

## THE TROOPS ARE SENT TO LEBANON

General Gobin Orders the First Battalion of the Twelfth Regiment to Lebanon.

### COLORED WORKMEN TO BE SENT AWAY

The Trouble Caused at Lebanon by the Employment of Negroes at the Plant of the American Iron and Steel Company—Bishop Fallows Will Confer with Mr. Baer—Congressman Palmer's Visit.

By Exclusive Wire from The Associated Press. Harrisburg, Sept. 23.—General Gobin, who is in command of the troops in the hard coal strike region, was ordered by Governor Stone this evening to send the first battalion of the Twelfth regiment to Lebanon to assist the sheriff in preserving the peace. The battalion, which has been on duty at Shenandoah ever since the troops were sent there, left this evening at 5.15 for Lebanon, in command of Colonel Clements, of Sunbury. The troops reached Lebanon shortly before 8 o'clock.

A delegation from Lebanon, composed of Sheriff Koppenhaver, Thomas H. Capp, President J. H. Sternberg, of the American Iron and Steel company, whose employees are on strike; H. C. Sherk, A. C. McCurdy and James Lord, called upon the governor today and requested that troops be sent to that city, where rioting occurred last evening among the strikers. After consultation with Adjutant General Stewart and Attorney General Elkin, the governor ordered General Gobin to send the first battalion of the Twelfth to the relief of the sheriff.

Shenandoah, Pa., Sept. 23.—The first battalion of the Twelfth regiment, with Colonel Clements in command, embarked on a special train on the Philadelphia and Reading road at 5 o'clock this evening for Lebanon, where they were ordered by Governor Stone during General Gobin's absence at Scranton.

General Gobin returned to headquarters here at 8.30 tonight. When asked by an Associated Press correspondent whether additional troops would be ordered out, he said: "It is quite probable that more troops would be sent into the coal region, although as yet it has not been definitely decided upon."

"I have decided upon a course," he said, "which I will submit to the governor for his approval tonight."

Bishop Fallows, of Chicago, spent a few hours in town today. He will go to Philadelphia tomorrow, where he expects to confer with President Baer.

Lebanon Still Agitated. Lebanon, Pa., Sept. 23.—This city is not yet recovered from the exciting events at the plant of the American Iron and Steel company, which was due to the colored iron workers during the south taking the places of the colored workmen. Special and regular officers are guarding the plant, and hundreds of men are about the mills.

The first battalion of the Twelfth regiment reached here tonight. The sheriff and his posse are on duty at the plant, and it is believed that the colored men remain at the plant.

A favorable sign that further trouble may be averted was a communication sent late this afternoon to Mayor Hess by Superintendent Cullin, of the company, in which the latter said the negroes would be sent away tomorrow. The mayor at once dispatched officers to the scene to pacify the crowd and tell them the news. It is believed that if the negroes are sent away the end of the trouble is in sight. If not, it is feared that other outbreaks will occur.

Assassins Fire from Ambush. Harrisburg, Pa., Sept. 23.—Captain H. M. Richards, an officer of the American Iron and Steel company, and two non-union employees of this corporation were shot and slightly injured at Lebanon last night. Persons concealed in the corn field near the company's works fired into the office of the works, in which was Captain Richards and President J. A. Sternberg. Richards received a slight flesh wound in the right side, and two colored men were also slightly wounded. President Sternberg escaped injury.

The shots from the men in the corn field were answered by several non-union men employed in the works. The shooting lasted about thirty minutes, and it is not known how many, if any, of those in the field were injured.

Governor's Troop Ordered to Move. Shenandoah, Sept. 23.—General Gobin has ordered the Twelfth regiment to go to New Philadelphia in the morning. The distance is about twelve miles, and the cavalry will leave Manal Park in time to reach New Philadelphia at 6 o'clock. The troops will remain in the vicinity of Silver Creek colliery of the Philadelphia and Reading Coal and Iron company all day, and return to camp tomorrow night. Many depredations have been committed in that locality during the past week.

Mr. Palmer Receives Information. Wilkes-Barre, Pa., Sept. 23.—Congressman Palmer was a caller on President Baer recently and told him 65,000 men in his congressional district were idle on account of the miners' strike and he wanted to know if there was no

way by which the struggle could be brought to an end. Mr. Baer said it only way peace could be brought to the miners was to return to work. Mr. Palmer did not ask any more questions, and came home.

