Of Hornellsville, N. Y., Hands  
Down an Important  
Decision

Judge James H. Glangy of Hornellsville, N. Y., and one of the most prominent members of the bar in that historic town, decided recently that as against Blood and Liver trouble, Dr. David Kennedy's Favorite Remedy was worthy of the highest praise. He says:

"I have used Dr. David Kennedy's Favorite Remedy and strongly recommend it for its good effect in my case for liver trouble and blood disorder. It built me right up and I improved greatly in health."

Geo. H. Tiff of 878 River street, Troy, N. Y., suffered from liver trouble and his blood was all out of order and after using "Favorite Remedy," has this to say:

"For anyone suffering from that run down or tired out feeling, caused by blood or liver trouble, Dr. David Kennedy's Favorite Remedy is the best medicine you can buy. I have used it and I know."

The one sure cure for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, is Dr. David Kennedy's Favorite Remedy.

It matters not how sick you are, how long you have suffered, or how many physicians have failed to help you, Dr. David Kennedy's Favorite Remedy will cure you if a cure is possible.

It is for sale by all druggists in the New York State and the regular \$1.00 size bottle—less than a cent a dose.

BRUTAL KILLING  
AT GRASSY ISLAND

(Concluded from Page 1.)

o'clock. The soldiers were hurried to the colliery and spent the night there. At 10 o'clock last night some shooting was heard by those in camp. The reports seemed to come from beyond the hill at the eastern edge of the camp. Whether or not it was the soldiers who did the shooting was not learned, but the reports sounded like those of Springfield. There is a company of soldiers on duty on this hill every night. No message had come from the company up to midnight.

## A BRAVE WOMAN.

Wednesday night, after the strikers' hunt for non-union men at Jessup had been broken up by the soldiers, the town was at peace for several hours, but late in the evening the trouble was

MAJOR W. E. KIEFFER,  
Regimental Surgeon.

renewed by the discovery of a non-union man in the hotel of George Marshall, colored, near the Sterrick Creek breaker. The proprietor is ill in a Scranton hospital and his wife is conducting the hotel alone. A crowd of thirty or forty, which was assembled outside the hotel, waited for the non-unionist to come out, but he, of course, did not dare show himself. Growing impatient, the crowd advanced threateningly towards the hotel, but before they had proceeded many yards, Mrs. Marshall faced them with a revolver and threatened to shoot the first man who came on her property. Then bidding the non-union man precede her, Mrs. Marshall kept the crowd off with her revolver and safely escorted the non-unionist to the Sterrick Creek stockade.

Upon her return she found the crowd wreaking its spite by bombarding the hotel with stones. She ran inside, grabbed a double-barreled shotgun, and taking a position on the porch, banged into the crowd. There were yelps and curses and cries from a dozen men who had been peppered with birdshot, and the crowd took to its heels. Mrs. Marshall went in, coolly reloaded the gun, and took her place behind the bar.

A mass meeting of mine workers was held at Olyphant yesterday, and a resolution was passed censuring Sheriff Schadt for calling out the troops. Addresses were delivered by Stephen Reap, Timothy D. Hayes, Rev. P. J. Murphy, and others.

RAIN MADE CAMP  
VERY DISAGREEABLE

Heavy cold rain, which fell all day, made camp life for the soldiers so positively miserable that it scarce made up for the lessening of their duties incident to the discouragement it lent to the congregation of mobs.

Quartermaster Vandling was busy all day erecting cook shanties, putting in floors in the tents, drawing off pools, and doing whatever else was possible to relieve the discomforts attendant upon the rain.

Despite the inclement weather and their hard work, the soldiers are keeping perfect health. The hospital has not as yet had a single patient. There was a big business done in rubber boots at the camp, yesterday. Scranton stores had to contribute largely from their stocks to help the Olyphant dealers supply the demand.

Details patrolled the whole region around the camp Wednesday night, and again last night. Eight different detachments were out in last night's storm.

Sergeant Mallia and Private Bryden, of Company C, who were convicted before a court-martial for an unprovoked assault on two non-union miners, Tuesday morning, were yesterday visited with a severe punishment. They were dishonorably discharged from the service, stripped of their uniforms, dressed in overalls and drummed out of camp.

