The prosecutrix was under cross examination when court adjourned at the hands of Hon. J. P. Quinnan who appeared for the defendant. Assistant District Attorney Gramer and Attorney H. L. Taylor appear for the commonwealth.

Davis had a wife and children in Wales. Miss Watkins died in the West Side hospital last March as a result of her relations with Davis, it is alleged. At the trial yesterday the commonwealth did not fully establish that Davis was guilty of the offense charged and a verdict of not guilty was directed by the judge. Attorneys O'Brien & Martin appeared for the plaintiff and Attorney James E. Watkins assisted Mr. Gramer in presenting the commonwealth's side of the

He warned him away and when he refused to go he took down his shot gun and fired a charge of birdshot at his assailants. A considerable portion of it lodged in Jordan's ankle.

The prosecution had a different story to tell. Jordan said he went to Mc-Nulty's to take home his sten-father who was drinking there with McNulty. Because of this Jordan says he was thrown out and shot. The jury was out at adjourning hour.

Barry Divorce Case.

Judge Newcomb yesterday heard testimony in the divorce case of Agnes Hallock Barry against Thomas Barry. Mrs. Barry was represented by Attorney Walter Briggs.

She testified that she was married in Albany, N. Y., on Nov. 20, 1894, by Justice of the Peace Kause. Her husband lived with her in Albany until March, 1895, when he deserted her. She continued to live in Albany until 1899, and then moved to Philadelphia, from whence she moved to this city, after living there for a year. She has since made her residence here.

George B. Kaufmann, of Albany, testified that he knew the Barrys there, Charge of Jail Breaking-Other and that Barry had deserted his wife at the time she mentioned. He abused her before he left her, he said. Kaufmann's testimony was corroborated by H. B. Nichols, of Albany.

Thre is some question as to the jurisdiction of the court in this case, because of the fact that both the marriage and the desertion were in New York state and that personal service was not made on Barry, whose present whereabouts are unknown. Attorney

### CATARRH OF THE STOMACH

A Pleasant, Simple, but Safe and Effectual Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable, The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition. The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily. thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disap-

According to Dr. Harlanson the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets, and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ills., writes; "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, this producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men, after using only one box of Stuart's Dyspensia Tablets. I can not find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for iny form of indigestion, catarrh of stomach, biliousness, sour stomach, heart burn and bloating after meals.

# THE MARKETS

Wall Street Review.

New York, Oct. 7.-There were many hades of sentiment reflected in the stock market today, but they all gave way to acute depression in the late dealings, and the day shows substantial losses throughout the list. Very large pool liquidation was accomplished during the day under cover of the earlier strength and in the heavy selling on the break. The character of the manipulation and the special stocks which were most affected by that and by the liquidation pointed to the individuality of the best known operator in the street who has espoused the long side since a recent return from Europe, and who has been supposed to be intrusted with the market interests of some of the largest financial powers, including the United States Steel stocks. Southern Pacific was very conspicuous in the dealings. A recent decision publicly announced to Issue \$25,000,000 of bonds with a view to provide funds for betterments and allow the inauguration of dividends out of earnings was the occasion of large speculative commitments in the stock. The directors have caused the announcement to be quietly made this week that the time is not now considered propitious for the market today, but they all gave way to not now considered propitious for the Southern Pacific bond issue. This is believed to be not in accord with the view of the large speculative holder of the stock who liquidated his holdings today. Pennsylvania was also heavily soid, presumably by the same large operator. The carry advance in prices offered excellent opportunity for this liquidation. The upward rush of prices at the opening was supposed to point to the completion of the liquidation which the local money situation makes necessary, and there was considerable demand from shorts and from bargain hunters who have been watching for bottom prices. Much was made of the orders by the governor of Pennsylvania to place the entire militia of the state in the field. A strong influence was exerted by the announcement from Washington that the secretary of the treasury would buy government bonds if any were offered at satisfactory prices. When the market opened, lenders of funds were demanding 12 per cent, for call loans, and the market promptly took a downward course. It was not until after midday, however, that the selling pressure gained great force. The drop from the top to the bottom level covered a wide range, but the day's net declines are much diminished by reason of the carly advances and the inal raily, which made the closing stendy. Total sales today, 912,100 shares. Bonds were weak in company with stocks. Total sales, par value, \$2,510,000, l'nited States 3s advanced 15; the new 48, 5, and the old s and 5s, 4 per cent, on the last call. not now considered propitious for Southern Pacific bond issue.