### LUZERNE SHERIFF ASKS FOR TROOPS

Governor Stone Will Investigate Before Granting Request of the Officer.

By Exclusive Wire from The Associated Press. Harrisburg, Sept. 23.—A telegram was received in Harrisburg early this morning from Sheriff Jacobs of Luzerne county, asking Governor Stone for troops. In his telegram to the governor the sheriff says he is unable to cope with the situation.

No action was taken on the request tonight and it is likely the governor will investigate the conditions as they exist in the vicinity of Wilkes-Barre before sending troops.

Sheriff Jacobs in his appeal to the governor for troops says he has exhausted every means to preserve the peace in his bailiwick, but finds he is no longer able to cope with the turbulent crowds that now gather almost hourly. A threatened riot at Nanticoke and Wanamie this morning prompted the sheriff to act at once. It is likely that the Ninth regiment with headquarters in Wilkes-Barre will be ordered out.

### FRESH OUTBREAK IN LUZERNE COUNTY

Mobs Are Becoming Too Numerous to Be Controlled by Local Authorities.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Sept. 23.—If the lawless outbreaks in the Wyoming region continue, Sheriff Jacobs will undoubtedly follow the example of Sheriff Schadt of Lackawanna county and call upon Governor Stone for troops. Several squads of deputy sheriffs were kept busy today suppressing disorders.

This evening five carpenters employed at the Conyngham mine of the Delaware and Hudson company were on their way home, when they were held up by a crowd of men and boys. The carpenters discharged their revolvers in the air, which brought a large number of coal and iron police to their rescue. The officers fired a volley into the air and the crowd fled. A stray bullet from one of the deputies struck a boy named James Roland, who was at work in the yard of the Sheldon axle works some distance away. The bullet lodged in the lad's right shoulder. A deputy named Joseph Kessler was arrested charged with the shooting. He was committed to the city lock-up to await a hearing.

Unknown parties placed a number of sticks of dynamite under the house of Joseph Harrison, at Plymouth, for the purpose of blowing it up, but a timely discovery prevented it. Two non-union workmen at Plymouth were held up and beaten. Twenty-five deputy sheriffs went to Warrior Run to quell a disturbance there in which non-union men were attacked.

At Hughesdon, near Pittston, a crowd of men, headed by a train carrying a number of workmen to a washery. The engine and two cars left the track and two men sustained slight injuries. A number of coal and iron police dispersed the crowd.

E. G. Zwyer, pastor of the Baptist church of Girardville, Pa., has on behalf of the People's Alliance, issued an address to the clergy of the United States asking them to pray for a peaceful settlement of the strike.

President Mitchell, District President Fahy and National Board Member Fallon discussed the latest phase of the strike situation today, but the only one who would talk was Mr. Fallon. Mr. Mitchell declined to make any comment on the playing of troops in the Lackawanna region.

Thompson demanded a hearing and will take his case direct to the October grand jury. He was arrested on ten specific charges, a warrant having been sworn out on each separate offense.

Suicide of a Hotel Man. Wilmington, Del., Sept. 23.—Merritt B. Purry, proprietor of the Railroad house, was found dead in his room today. The inserted in one of his nostrils was the end of a rubber hose connected with an open gas burner. Purry had been indicted for selling liquor on Sunday and having been a witness and his trial was to have taken place this week.

Ex-Congressman Sowden Nominated. By Exclusive Wire from The Associated Press. Allentown, Pa., Sept. 23.—The Republican congressional conference of the Thirtieth district met here today and unanimously nominated ex-Congressman William H. Sowden, who appeared before the meeting and accepted. Mr. Sowden served in two congresses as a Democrat and again this year, falling at the primaries.

### THE HUDSON VALLEY STRIKE.

Rumor That Union May Declare It Off This Week.

By Exclusive Wire from The Associated Press. Saratoga, Sept. 23.—There was an intimation today that before the close of the week the motormen would declare off their strike against the Hudson Valley railway, which has been in force over three weeks. Weight is attached to the rumor by the fact that last night and this morning quite a number of the striking motormen asked to be reinstated.

Guarded by soldiers, cars are being moved today on the three divisions of the company's line, and the company expects to run them on schedule time tomorrow.

### DEMOCRATIC CAMPAIGNERS.

Ex-Governor and the Others Had Small Audience at Uniontown.

