GOVERNOR WILL PRESERVE ORDER

Expresses Determination to Suppress Tumults, Riots and Mobs Regardless of Cost.

STATE PREPARED TO MAINTAIN AN ARMY

The National Guard Will Aid and Assist the Civil Authorities in Preserving the Peace—Distribution of the Troops—General Gobin Superintends the Placing of Battalions in Luzerne County—President Mitchell Says the Presence of Troops Strengthens the Cause of the Strikers.

By Exclusive Wire from The Associated Press. Harrisburg, Sept. 25.—Governor Stone was asked this afternoon if he would declare martial law in the coal regions. He said:

Without discussing the power of the governor to declare martial law, it will be wholly unnecessary to resort to that remedy. The fifty-first section of the act of assembly, approved April 23, 1890, provides that when a tumult, riot or mob shall exist, the commander in chief shall call upon the National Guard, and he may, at his discretion, order any number of men of the enrolled militia to be drafted, or may detail or commission officers to organize the forces. The National Guard have been sent into the coal regions to suppress tumults, riots and mobs where the civil authorities are unable to suppress them. They will not interfere with the civil authorities, but are there to aid and assist them in preserving order.

There is now a surplus in the state treasury, and the state is prepared to maintain a large army in the field for an indefinite time. I have no hesitation in expressing my disapproval of tumults, riots and mobs and all acts of violence and my determination to suppress them and preserve order, regardless of consequences and regardless of cost.

Arrival of the Eighth.

Wilkes-Barre, Pa., Sept. 25.—General Gobin and the Eighth regiment, National Guard of Pennsylvania, arrived at the mining town of Duryea late this afternoon. The town is almost on the dividing line between Luzerne and Lackawanna counties, and ever since the strike began it has been the scene of many acts of violence. The military authorities thought it would be advantageous to have a large contingent of soldiers at this point, as it can be moved into Lackawanna or Luzerne county at short notice. A drizzling rain prevailed when the soldiers arrived and the camping field was everything but an inviting one.

After issuing some orders, General Gobin came to Wilkes-Barre tonight. He is the guest of Colonel Dougherty of the Ninth regiment. The general says he will return to Shenandoah tomorrow. He does not know yet whether he will continue his headquarters in the Schuylkill region. The windows in several houses were broken this morning by unknown parties. A detail of soldiers may be sent to Nanticoke to keep order. The strikers had their pickets out at all the mines this morning the same as usual and wherever they could they persuaded men who wanted to go to work to return to their homes.

Policeman Assaulted.

David Akew, a coal and iron policeman, was assaulted by strikers at Brookside, in the northern part of the city, this afternoon and left on the street dead. He was removed to the hospital in a critical condition.

President Mitchell and his advisers at strike headquarters say the presence of the troops in Luzerne and Lackawanna counties has had the effect of strengthening the ranks of the strikers. An early collapse of the strike is the last thing Mr. Mitchell looks for. The local coal operators claim the usual amount of coal was mined today. One hundred and fifty miners left here for Ohio today where they have secured work in the soft coal mines.

TWO STRIKERS HELD TO BAIL.

Patrick Brann and Patrick Loftus were charged with rioting. Special Agents of the Scranton Tribune.

Pittston, Sept. 25.—Constable William Morrow last evening landed two of the twenty-five men for whom warrants had been sworn out before 'Squire Ehret for participation in yesterday's riot at the better colliery. They were Patrick Brann, of Sturteville, and

Patrick Loftus, of West Pittston, the one president of the other secretary of the Exeter colliery miners' local. They were held under \$500 bail each on the charge of rioting and felonious wounding. They were arrested this morning by Special Agents John Stead and John Schone. The first was held under \$1,000 bail, and the latter under \$2,000 bail.

Three companies of the Ninth regiment, B, L and I, of Wilkes-Barre, and Company M, of West Pittston, were sent to the Exeter colliery this morning in anticipation of trouble. The companies landed at the colliery at 5 a. m., and went inside the stockade. Large crowds assembled in the vicinity of the colliery, but no demonstrations were made, although twenty-five or thirty workmen went to work. Between 8 and 9 o'clock the companies left the place, everything being peaceable. The Wilkes-Barre companies returned to that place and the local company went to its armory. A carload of imports were brought to the Exeter colliery during the morning.

While everything was peaceable at the colliery, and the companies had just about left, the only act of violence reported in the district today took place at Sturteville. An Italian, who was walking through the town was chased by a crowd and took refuge in a house on Grant street. The crowd followed him here, however, and after ransacking the house, found the man hidden in the attic. He was dragged from the house, given a severe beating and then stoned from the town.

