

The News of Carbondale.

GOOD NEWS OF THE MINERS GOING BACK

A Tribune Bulletin Gives the First Intimation of the Cheerful Tidings to Carbondalians—Good Times Looked for in the Pioneer City. Evidences of This on Every Side.

There was rejoicing anew in Carbondale yesterday afternoon, when it became known that the miners in their convention at Wilkes-Barre, had voted to accept the arbitration proposition, and would return to work on Thursday.

The first news of this happy settlement was given to Carbondalians through an Associated Press bulletin posted by this department of The Tribune. This was shortly after 1 o'clock, when thereafter the entire extent of the Scranton afternoon papers reached the city with the details of the result.

There was jubilation joy as the cheerful tidings spread throughout the city, more so than when the news of the acceptance by President Mitchell of the president Roosevelt's commission. Even the faces of the numerous assurances that the convention would be favorable to the plan of settlement, there was some doubt and apprehension lest all would not be well in the meeting of the mine workers at Wilkes-Barre. But the announcement of the result of the convention, and the assurance that work would be resumed Thursday, swept aside all doubt and fear, and the pessimists and the doubting Thomases, who have had their filling the last week or more, lost their jobs.

The universal comment, after a bit of effulgence over the good news, was that there will now be the best times in Carbondale in a number of years. This is a most convincing and satisfactory sign of the confidence of the people in the great essential to business prosperity in any community. This feeling runs high among every class in the city. The condition of the bank deposits of a town is a good barometer of trade indications. It will be of interest and the greatest satisfaction to learn the opinions of the heads of the banking institutions of Carbondale.

Clarence E. Spencer, cashier of the Merchants and Mechanics' bank, when informed yesterday afternoon by The Tribune man that the miners were going back to work on Thursday, received the news with cheerful satisfaction.

"This will be splendid for Carbondale," said Mr. Spencer. "When this shaky feeling that is here gets out of the air, we will have a more cheerful and better, I imagine, in five years. It would amaze you to know how, in the face of strike conditions, we have kept up in Carbondale. We have not felt the depression as one would suppose. Our merchants do not show they have felt it. You notice that there has been no failures here since the strike. Then, take the bank deposits. In our bank, I can say that there is not a difference of two thousand dollars in our deposits between a year ago and this time, of course there is a difference of a few thousand in the spring, but the comparison I mention is true of this fall and the fall of 1901."

Cashier R. A. Jadin, of the First National bank, was just as hopeful and optimistic. "Things are really excellent," he said, "and the conditions all summer. Business men here held their own splendidly. I don't know of any weakness any place. With the restoration of confidence that should follow, we ought to have good times in Carbondale."

What merchants say confirms the opinion of the bank cashiers. The member of a Main street firm, a leading business house of Carbondale, averred that the best cash business in the history of the concern has been done the past six months. Very little credit was part of the business, but because it would not be granted, but because it was not requested. Those only bought who felt the actual necessity, and then cash was produced.

The receipts of the postoffice are another bright indication of the conditions. The day after the strike settlement news was increased threefold. The following day there was a twofold increase, which has been maintained ever since. A glance at the money orders being issued is just as interesting and convincing. It is a standard condition that this branch of the postoffice here is self-sustaining. That is, the money received on orders issued here always paid the orders received in Carbondale from abroad. During the strike, however, this condition was reversed. There were so many Carbondalians working in other places that the money they sent to the folks at home exceeded the sum on hand for the payment of outside drafts. This necessitated Postmaster Thomas making a requisition on the government for money each week. It was surprising the sum of money sent home each week by striking Carbondale miners working elsewhere. But since the news of the strike settlement, former conditions have been re-established. Money orders from abroad have decreased, and more money is now being sent away than is received.

On every side evidences multiply that confidence is being restored and that there will be a normal life in Carbondale in the coming fall and winter. The most prosperous in a number of years.

**ALLURING COFFEE.**  
Nearly Killed the Nurse.

When one of the family is sick, Mother seems to be the only person who can tenderly nurse the patient back to health. But we forget sometimes that it is pretty hard on Mother.

Mrs. Probst, of Erie, Pa., says: "About twenty-seven months ago, my father suffered with a stroke of paralysis, shutting him to his bed for months and as he wished Mother with him constantly, his care in a great measure fell to her lot. She was seventy-one years old, and through constant attendance upon my father, lost sleep and rest, and began drinking coffee in quantities until finally she became very weak, nervous and ill herself."

By her physician's order, she began drinking Father's Postum Food Coffee and Grape-Nuts, and in that way began using both herself. The effect was very noticeable. Father improved rapidly, and Mother regained her strength and health, and now both are well and strong. Mother says it is all due to the continued use of both Postum and Grape-Nuts."

**EDWARD CODDINGTON TO BE MARRIED.**  
The many friends of Edward Coddington were pleasantly surprised yesterday upon the announcement of his coming marriage to Miss Lillian M. De Forest, of Rochester, N. Y.