By Exclusive Wire from The Associated Press. Connellsville, Pa., Sept. 23.—Ex-Governor Robert E. Pattison, George W. Guthrie and the other Democratic campaigners labored in Uniontown this afternoon and here tonight. They had a small audience at the county seat, but the crowd in this town was a large one.

### MINERS ARE LICENSED

Mr. Markle Pronounces President Mitchell's Statement False.

By Exclusive Wire from The Associated Press.

New York, Sept. 23.—The usual weekly meeting of the directors of the Temple Iron company was held here today. There were present when the meeting began President Baer, of the Philadelphia and Reading; President Truesdale, of the Lackawanna; President Fowler, of the New York, Ontario and Western; President Elphinstone, of the Delaware and Hudson Canal company; President Walters, of the Lehigh Valley; E. B. Thomas, chairman of the board of directors of the Erie railroad, and John Markle, of G. B. Markle & Co., and Alfred Sterns, of Cox Brothers & Company, independent coal operators.

In the forenoon Mr. Markle went to J. P. Morgan's office and had a long conference with Mr. Morgan. When leaving, Mr. Markle was asked if the conference had to do with the coal strike. He refused to say what the nature of his business had been.

Later, at the office of President Baer, Mr. Markle was asked whether it is true, as President Mitchell, of the United Mine Workers said yesterday, that no licensed miners have returned to work in the mines since the strike began. Mr. Markle said: "That is absolutely false."

"There are several hundred certified miners at work today cutting coal," he said.

President Baer, before leaving for Philadelphia, said that the meeting today had been entirely informal. At the main meeting, President Baer and three others, including Presidents Fowler and Truesdale, held a private conference for half an hour.

Regarding the situation in the anthracite fields, President Baer said that every day he received information from the British foreign office of the part of several continental governments to seize the opportunity of conveying to the United States government the information that it is interfering in "matters which do not concern it," as was pointed out by the British foreign office in a semi-official newspaper of the European capitals have put it.

Ambassador Choate has broken up his holiday in Scotland and returned to London today. He is likely to spend the next few days in dealing with the Roumanian matter. The information gleaned from British diplomats, or part of it, will be unofficially communicated to Mr. Choate for transmission to Washington.

Joint Note May Be Sent.

The hopelessness privately entertained by the British foreign office of effecting a change of heart on the part of the Roumanian government will not be allowed to interfere with the external course of the negotiations, and there is still reason to believe that Mr. Hay's protest may result in a formal joint note of the Berlin signatories demanding the foreign secretary, through Great Britain, to take action.

Wholesale prices are quoted as follows today by one of the largest dealers and shippers in the city: Egg, stone and nut sizes, anthracite, \$12 a ton gross; pea coal, \$7.50 a ton gross; buckwheat No. 1, \$5.50; soft coal \$5 to \$5.15 a ton gross. This dealer said that all the anthracite coal offered in the New York market at present carries from twenty-five to thirty per cent. slate.

A member of one of the largest wholesale and retail coal companies in the city said today that in the next few days there will be an advance in the prices of the smaller sizes of anthracite, owing to the scarcity of soft coal.

### NO HELP FOR THE JEWS

The Roumanian Government Officials Are Independent and Defiant.

### CONCERTED MOVE BY THE POWERS UNLIKELY

The Replies to the British Note So Far Are Not Particularly Favorable—An Intimation That Some Would Favor Telling the United States That the Affairs of Europe Do Not Concern Her.

By Exclusive Wire from The Associated Press.

London, Sept. 23.—In a dispatch from Vienna the correspondent of the Times says he fears there is little doubt that the Roumanians have resolved to accept the consequence of setting at defiance the signatory powers and the public opinion of the civilized world and to continue the persecution of the Jews in order to compel them to seek asylum abroad.

"Nothing that will be of any permanent good can result from Secretary Hay's note to the powers on Roumanian's treatment of Jews, unless somebody is willing to crush Roumanian, and no power seems anxious to take on that task."

The foregoing quotation from the utterances of an experienced British officer represents the real opinion of the British foreign office on the subject of the negotiations between America and Europe, and represents it with a terse straightforwardness which is not likely to figure in the guarded, diplomatic replies which Mr. Hay's note will eventually produce.

Great Britain's backing up of the United States in the Roumanian matter has been met by the British foreign office of the other capitals interested, the signatories of the Berlin treaty refuse to take other than merely sentimental action toward alleviating the persecution of the Jews. The exchange of views regarding the American note issued by Great Britain has progressed sufficiently to convince the foreign office here that nothing material is likely to result.