## THEY WERE ARRESTED.

On stepping across the lines, they were taken into custody by Detective Martin Crippen, of the Delaware and Hudson company, on warrants charging assault and battery, sworn out by Thomas Jerome, an Italian, and Thomas James, a 15-year-old boy, the two who were assaulted. They were given a hearing before Alderman Kasson and held for court in \$500 bail each.

Yesterday the Thirteenth camp was named in honor of the late General Charles A. Wyckoff, of Easton, a hero of the Civil and Spanish wars.

William Burnett, the guard at the Raymond colliery who is charged with having shot Joe Silinski, a striker, Tuesday morning, at the Ridge, was released by Squire Munley, at the intercession of Rev. T. P. Comerford, and turned over to the county authorities, who placed him in the county jail. Yesterday he was taken before Judge Edwards and allowed to enter bail in the sum of \$2,000 for his appearance at a hearing at 1:30 this afternoon. P. E. Platt became his bondsman. In the meantime the condition of the wounded man will be officially ascertained. It is now thought he will recover.

The two Hungarians captured by Sergeant Major Vail at Piceburg, Wednesday, were turned over to Sheriff Schadt, yesterday. They are in the county jail awaiting a hearing on the charge of rioting.

Chief, Musician Bauer reported yesterday to Colonel Watres and will today have his band in camp. The colonel was willing to allow the band men, who are members of the Lyceum orchestra to go to Scranton to play for

shows, but when he found that it was necessary for them to attend an afternoon rehearsal before each show, he decided it would not be feasible to let them off, mainly because of the necessity of their presence at guard mount at 3 p. m.

In compliance with his contract with the Lyceum management, Prof. Bauer will furnish a temporary orchestra that will be able to attend both the rehearsals and the performance. It will be made up of members of his present orchestra who are not bandmen, and other local musicians.

## WORKMEN STOPPED.

Persistent efforts have been made during the past few days by strikers to persuade the workmen at the Oxford and Dodge mines, and the Mt. Pleasant, Diamond, Hampton and Bellevue washeries to quit work, and they have succeeded in bringing out a number of men. As far as could be learned, no violence has occurred.

A number of Italians, who reside in Dunmore, and are transported to and from work each day by the Delaware, Lackawanna and Western company, were intercepted yesterday morning as they were starting to work, and several of them were persuaded to remain at home.

Frank Kozowski and Anton Zagodsz, the two Poles arrested by Sergeant Vail for flourishing an axe and knife in the faces of a detail of soldiers at Piceburg on Wednesday, were arraigned before Alderman Kasson yesterday morning, on charges of inciting riot. They were committed.

They had spent the night in the guard house at camp and were surrendered to Sheriff Schadt yesterday morning. During the afternoon they were taken before Judge Edwards and held in \$500 bail. Frank Kozowski, of Piceburg, furnishing the required bail for both.

Mrs. Mary Kozowski, of Piceburg, was arraigned before Alderman Kasson yesterday afternoon, charged with assault and battery in throwing stones at Deputy Sheriff Miles McAndrew and John Aiken, while in the performance of their duties. She waived a hearing and entered bail for her appearance at court.

## WARRANTS ISSUED.

Warrants were also issued by Alderman Kasson yesterday for the arrest of Joseph Belfowski, Joseph Cheutelski, Frank Rengla and Mrs. Peter Naroznie, on the oath of Frank L. Northrup, charging them with inciting a riot. The hearing was to have been held yesterday afternoon, but all of the accused were not present.

Carl Shefnesky, alias Carl Ullman, was arraigned before Alderman Kasson, charged with interfering with Constable Richard Barron in the performance of his duty. He was held in \$300 bail for his appearance at court.

The city police are looking for a number of soldiers who have deserted from the Thirteenth regiment since the orders calling them out were issued. If any of them can be found they will be placed under arrest.

The members of the police force are being drilled daily in the use of the new Winchester "riot" guns by Sergeant Reese Jones and Patrolman Huntington, two of the most expert members of the force in the use of firearms.

