five, but has not accomplished near what it should. It needs a revival of

"There are many young women in the league who could give themselves to the work of Jesus Christ, and go into the homes of the needy and sorrowful, carrying the sunshine of God's love into these homes. God is grateful for the work already done, but we must emphasize the fact that more work is needed along this line. In the social and literary branches of work more business is needed, as when a business meeting is called, many people make it a business of staying away. We want a revival of the spirit that means business in the work of God and the Church

#### NEED TO BE REVIVED.

"We need to be revived along serious, carnest and determined lines for the salvation of man, for the church and for God. More power is needed to operate the machinery we have, and we need a revival in the department of spiritual work and in Christian testimony. There are many accessories of power in the Christian church, and I do not underestimate the various agencles, but the weapon needed to conquer the world is the old pentecostal blessing-the tongue of fire, that the power of God might fall on young people and equip them for His work.

There are glorious possibilities in the field of Epworth League work, and God has in store for us mightier victories than we ever dreamed of, and we have come to a crisis in this work where we are to show results. There are great possibilities for God in the Epworth League, but renewed forces and revivals are needed to bring it out. Christ is calling us to service and to battle, and the time is at hand when here is a mighty work to do for God. He is on our side, and victory is ahead, let us demonstrate to the world at large that the Epworth League has come that the possession of the revival it

#### EVENING SESSION.

The closing session of the convention was called at 7.15 o'clock and lasted nearly three hours. The song service and devotions were led by Rev. C. M. Olmstead, of Guilford, N. Y. The selections by the choir under the leadership of Prof. W. W. Jones, and the Simpson Male quartette, were pleasing features of the meeting.

The treasurer, Rev. Carl Councilman, reported receipts of \$115.45; expenses, \$48.55; balance on hand, \$66.90. The resolutions committee thanked the pasfor and people of Simpson church for their hospitality, and the speakers for their helpful addresses, and the singers for good music. Dr. Upham's address and tribute to the Methodist Fathers, was the feature of the service. Among other things, he said:

"It is sometimes said by way of reproach that America has no history and that the Methodist church has no history, but we can trace our pedigree to the days of the apostles for the doctrines of the Methodisi Episcopal church are as old as the New Testament. During the last one hundred and fifty years the movement for Methodism has made earth happy and heaven populous, and it has rightfully been alled the greatest movement in the history of the world since the days of

to the lives and works of John Wesley. James Henley, Charles Wesley, whom Thomas Polk, Philip Embury, Richard Pilmoor, Frances Asbury, Jesse Lee, Elliah Hedding and others, and proclaimed them the heroes of Methodism. He also paid a splendid tribute to the missionary enterprise, which, he said, was the greatest thing of modern days for the rapid growth of Christian faith. A GREAT SCHOLAR.

"We owe," he said, "to our Methodist fathers the respect we always pay to great men, for such they were. John Wesley was one of the greatest scholars of all times, a great preacher, and an interpreter of God's word to man. Philip Embury was not an ignorant carpenter as some supposed, but a scholer and a teacher and a man of intelligence. Francis Asbury was the noblest Roman of them all and a glorious old hero, whose history is yet to be written. All were glorious men, hale, hearty and happy, who lived in the radiant sunshine of divine favor. They manifested their heroism along many lines, and we are all indebted to them for well founded and a thoroughly thought-out system of doctrine

They proclaimed a gospel which was simple, warm and for all. The doctrines of Wesleyism are the doctrines of universal Protestantism, with correct views of Christian life and activity. The Methodist Episcopal church is the church of the common people, and we must go after any man anywhere who needs salvation. God grant that you may be true to the traditions of the

At the close of Dr. Upham's address, Dr. Sweet, of Binghamton, classed the speaker as one of the heroes of Methodism, and he was greeted with the Chautauqua salute. The quartette sang "Good Night" as the closing number.

#### 20 Years of Vile Catarrh

Wonderful Testimony to the Curative Powers of Dr. Agnew's Catarrhal

Chas, O. Brown, journalist, of Duluth, Minn., writes: "I have been a sufferer from Throat and Nasal Catarrh for over 20 years, during which time my head has been stopped up and my condition truly miserable. Within 15 minutes after using Dr. Agnew's Catarrhai Powder I obtained relief. Three bottles have almost, if not entirely cured me."