The groom-to-be is well and favorably known here. He was a member of the firm of Coddington & Thompson, proprietors of the Imperial dining parlors of North Main street, until the first of last April, when the firm dissolved and Mr. Coddington accepted a desk in his uncle's office—general insurance—at Rochester, N. Y. Mr. Coddington was also one of the leading spirits of the Columbia Hose company and the unique Centennial club of Carbondale. His fiancée is one of Rochester's fairest daughters, rich in beauty and worldly good, and well known

in church and charity circles in Rochester. The wedding will take place at No. 134 Linden street, Rochester, on the evening of Nov. 29.

**HYATT-SPANGENBERG NUPTIALS.**  
A very pretty ceremony united Miss Jennie L. Hyatt, daughter of Wallace W. Hyatt, to Edward Spangenberg, on Saturday night last, at the home of the bride, No. 62 Canaan street, by the Rev. W. H. Miller, of Port Jervis, N. Y., a former Methodist pastor of this city. The ceremony was witnessed by the relatives of the contracting parties. The bride and bridesmaid were beautifully gowned. The groom and best man wore conventional black.

**FATAL WRECK ON THE O. & W.**  
Sixteen Cars Loaded with Washery Coal Fell from a Trestle.

A fatal wreck occurred last night at 8 o'clock on the Ontario and Western railroad, just beyond Preston Park, about forty-five miles north of Scranton. Sixteen cars of a train of twenty-two, loaded with washery coal and bound for Cadota, went over a trestle. The engine and the first six cars kept to the track.

It is feared that one life was lost. William Smith, of Church street, Carbondale, middle brakeman of the crew, was unaccounted for up to 1 o'clock this morning, and the belief is that he is in the heap of wreckage.

The railroad officials suppose the wreck was caused by a flat wheel. The presumption is that this disabled car jumped the track, the force of the disturbance weakening the trestle, causing it to give way and plunging the cars into the ravine. This trestle has given the company a good deal of trouble ever since the construction of the Ontario and Western. It is built on a kind of quicksand, which made it difficult to maintain the road level on this portion.

The train left Mayfield yard at 2:30, and about 8:15 the wreck occurred. The crew was made up of S. Franz, engineer; Jermyn; Will Duffy, Carbondale, conductor; Peter McDonough, Brooklyne; Will Smith, brakeman. Smith, who is feared went down to his death in the wreck, was married and, besides his wife, had four children. Smith is the man who, two weeks ago, made an heroic rescue of a child at Olyphant. He climbed out of the engine cab and crept along to the pile, where he leaned over and snatched the little one from death. He was widely known in Carbondale and was exceedingly popular.

The wrecking crew of the Ontario and Western left Mayfield yard for the scene of the wreck at 10:25. None of the crew was injured, except slightly, besides Smith.

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal.

F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says: "I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water. It makes you well and strong.

**MINERS ORDERED TO RESUME WORK TOMORROW**

At certain specified times, the commission will hear evidence to be presented by the parties to the inquiry will be permitted to be present at the hearings, either personally or by counsel.

It is probable that the first sessions of the commission at which testimony will be heard will be held in Wilkes-Barre, as that city will be most convenient for the miners' representatives. Other meetings will be held in Philadelphia or New York, or in both cities.

Whether the sessions of the commission will be open to the public is a question the commission itself will have to determine, but it is regarded as quite likely that at all sessions when testimony is taken, representatives of the press will be admitted.

How long the hearings will continue, nobody can forecast. At their conclusion, a statement made by the board commission will be supplied a copy of the money adduced and will consider it at his leisure. Subsequently, the commission will reconvene, perhaps in this city, to formulate its report for presentation to the president.

**FUNERAL YESTERDAY.**  
The Remains of Rev. Y. C. Smith Laid Away.

The funeral services over the remains of Rev. Y. C. Smith were held at the home of his daughter, Mrs. R. D. Stuart, in Carbondale, yesterday afternoon at 1:30 o'clock.

The services were conducted by Rev. Chaffee, pastor of the Methodist church, in the presence of many friends of the deceased clergyman. After the impressive prayer services for the dead were concluded, the pastor read the great words of eulogy of the fruitful life of the departed.

The remains were taken on the 2:30 Delaware and Hudson train to Forty Fort, where interment was made in the family plot.

**Remember the Inspection.**  
All members of Davies post should do their best to attend tonight's meeting and participate in the inspection exercises. Captain B. DeLacy, inspector-at-large, and C. H. Wright, assistant inspector, are to be in charge. Several comrades from other posts will make a fraternal visit. An interesting and profitable evening is sure to ensue. Commander John McComb is alive to the importance of the occasion and will be equal to any emergency.

**Unclaimed Letters.**  
List of letters remaining in the Carbondale, Pa., postoffice, Oct. 22, 1902, for persons unknown: George Bacon, G. L. Crofoot (4), S. D. Weaver, Dr. T. J. Lamb, Joseph Logan, C. W. Williams, Arthur Morris Wood, Francis Wilke, Helen Coburn, Eliza Matthews, Miss Sarah Bryden, Miss Lillian Coddington (2), Miss De Etta Edgett, Mrs. A. A. Ayers, Mrs. E. J. Kilkeney, Morgan-Maria Molinaro di Vincenzo, J. H. Thomas, P. M.