MITCHELL'S MESSAGE TO INDIANAPOLIS NEWS

Says Reports of Lawlessness Are Exaggerated—No Serious Outbreak; No Reign of Terror.

By Exclusive Wire from The Associated Press. Indianapolis, Ind., Sept. 25.—President John Mitchell, of the United Mine Workers of America, in a long distance telephone message to the News today, said that the reports of lawlessness in the strike region are greatly exaggerated. There has been no serious outbreak. There have been individual acts of lawlessness, but nothing more has approached concerted moves on the part of the strikers.

The miners do not reign of terror and the miners are conducting themselves as peaceably as when the strike started. It is not for me to criticize the state authorities in sending out troops to the strike region, but I do not see any more need for troops than there was at the time the strike began.

AN APPEAL FROM ERIE.

Chairman Rynder Points Out the Way to Settle Strike.

By Exclusive Wire from The Associated Press. Erie, Pa., Sept. 25.—The following appeal was forwarded to Governor Stone tonight: William A. Stone, Governor of Pennsylvania.

Dear Sir: You have executive power. The people should take military possession of the anthracite mines and set them at work, giving the miners working conditions which they propose and which the coal combine refuse to arbitrate. I am sure that you will do you honor to the state of Pennsylvania. To that is amenable. You are now preserving the peace by the military power of the state. The power of the state is in your hands. I pray you exercise executive power, public and justice, and the people of the whole country will do you honor. (Signed) Theodore P. Rynder, State Chairman, People's Party of Pennsylvania.

READING ACCUMULATES COAL.

Ten Thousand Tons Promised by the End of the Week.

By Exclusive Wire from The Associated Press. Reading, Sept. 25.—Since yesterday morning until this afternoon the Reading company's reports show that it has brought down 100 cars, or 800 tons of coal. About half of this was mined anthracite and the remainder washery coal.

The company is accumulating the coal now produced in the western Schuylkill region and probably 10,000 tons is promised by the latter end of the week.

MORE WELSH COAL ARRIVES.

Four Thousand Tons Received in New York City.

By Exclusive Wire from The Associated Press. New York, Sept. 25.—Four thousand tons of Welsh coal, chiefly large size anthracite, reached here today. None was offered for sale, as all had been contracted for before the order was placed by the local company, which makes the importation.

All day the officers of the company were besieged by coal dealers, eager to obtain some of the coal, or to place orders for shipments to be made hereafter. The price at which the Welsh coal is quoted could not be learned.

RACES POSTPONED.

By Exclusive Wire from The Associated Press. Terre Haute, Ind., Sept. 25.—The grand circuit trotting races have been postponed until tomorrow.

Alcatraz, Pa., Sept. 25.—Today's races were postponed on account of rain.

Columbus, O., Sept. 25.—The fall race programme for today was again postponed on account of rain.

Baltimore, Md., Sept. 25.—The light harness race at Gentlemen's Driving park was postponed today on account of rain.

THE CONNECTICUT DEMOCRATS.

Ticket Nominated at New Haven Yesterday.

By Exclusive Wire from The Associated Press. New Haven, Conn., Sept. 25.—The Democratic state convention adjourned at 5.15 tonight, after a session lasting all day. A full state ticket was nominated and a platform adopted, and the convention which had promised to be one of the most bitter in the history of the party in this state, closed in harmony. The ticket nominated follows: Governor—Melbert C. Cary. Lieutenant Governor—E. Kent Hubbard. Secretary of State—Arthur B. Calkins. Treasurer—Phillip Hugo. Comptroller—John Kidford. Attorney General, Noble E. Pierce. Congressman-at-Large—Homer S. Cummings.

The platform re-affirms allegiance to the Democracy of the nation and pledges faith in its principles. The most stringent enforcement of all legislative laws against trusts and the passage of such new laws as are required to supplement and give potency to existing statutes are demanded.

Reciprocity with Cuba is favored, and an immediate reduction of the tariff on Cuban imports is urged. Other planks protest against the granting of ship subsidies, favor the election of United States senators by popular vote, and demand legislation to prevent "government by injunction."

THE TREASURY SYSTEM CRITICISED

Former Comptroller of the Currency Eckels Is Severe in His Address Before the Bankers.

By Exclusive Wire from The Associated Press. Philadelphia, Sept. 25.—The United States treasury system came in for a severe criticism today at the hands of former Comptroller of the Currency James H. Eckels, before the Pennsylvania Bankers' association. His address was on "The Government's Relations to the Citizens' Business Affairs." He said, in part:

The plea which I make is for less governmental intimacy and influence in the business world, and against which I enter is against the ever-recurring invoking of the sovereign power of legislation in matters of banking, trade and commerce.