A new remedy which has been remarkably successful in curing catarrh s a pleasant tasting tablet which is taken internally and acts upon the blood and mucous membranes.

It is composed of antiseptic remedies like Red Gum. Blood root and similar leansing specifies which eliminate the

atarrhal poison from the system. The tablets being pleasant to the taste are dissolved in the mouth and thus reach the throat, trachea and finally the stomach and entire alimentary canal. They are sold by druggists verywhere under the name of Stuart's Catarrhal Tablets.

If desired, when there is much stoppage of the nose, the tablets may be lissolved in warm water and used as a douche in addition to internal use, but douche is not at all necessary. #### MEETING AT WHITE HOUSE

Mr. Mitchell is not rich in optimism, it is believed generally that the differences existing between the miners and operctors will be resolved finally. It is said that while it may take a few days to bring them together, the belief s universal that the negotiations now The speaker referred in glowing terms pending will terminate the strike.

It is pointed out by one who is a recognized authority on strike controhe called the prince of lyric poets: versies, that, in the eyeth of an agree ment on a commission of arbitration it will not be absolutely necessary for President Mitchell at this time formally to declare off the strike. He and his district president may order the men back to work, holding in abeyance the formal declaration of the end of the strike until the commission shall have nade its findings, which, it is expected will be binding on both operators and

The events of the day leading up to the present situation, were entirely deold of sensations or of dramatic ineidents. Comparatively few people knew of the coming of President Mitshell, and as he is not known generally n Washington, his appearance created no stir. He came by invitation of the president, telegraphed to him last night. He arrived at 11.27 o'clock by the Pennsylvania railroad. He was not accompanied by the district mine presidents. as he was on the trip of October 3, his only traveling companion being a newspaper correspondent, who accompanied nim from Wilkes-Barre.

#### Mysterious Death at Harrisburg.

By Exclusive Wire from The Associated Press. Harrisburg, Oct. 15.-A man who gave his name as John Dooley, who mysteri-ously fractured his skull in the Pennsyl-ania railroad yards in this city died today at the haspital. Dooley was delirious after the accident and could not give a plausible story regarding his injury. He at first said that his home was in Philadelphia, but just before his death said he lived in Chicago and that his name was William Harris. The hospital authorities are at a loss to know what to do with the head:

### THE MARKETS

Wall Street Review.

New York, Oct. 15.—Further progress was made toward a higher level of prices in the stock market today, aithough there was no new actual developments in either the monetary or the coal strike situation to indicate, any material change in conditions. Nevertheless the feeling was more prevalent that the coal strike would reach an early amicable end and that measures are to be taken by Secretary Shaw that will shortly relieve the present stringency of the money market. His action was said to be in the nature of further large government bond purchases, various interests being credited with holding large amounts which would be shortly furned in. The sums named ranged from \$10,000,000 to \$20,000,000 and the report was vigorously circulated throughout the street. Whether there was any foundation or not in the rumor, the money market reflected greater case than in some time, call loans opening at 9 per cent. Considerable attention was given to the report that there would be certain modifications in the terms proposed by the coal operators for a settlement of the strike which would insure less opposition from the miners in the points contested. Nothing definite developed regarding this report though it was coivered to some extent by the heavy buying of Reading which showed considerable strength throughout the day. The dealings were smaller than usual in other stocks of this class and there was a disposition in general to await active developments before pursuing active operations in this quarter. Recent speculative leaders among the Grangers, Paclies and Southwestern stocks were bought freely and the entire market showed decided strength at one time or another. St. Paal, Louisville and-Illinois Ceutral were conspicuous in the day's dealines and made exceptional advances of two points. Prices elsewhere averaged a point pretty generally with oute an active demand in a number of specialities. The Gould stocks as a group received the most consistent support, the heavy buying of Missouri Paclie having a Wall Street Review. ite troubles, while it is now generally

pressure from realizing sales. There were occasional bursts of activity and these as a rule were marked by advancing prices. Profit-taking sales outwelghed the buying orders in the final hour and there were a number of important reactions which were not checked by a final upturn in St. Paul to the best. The closing was dull and easy. Total sales for the day, 60,700 shares. The bond market was dull today, but displayed a firm tone, Total sales, par value, \$2.45,000.
