## Reorganization of the West Side Republican Club—Other Matters of General Interest.

The special meeting to consider the advisability of reorganizing the West Side Central Republican club, and to hear the report of the committee appointed to draft the constitution and by-laws, was held in the rooms last evening, and was attended by a large representation of the membership.

It was the sense of the meeting that the club be reorganized on much broader lines than has heretofore characterized it, and the plan and scope of re-organization was fully discussed and decided upon, but will come up for final adoption at the regular meeting to be held tomorrow evening, when every member is expected to be present to vote on the proposition.

The name will be the West Side Republican club, of Scranton, Pa., and will have for its object the organizing, advocating and maintaining of the principles of Republicanism, to elevate and purify national, state, county and municipal politics, to direct and interest in politics those who hitherto have been indifferent to their political duties, and to encourage attendance at primary elections that honest and capable men may be nominated.

To guard and defend the purity of the ballot box, to promote the cause of good government in the county of Scranton and the county of Lackawanna, to provide a suitable place for the entertainment of the representatives of the party when visiting the city, and to do any and every other work as may seem to the best interests of the Republican party.

The members must be qualified voters, Republicans of good standing, who shall at all times adhere to and support Republican principles and candidates. The club will not act as an organization in the interest of any candidate for nomination for any office. The regular party nominees, however, may be endorsed by the club, by a majority vote of the members.

The club will consider it its duty from time to time, to recommend from its membership suitable and competent persons for public appointments.

The enlarged membership will include the representative party workers in every election district in West Scranton, and in order to enroll them before the beginning of 1903, the initiation fee will be placed at 50 cents for the balance of October, November and December.

Officers for the new organization will be nominated in December, and in order to give all new members an opportunity to participate in the election, they should enroll at once. Application

should be made in writing to W. Gaylord Thomas, president; Frank H. Reese, secretary; W. R. Hughes, treasurer, or any active member of the club.

It is expected the membership will be increased several hundred and that the club will become a power in city and county politics. Already a number of party workers have signified their intention of joining the club, and several applications will be considered at the regular meeting tomorrow evening.

### HE WAS PARALYZED

Mr. John Jenkins, Dunmore, Pa., says: "Seven years ago I fell down an elevator shaft and injured my spine, and as a result my legs became completely paralyzed. No one can appreciate the terrible condition I was in except those who have gone through the same ordeal. From a strong, vigorous man I had been transformed into a helpless cripple. I could only walk by the aid of crutches, and only then with the greatest difficulty. Having read about the almost miraculous cures that were being performed daily by Doctor Byers' offices, I was induced to try his treatment. I began to improve almost immediately, and this improvement was so satisfactory that I present you with this testimonial. I began to improve almost immediately, and this improvement was so satisfactory that I present you with this testimonial. I began to improve almost immediately, and this improvement was so satisfactory that I present you with this testimonial."

### LUNG TROUBLE

Mr. John Welsh, Carbondale, Pa., says: "My trouble started some time ago. I had a severe cough, which annoyed me greatly. I lost flesh rapidly and became greatly emaciated. My appetite was poor, and food did not seem to nourish me. In fact, I had all these symptoms that are characteristic of a consumptive. I tried doctor after doctor without relief. I was forlorn and hopeless, and concluded I was destined to fill a consumptive's grave. Having heard so much about the wonderful cures being performed by Doctor Byers, I went to his office and started treatment. Today, strange as it may seem, my cough has left me, I have gained flesh, and the pallor of my cheeks has been replaced by the rosy tint of health. I am a cured man, and I give all the praise to the great Quaker Physician, whose superb skill has transformed me into a new being. His power over disease is an inherent quality which few possess."

### HE SUFFERS NO MORE.

Irvin Gearhart, 2006 Smith Place, corner Jadwin street, a well-known carpenter and citizen, says: "I don't know how can express in words sufficient praise for Doctor Byers' treatment. I had been troubled a year with pains that often kept me from work. Last August I was laid up three weeks and nearly all of January and the whole of February. The pains seemed to come through the small of my back down into the left groin. At times they were so severe that I could neither lie or sit down. I was also troubled greatly with my head. Dr. Byers' treatment cured me of all these distressing conditions."

### KIDNEY DISEASE CURED.

Mr. Fred Rentschler, 351 Elm St., says: "For a number of years I had been afflicted with what the doctors called kidney trouble. There were pains across the 'small of my back' which would at times extend around in front down toward the groin. My appetite was poor, I grew weak, nervous and could not sleep the night through. I treated with doctors here in New York and elsewhere, but they did not cure me. It was in the early part of May that I began with Doctor Byers' treatment. I improved right along until I was completely cured. I never felt better in my life than I do now."

### RHEUMATISM.

Mr. Conrad Heilig, 115 Ash St., Scranton, says: "I had been troubled with Rheumatism for over six years. In fact, my condition was so bad that I was unable to move around without assistance. When I sat down it was impossible for me to get up alone. The pain was something terrible; no one will ever be able to appreciate the torture that I endured. I tried various doctors only to get temporary relief. Finally after hearing the wonderful cures being performed by Dr. Byers' treatment I concluded to get to his office and place myself under his care. Today I am a living example of this man's superb skill. I can walk around like other people, and in fact, I am a new man in every particular. God bless the great Quaker Doctor for what he has done for me."

### BRONCHIAL TROUBLE.

Mr. William Snowden, Farewell, Wayne Co., Pa., says: "I had been troubled for over three years with a severe cough. I lost over thirty-five pounds in weight; I had no appetite, and was unable to sleep. In fact, my condition became so alarming that I had almost given up hopes of a cure. Doctors were unable to do me any good. I concluded to try Dr. Byers' treatment, and I commenced to gain in strength and weight almost immediately. Now I sleep well; my cough does not disturb me as in the past, and I am a new man in every particular. I should never cease sounding the praises of the great Quaker Doctor for what he has done for me."