The glaring inadequacy of the treasury department as at present working under the operation of law, for accomplishing its ends, and the fact that it never more strongly evidenced than today. There can be no secretary of the treasury, no matter how wise his experience or acute his financial perception, who can accomplish more than a temporary makeshift for relief with the half-created banking system.

The following were elected delegates to the National Bankers' association: W. W. Ramsey, Pittsburg, and J. Wagner, jr., delegates at large; L. R. Lee, Philadelphia; I. W. Spange, Reading; W. H. Peck, Scranton; J. G. Reading, Williamsport; James Barry, Harrisburg; J. G. Evans, Altoona; D. L. Gerard and R. W. Wardrop, Pittsburg.

JUDGE PENNYPACKER'S TOUR.

He Addresses Large Crowds at Beaver Falls and Sharon.

By Exclusive Wire from The Associated Press. Sharon, Sept. 25.—Judge Samuel W. Pennypacker discussed the situation at Beaver Falls and this city today. After a brief stop over in Pittsburg the party, consisting of Hon. W. M. Brown, candidate for lieutenant governor, and Hon. James W. Latta, went direct to Beaver Falls, where a big meeting was held in the opera house. Judge Pennypacker discussed state issues, in refuting accusations made by the Democratic candidate that the Republican legislature is corrupt.

Tonight at Sharon he discussed franchises. His speeches were liberally applauded.

The candidate will be here until noon tomorrow, when he will go to Butler, Pa. Candidate Brown and General Latta made speeches at Beaver Falls and Sharon.

STRAY SHOTS AT LEBANON.

Colored Puddlers Still at Work, but Badly Frightened.

By Exclusive Wire from The Associated Press. Lebanon, Pa., Sept. 25.—There was some stray firing in the vicinity of the American Iron and Steel company's plant tonight but no one was injured. It has been raining all day and the streets are deserted. Most of the soldiers are at the armory, but pickets are stationed about the big plant. The coroner will tomorrow hold an inquest in the case of William Hoffman.

The colored puddlers are still at work but some are so badly scared that they declare they will leave town if the soldiers are withdrawn. They live in temporary buildings inside a stockade on the company's property and nearly all are armed with either revolvers or shot guns.

Alger's Candidacy Endorsed.

By Exclusive Wire from The Associated Press. Grand Rapids, Mich., Sept. 25.—The candidacy of former Secretary of War R. A. Alger for United States senator to succeed the late James McMillan, was endorsed today by the special Republican state convention called to select a candidate for supreme court judge to succeed the late John D. Long.

United States Marines Drive Insurgents from a Panama Passenger Train.

THE REBELS FLED BEFORE THE COLT GUN

A Party of Insurgents Board a Panama Train in Order to Capture a Colombian Officer—Colt Gun Trained to Drive Off Party Which Attempted Search on Railroad Today—Insurgents Fled—Our Forces Guarding Whole Line.

By Exclusive Wire from The Associated Press. Washington, Sept. 25.—The navy department has received two cable dispatches from Commander McLean, of the "Columbian," first, dated at Colon today, reports: "Wednesday afternoon 300 insurgents attempted to board train about leaving Empire Station and capture Colombian officer, passenger Colon to Panama. Marine knifed insurgent officer with butt of musket. Guards trained Colt gun on them, but did not fire, as they fled."

The second dispatch, dated yesterday, follows: "Insurgents and two companies marines railway station and wharves, Panama, one company marines Colon. Marines sharing duty with sailors, who had been doing all guard duty. Placed Mason command force doing duty ashore."

Commander N. E. Mason was sent down to Colon to relieve Commander McLean of the command of the "Cincinnati," but, as indicated in the above dispatch, he is to co-operate with him there for a time.

WORST WRECK ON BESSEMER.

Head-on Collision Between Two Freight Trains Near Mercer.

By Exclusive Wire from The Associated Press. Mercer, Pa., Sept. 25.—The worst wreck in the history of the Bessemer road was occasioned by a head-on collision between two freight trains at a point two miles east of Mercer today, in which four were killed and three injured. The dead are: J. K. MACKAY, conductor, married, Greenville; CHARLES BILLINGTON, engineer, Greenville; PETER LOFF, fireman, Aldon; C. H. CASKEY, fireman, Greenville.

The wreck was caused by a cross-order issued for the two freight trains. At present the blame cannot be ascertained. Three engines and eight steel cars are badly wrecked. The injured are being treated at the Cottage State hospital and will recover.

