tern company, placed it on a switch near the Elm street crossing and went out with his horse and wagon buying coal from pickers with a view of shipping it to New York. He bargained with a crowd of pickers at the Connell & Co. dump, at Meadow Brook for about thirty tons of coal at \$1.50 ton. When he went off with his first load one of the pickers trailed him up and discovered him delivering the coal at his car. When the peddler returned to the dump, he was given some rather rough treatment and stoned out of the neighborhood.

SCHOLARS REFUSE IN PUBLIC SCHOOLS

President John Gibbons of the Scranton school board, was unpleasantly surprised yesterday when the children of No. 11 school, which is right opposite the home of Mr. Gibbons on Pittston avenue, left their desks and went on strike, because the coal, which is being used to heat the building, had been mined supposedly by non-union men.

The old No. 11 school, has been torn down to make way for a new building and the various classes are being taught in temporary quarters. The trouble originated in a class which is being cared for in rented rooms near the new church. It was whispered about that the stove was being fed with non-union fuel, and the children quit the room in a body.

Two loads of picked coal were delivered early yesterday morning at No. 16 school on Chestnut street and there was murmuring of impending trouble in the air when the pupils assembled. A number of the boys decided against remaining under the same roof with these two loads of "scab" coal, as they called it, and about forty failed to show up at roll call.

CALLED THEM SCAB.

When recess time came these forty boys gathered in the school yard and taunted the other children, calling them "scabs." So critical did the situation become and so fearful were the teachers that a general fight would result, that a policeman was summoned to preserve order. Nearly all of the strikers were back in school in the afternoon.

The second strike of the school children in the vicinity of Carbondale since the miners went out, occurred yesterday forenoon, when over sixty pupils at the Southeast district school of Carbondale township caused quite a buzz of excitement in the southern part of the city.

Taking umbrage at the presence of a half dozen children whose fathers are at work about the mines, the boys of the school, sixty-four in number, left at the recess in the morning, and with lusty shouting, marched away, leaving behind the girls of the school and the half dozen who were the excuse for the demonstration.

Before the afternoon session, the children printed banners reading: "The Union, the Union Forever," "No School Until the Scab Fathers Quit Work." With these at their head, they marched to the school at Mayfield yard, where an unsuccessful attempt was made to induce the boys there to leave. It is expected that there will be another demonstration today.

A slight explosion occurred in the Oxford mine on Monday, in which John Prabel, of West Scranton, was injured. He was taken to the Lackawanna hospital, where he was learned his injuries consisted of a lacerated scalp.

Frank Lopka, of Pittston avenue, a member of Company B, Thirtieth regiment, was arrested by Patrolman Victor Sartor yesterday on the charge of desertion, having failed to report for duty at camp. He was taken up by officers last night and placed under arrest.

Joseph Visconesky, Bennie Latuszko and John Stosling, all striking miners living in Throop, were arrested by Constable Donlin, of Alderman Kellogg's court, on a warrant of Throop, yesterday, on a warrant sworn out before Alderman George F. Kellow, on the charge of assaulting William Tur, a non-union man from Pittston, who, at the time of the assault, was passing through Throop. The men were brought before the alderman, but the hearing was postponed until tomorrow.
