Harrisburg, Sept. 29.—The Fourth regiment has been added to the state force of troops on duty in the anthracite strike region. Sheriff Dietrick called upon General Gobin tonight for troops to suppress the rioting in Northumberland county. The general called upon Governor Stone by telephone and stated the situation, after which the executive ordered out the Fourth regiment.

A portion of the regiment will be located at Shenandoah and the remainder at Mount Carmel. Two of these companies of this regiment have been in the field for two months. The headquarters of one is at Pottsville; the other is located at Pine Grove. The remaining companies are located in Lancaster, Lebanon, Lehigh and Berks counties.

Shamokin, Sept. 29.—Sheriff Dietrick tonight asked Governor Stone to send troops to Mount Carmel at once. They are expected to arrive tomorrow morning. The sheriff and a posse left here late this evening for the Richards colliery, between this place and Mount Carmel, to guard non-unionists from being attacked by a mob of one thousand strikers, assembled on the hills near the colliery. The sheriff swore in a number of deputies tonight at the request of the Pennsylvania railroad, to guard trains between here and Mount Carmel, owing to a mob holding up a train today near Green Ridge, when Lieutenant Andrew Brittain, a Union company policeman was wounded in the back by a load of buckshot, fired by a striker. His wounds are not serious.

MYSTERY IN THE AIR.

The Strike Leaders Confer with an Unknown at Philadelphia.

By Exclusive Wire from The Associated Press.

Philadelphia, Sept. 29.—A mysterious conference took place in this city today between President Mitchell, of the United Mine Workers of America; Secretary-Treasurer W. B. Wilson, District Presidents Nicholls, Duffy and Fahy, and an unknown person, whose identity the other parties to the conference refused to divulge. At the office of the Philadelphia and Reading Railway company it was stated positively that no official of that company had been present at the meeting. A member of Mr. Mitchell's party, who declined to give the name of his name, made the following statement:

"Anyone can readily understand that only a matter of the first importance in relation to the strike would bring President Mitchell, Secretary Wilson and District Presidents Nicholls, Duffy and Fahy, who form the executive board of the United Mine Workers, to this city together. There must necessarily be continued conferences and negotiations with the coal operating interests before the strike can be settled."

Messrs. Mitchell and Wilson arrived here at 7:30 o'clock this morning from Pittsburg, where they had held a conference last Friday. The three district presidents and John J. Keegan, business agent of the International Association of Machinists, met the miners' chief at the railroad station.

After a hasty breakfast the party proceeded to the office of Mr. Keegan. After remaining there about thirty minutes President Mitchell summoned his associates and the five miners' officials were there closeted with the mysterious personage for nearly three hours.

At the conclusion of the conference Mr. Mitchell and the three district presidents left over the Pennsylvania railroad for Wilkes-Barre and Secretary Wilson departed for Indianapolis.

Senator Quay was not in the city and Senator Penrose denied having any communication, directly or indirectly with Mr. Mitchell. Before leaving the city Mr. Wilson said:

"You can state emphatically that Mr. Mitchell's visit has nothing to do with politics and is without political significance."

President Mitchell declined positively to make any statement concerning the object of his visit here.

Wilkes-Barre, Sept. 29.—President Mitchell and District Presidents Nicholls, Duffy and Fahy, of the United Mine Workers, arrived in town tonight from Philadelphia. Mr. Mitchell positively refused to make any statement to the object of his visit to the Quaker City. The district presidents were also silent. A large crowd of labor leaders awaited President Mitchell's arrival, and it was expected that he would have something important to say. The feeling is very strong in the headquarters that a settlement of some kind is pending, but there seems to be no basis for such a belief.

Buffalo, Sept. 29.—The New York and Buffalo express on the Lehigh Valley railroad was partially wrecked as it was entering the depot in this city at midnight. One of the Pullman cars left the track as it was crossing a switch and crashed into a freight engine standing on a siding. One side of the Pullman was crushed in, and the car almost turned completely around.

The passengers escaped as if by a miracle. As the train was running slow, the others cars did not leave the track. After a half-hour's delay the train proceeded on its way.

BRIDGE CARRIED AWAY.

Two Honesdale Men Have a Narrow Escape from Drowning.

Special to the Scranton Tribune.

Honesdale, Sept. 29.—The heavy rain and rapid rise in the Lackawaxen river gave fear on Sunday as to the safety of the Main street temporary wooden bridge. During Sunday night a large quantity of driftwood lodged against the bridge. At 5:30 Monday morning the center of the bridge was forced down, stream several feet and remained in this condition until 8 p. m., when a portion of the bridge was carried away. Notwithstanding the dangerous condition of the bridge, people continued to pass over, and when it went down several men were on it. They were carried rapidly down the river, but being expert swimmers they both succeeded in reaching the shore before they reached the dam.

A portion of the bridge still remains, but the whole structure must be rebuilt. Communication now with wagons is had by way of the brewery bridge, at foot of Parker street, and the downtown bridge.