BRUTAL KILLING AT GRASSY ISLAND

Hungarian Strikers Crush a Workman's Skull and Dance About His Prostrate Form.

EIGHTH REGIMENT HAS ARRIVED

Will Go Into Camp Today Near the William A. Colliery. Across the Lackawanna County Line—Troops Called to North Scranton—Have Hard Day of It in Camp.

Yesterday's rain somewhat discouraged the congregation of mobs, but there were a number of incidents, one of them an atrocious murder, which occurred within half a mile of the Thirteenth camp.

Troops were summoned within the city of Scranton for the first time last night, when a call was made for protection at the Storrs colliery in North Scranton. A company of militia was on guard there all night. Stone throwing at Forest City last night resulted in the soldiers being ordered to form and load for firing. The mob melted away before the loaded guns.

Troops were called to the Pancoast colliery at Throop to disperse a mob which was tearing up railroad tracks.

A plucky colored woman, at Jessup, armed with a revolver, escorted a non-union man through a big crowd that was trying to get hold of him and, then, when the crowd attacked her house with stones she scattered it by peppering a dozen men with bird shot.

The two soldiers accused of assaulting non-union men were drummed out of camp and then arrested by the civil authorities. Cold and wet weather made camp life miserable but the hospital is yet to have its first occupant.

The Eighth regiment arrived at Duryea yesterday from Shenandoah, and will today go into camp on the Luzerne side of the county line.

JAMES WINSTON WAS BRUTALLY MURDERED

What is probably the most atrocious assault that has occurred since the beginning of the strike, took place yesterday morning at Grassy Island, a mile from the camp of the Thirteenth regiment.

James Winston, aged 48, was killed, and his son-in-law, S. J. Lewis, badly injured by a trio of Hungarians, abetted by ten or more of their countrymen.

The assault took place about 7 o'clock, as Winston and Lewis were on their way to work at the Grassy Island colliery. To avoid passing through the village street, it has been their custom to go out from the rear of their countrymen.

They were followed by a small crowd of strikers. One company of soldiers, in command of Captain Bigelow, which had been left behind at Forest City, was patrolling the street, and seeing the mob, hastened to give protection to the non-unionists. Just about this time stones were thrown by the mob and some of them fell near the soldiers. Captain Bigelow formed his men in a firing line, ordered them to load their pieces, and then addressing the mob told them if another stone was thrown he would give the command to fire on them. The crowd melted away.

One man, who was making a show of resistance, was arrested by the soldiers and locked up in the house house. He gave the name of John Karlis.

DISPERSED A MOB.

Early yesterday morning, troops were called to disperse a mob which was tearing up the tracks to the Pancoast breaker at Throop. They had desisted before the soldiers arrived. The tracks were repaired, under guard of the soldiers.

Another company of soldiers went out yesterday to protect George W. Lobe, a watchman at the Johnson colliery, who was arrested on the charge of pointing a gun at a striker, John Kominski, and who was to be given a hearing before Burgess Kennedy. The hearing took place without disorder. Lobe gave bail in the sum of \$500 for his appearance at court.

Troops were summoned within the city limits, last night, for the first time. An engineer bound for work at Storrs shaft, No. 2, of the Delaware, Lackawanna and Western company, at 5 o'clock was held up by a crowd of strikers and compelled to turn back. Word was sent to the company's office, and notification given Sheriff Schadt. He referred the case to Colonel Watres, and a company of the Thirteenth was dispatched to the scene on Ontario and Western special, arriving at 8 o'clock.

DESCRIPTION OF MEN.

The following are descriptions of the murderers, furnished by the Delaware and Hudson company:

Harry Simrault—About 5 feet 6 inches tall, weight about 150 pounds, very fair complexion, good looking, red face, clean shaven, blue eyes, apparently about 32 years old, short hair, very light colored, wore light brown suit in fairly good condition, sack coat, black derby hat and black shoes.

Harry Shubah—About 5 feet 5 inches tall, thick set, weight 150 pounds, dark complexion, slightly buck-marked and rather thick lipped; small brown mustache, dark hair cut short; appears to be about 29 years of age; has generally been wearing overalls and dark sack coat; black stouch hat and black shoes.

A reward of \$500 is offered by the company for their detection. Six men and one woman, who were in the crowd in Shubah's house, were arrested and held in \$1,000 bail for court as witnesses, by 'Squire Cummings. They are George Guglick, John Shikowsky, Mike Kilopinski, Andrew Bodick, Andrew Romayne, Thomas Polubek and Mrs. Harry Shubah.
