purpose of Mr. Creasy's District President Nicholls Says They Won't Give Up While They Have Bread to Eat.

> "As long as the miners have bread to eat," said District President Nicholls, yesterday, "they will stay out for the demands they have made, and I can say to you positively they will never want for bread. There is no effort required to keep the men firm. They are more determined now than they ever were. The relief fund is growing daily and we are in a position to continue the fight indefinitely. The miners realize this is the greatest industrial battle ever waged and are content to make every sacrifice to win it. I do not know how the strike will end, but I do know that it will not be terminated by a surender of the strikers." Mr. Nicholls further states that the strikers are not at all concerned about the collieries that are reported to be in

"Only two of these collieries," Mr. Nicholls said, "should be rightly said to be in operation. These are the Oxford and the Dodge. The others are simply making a pretense of operating. So well satisfied are we that this is so that we propose to make a tabulation of their output and give it to the public. We will probably have it ready for publication next Monday."

In regard to the rumors of settlement propositions, Mr. Nicholls said: "We know nothing of any such propositions other than what we see in the newspapers. The ground on which Senator Platt's prediction was made is as much a mystery to us as it is to the general public. I am also ignorant of any arrangement for a meeting of the national and district presidents with Governor Stone or his representative." Assistant Superintendent Tobey, of the Delaware, Lackawanna and Western mining department, said yesterday that his company has collieries in oper-

ation which are doing better than either the Oxford or Dodge. Regarding the rumors of concessions,

Mr. Tobey said: "It would be a public calamity for the operators to grant even the slight-S. B. Price is once more discussed as est concession. Concessions now would Democratic candidate for congress. mean more demands next spring, and another strike. A victory by the miners all companions in misery. would also mean the encouragement of strikes among many other unions. Even though the operators were disposed to make concessions, they would be con strained to refuse by consideration of the influence it would have on the general business world. Incidentally, let

me say, the operators are not disposed to make any concessions." Complaint was made at police head quarters last night from the Mt. Pleasant washery that some one was firing on the men employed there. Patrolmer Karius and Goerlitz investigated and found Tommy Sampson, of Raymond court, and several other small boys discharging blank cartridges from a toy pistol in the vicinity of Mifflin avenue and Linden street. The boys were locked up, and will be given a hearing

The Coming Allentown Tair to

Held September 23 to 26. The great Allentown fair will be held or four days, from September 23 to 26, nd from present indications will be one of the greatest exhibitions in the history of the society. It is, without uestion, in the front rank of the best and largest agricultural and industrial exhibitions in the country. It is annually visited by thousands of people who repeat their visits regularly, and there is no county, state, Pan-American or World's exhibition held anywhere that can boast of such large crowds as are seen yearly at the "great Allentown fair." Its popularity is worldvide, not only as an exhibition for the farmer and mechanic, the merchant and housekeeper, but also for the horse-

man and all lovers of sport. The races this year will number fifteen for the week and will be most exciting and hotly contested as there will be more than \$10,000 paid for speed alone, besides a large amount for premi-

ums and exhibits. All the railroads will run excursions and sell excursion tickets at greatly reduced prices good for the whole week, and daily special excursions will be run from all points. It certainly will be the place to go for all those who want to see the greatest fair in the country.

FOOT BALL TEAMS.

Organizing for the Coming Season on the Gridiron.

Local foot ball enthusiasts are making active preparations for the approaching season, and a number of teams have already taken to the field. The most promising material possible has been corraled by St. Thomas Colege and they expect to present a most

formidable line-up.

Among the players already selected are Timothy Haggerty, Joseph Ruane, Edward and John McHugh, Eugene Tropp, Will O'Horo, James O'Hara, Jerry Kelleher, Edward Manley, Willlam Moore and Thomas Casey. The Alumni team has also been organized. Among the players will be Richard Nellin, Will Elias, Eugene Tropp, Sanford Phillips, Ben Eynon,

George Seal, David Owens, and others. Maitland Fair.

Next week. You do not want to miss it. Will be better than ever. Balloon ascensions and parachute drops. Great races. Large exhibits. Merry-go-round to please the children. Secure exhibitor's ticket for fifty cents, or for one dollar if you have a team, which will admit you each day.

Ground privileges secured of W. C. Smith, Dalton, Pa. Improvements are being made on the grounds each day. Track is being improved, additional provisions made for stock, the exhibition building is being repaired, and the ball grounds im-