To achieve more than promises from Roumanian, it is believed at Downing street, and apparently the foreign office of the other capitals interested, that nothing short of a combined display of force would be necessary. Insurmountable obstacles appear to render such a step impossible. Intra-European jealousies and the normally explosive condition of the Balkans themselves are sufficiently powerful factors to induce a policy of united inaction when a question of armed intervention is involved.

According to official statements, the British foreign office has also received every indication of willingness on the part of several continental governments to seize the opportunity of conveying to the United States government the information that it is interfering in "matters which do not concern it," as was pointed out by the British foreign office in a semi-official newspaper of the European capitals have put it.

Ambassador Choate has broken up his holiday in Scotland and returned to London today. He is likely to spend the next few days in dealing with the Roumanian matter. ### MR. ROOSEVELT'S DATES CANCELLED

The President Suffering from an Abscess on the Left Leg Near the Knee.

### A SLIGHT OPERATION IS PERFORMED

The Trouble a Result of Injuries Received in the Trolley Accident at Pittsfield—The Operation Is Performed Without the Aid of Anesthetics—After Rest and a Light Lunch the President Is Taken Upon His Special Train Which Left for Washington at 8 O'Clock Last Evening.

By Exclusive Wire from The Associated Press.

Indianapolis, Sept. 23.—President Roosevelt's western trip came to an untimely end in this city today. He was found to be suffering from a swelling in the left leg, between the knee and the ankle, which required immediate surgical attention, and, instead of being taken to the train to continue his journey to Fort Wayne and Milwaukee he was conveyed to St. Vincent's hospital, where he was operated on. The operation occurred at 3.45, and lasted only a short time. Then he was taken to a private room in the hospital to rest. After taking a light luncheon at 7.30 p. m., he was conveyed on a stretcher to his train, which had been backed up on a "Y" near the hospital, and at ten minutes before 8 o'clock the train left for Washington.

The first intimation that anything was wrong came in the form of a rumor to the great crowd, which was patiently waiting near the Columbia club and the soldiers and sailors monument for the president to appear. It was about 2.30 o'clock, half an hour after the time set for the president to leave the city, that a few of the favored ones in the crowd received intimations that the president was sick and that the rest of the trip probably would be abandoned. These statements were promptly denied as fast as the gained circulation but soon rumors began to take on a more serious character.

"The president has burst a blood vessel," was a whisper that went around among the police officers and soldiers. "This cannot be true," said rather, "for the president is in the corridor conversing with Senator Fairbanks."

The crowd waited.

Then it was said that the president was sick, that he had fainted, and finally a rumor was started that he had been shot. These rumors, however, did not appear to reach the crowd, and the thousands stood patiently after the speech by the president from the balcony to see him on his way out of the club. The minutes began to slip away, and still he did not come. A half hour or more passed and finally it was noticed that a movement of some kind was on. The president's carriage stood in front of the club, with Colonel Wilson, the governor's private secretary, inside, holding the large bunch of American beauty roses that had been given the president in the hall. The soldiers of the National Guard were drawn up along the streets just in the rear. The secret service men and the police, as detectives crowded the sidewalk in front of the club, keeping back the people. The command was given to "make room," and a path was cleared from the club entrance to the carriage, and, as if in answer to the rumors of his illness, the president accompanied by Senator Fairbanks, with a quick and sturdy gait, came down the steps of the club and hastily entered the carriage. Colonel Wilson got out and Senator Fairbanks, Secretary Cortelyou and Governor Durbin took seats in the carriage with the president. The carriage started immediately, the horses being urged into a trot. A secret service carriage followed quickly in its wake, and a third one containing Assistant Secretaries Loeb and Barnes and Doctors Cook and Richardson closed up the rear. No sooner had the carriage started than Captain Cullon, of Battery A, with twenty mounted artillerymen, and Captain Hyland, with as many mounted police, surrounded them, and in a few seconds the cavalcade swung at a rapid gait around the circle and down Meridian street. The crowd in the circle had hardly got a glimpse of the carriages before they were gone. Much to their surprise, the soldiers were left behind and also a number of the carriages. Yet they sent up a cheer and apparently took it for granted that there was nothing unusual in this method of leaving-taking.

The cavalcade started south on Meridian.