It is understood that if there is any serious outbreak in the city the police force will be called upon to quell it before any outside assistance is asked for. In fact, under ordinary circumstances, even with no soldiers in the field, the police force is the only bulwark the city has to protect herself from a mob.

Despite the inclement weather, a great number of persons took advantage of the occasion and went to Olyphant yesterday on the trolley cars to see the soldiers' camp. Both the Thompson line and the Carbondale line are convenient to the camp, and in all likelihood a special service will be necessary to accommodate the great crowds who will undoubtedly visit the camp during the course of the next couple of weeks.

EIGHTH REGIMENT  
IS NOW AT DURYEA

Eight companies of the Eighth regiment, comprising the First and Second battalions, arrived in Duryea shortly after 4 o'clock yesterday afternoon, under command of Colonel T. F. Hoffmann. Owing to the severe rains, no attempt was made to set up a camp.

There are thirty-two officers and 422 enlisted men in the eight companies. The Eighth, which has been stationed at Shenandoah since July 23, left that place at 11 o'clock yesterday morning and arrived at Pittston Junction, via the Lehigh Valley out-of branch, at 4:10 o'clock. General Gobin and his staff had preceded the company about an hour and a half, coming via Wilkes-Barre.

A camping site was chosen on the hillside back of the William A. Colliery, in Lackawanna county, just over the Luzerne border. It is an excellent location, commanding a view of all the surrounding towns.

The general and staff returned to Pittston Junction at 4 o'clock, in time to meet the Eighth regiment, and then returned to Wilkes-Barre with Colonel Dougherty, of the Ninth regiment; Major W. S. Millar, adjutant of the Third brigade; Major Farquhar, judge advocate, and Captain Fred R. Drake, aide-de-camp.

The men were quartered last night in the old store room formerly occupied by Fuller & Co. as a company store and office, located near the Phoenix breaker, at the lower end of Duryea, and now owned by the Lehigh Valley company. If the weather permits, the regiment will go into camp today.

Since the arrival of the soldiers, peace has reigned in the vicinity, and most of the saloons were closed last night.

General Gobin and staff will likely make their headquarters at Hotel Sterling, Wilkes-Barre. Up to 9 o'clock last night no orders had been issued to Colonel Hoffmann, and he stated that nothing had occurred to cause any alarm.

One of the companies was stationed at the Phoenix colliery engine room during the night, owing to the crowded condition of the old company store building, and a number of the officers also spent the night there.

To visit the soldiers' camp at Olyphant, take the Throop or Carbondale car; both are convenient to the camp.

NEW SCHOOL OPENED.  
Formal Dedication of New No. 29  
Conducted Yesterday.

The handsome new No. 29 school on Fourth street near Broadway was formally opened yesterday afternoon with appropriate exercises in the presence of several of the school controllers and parents of the children attending.

The exercises were conducted in the large hall on the ground floor, from which open off four rooms. Those in attendance occupied seats in this hall and in the rooms. Prof. P. F. Durkan, the principal, presided, and those occupying seats in the centre of the hall were as follows: President John Gibbons, of the school board; Secretary E. D. Fellows, School Controllers T. J. Jennings, P. J. Murphy and Dr. John O'Malley and Rev. W. P. O'Donnell, pastor of Holy Cross church. A number of short addresses were made.

## MUST RESUME WORK.

Donahoe & O'Boyle Directed to Proceed with Sewer.

Superintendent Phillips, of the bureau of engineering, has notified Donahoe & O'Boyle, contractors for the sewer on Wyoming avenue, between New and Ash streets, that they must resume work at once, so as to finish the job before winter sets in, if possible.

The sewer was interrupted several months ago, but a bed of quicksand was encountered by the contractors, over a month ago, between New and Phelps streets. The contractors discontinued work at that time, and accord-

ing to Superintendent Phillips, have since made no effort to resume it.

"Sewer contractors must expect to run in hard luck some times," said he, yesterday. "I have directed Donahoe & O'Boyle to go on with this work and shall insist that they resume operations."