**Mine Workers to Meet.**  
The United Mine Workers of America, Local No. 269, will hold a meeting in their hall, on South Main street, this afternoon, apropos of the strike settlement. Many of the above organization celebrated in a mild manner last night with fireworks and cannon explosives.

**Home from Philadelphia.**  
A. P. O'Connor, stenographer of the select council in Philadelphia, is visiting his legion of friends in town.

**LOSING FLESH.**  
Are you losing flesh? If so, better consult your doctor at once. He will tell you the cause. We can provide the remedy, which is Scott's Emulsion of cod-liver oil.

A young woman in Batavia writes us she had lost twenty-five pounds in three months, and her lungs were seriously affected. She took three bottles of Scott's Emulsion and gained fifteen pounds, and was able to resume her work.

**RESOLUTIONS OF THANKS.**  
Assistance of Wage Earners, Pulpit and Press Acknowledged.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Oct. 21.—After the miners, in convention, had called the strike off today, they unanimously adopted resolutions thanking all national, state and municipal governments, all organizations and individuals who rendered them during the great struggle. These resolutions, in full, are as follows:

Whereas, We, the anthracite mine workers of Pennsylvania, have been on strike for more than five months in defense of the constitutional right to membership in the organization of our choice, and to secure for ourselves wages which will enable us to live in a manner commensurate with American standards, and properly maintain and educate our families to fit them for the responsibilities and duties that must necessarily devolve upon the men and women of the future; and

Whereas, The trade unionists and the wage-earners of our country and of other states, and the thoughtful and patriotic citizens of the United States, in response to our appeals for relief, have been a large factor in the success of our contest; and

Whereas, The general public, unaffiliated with trade organizations, has evinced a most sympathetic interest in our cause and been a large contributor to our support; and

Whereas, A just and fearless pulpit and press have upheld us during our struggle, and representatives of national, state and municipal governments have labored to bring about a settlement of the differences existing between our employers and ourselves; therefore, be it resolved, That we extend our sincere thanks to the wage earners of the world for the material assistance they have rendered us in securing a victory for ourselves and for organized labor.

Resolved, That we express our appreciation to our sense of deep appreciation of the interest and support of the general public.

Resolved, That we acknowledge our debt of gratitude to that portion of the pulpit and the press of our country that has been of such immense moral support to our contest; and

Resolved, That to the representative of national, state and municipal governments who have used their good offices to secure a settlement of our dispute we express our full appreciation and extend our thanks.

**LEGISLATION SUGGESTED.**  
Recommendations Presented by Committee at Miners' Convention.

By Exclusive Wire from The Associated Press. Wilkes-Barre, Pa., Oct. 21.—Among the resolutions and recommendations presented by the committee on resolutions to the miners' convention, and unanimously adopted today, were the following:

Whereas, At the request of the anthracite mine workers the last session of the legislature enacted a law providing for the election of mine inspectors by direct vote of the people for the purpose of which is to render proper attention to the health and safety of persons employed in anthracite mines; and

Whereas, This protection was not given in vogue prior to the enactment of this law, the passage of which was bitterly opposed by the mine operators; and

Whereas, It is a matter of great regret to us to learn that one of these same

**Small Furs**  
Some of the New Styles

It's a little early to talk much about heavy coats and fur-lined wraps, but women are already thinking about small neck pieces and putting them aside for the first cold day.

It's going to be tippets most all of this year—exact copies of the furs of olden days. They are wide enough to cover the shoulders like capes and hang down well in front. But the chief point is that they must be flat, without collars, and with nothing to stand up around the neck.

Prices start at about \$4.00, and rise by easy stages to as high a figure as you may want to pay for exclusive line furs.

**Men's Underwear**  
Choose what suits your occupation, pay for whatever grade you prefer—you may be assured of service and satisfaction in any of the great stock we have collected for this season's needs. 50c to \$7.50 a garment.

**Silk Petticoats**  
Never has there been such a petticoat year as this. Every woman who buys a new fall gown must have one of silk to wear underneath the unlined skirt.

In black silk the assortment is good and a wide range in solid colors, plaids and changeable silks. Anywhere from \$5 to \$30 will buy a pretty one.

Lakewood, the fashionable—Lakewood the glorious, is one resort to which the resorter now turns for a period of enjoyment, and such enjoyment includes every known sport.

Lakewood's delights, that which there are none better, attract a gay throng and traps of every kind are in constant use. The hunt attracts many, likewise cycling and polo, but when one finds such delightful, yet wonderful links as Lakewood possesses, one little wonders that golf is the popular game. Another feature of prominence is its hotels, hostleries, commodious, grand or rather palatial, where one's welfare is the first and foremost consideration. These qualifications, including a most invigorating atmosphere, have made Lakewood famous the world over. This resort is reached only via the New Jersey Central, and its passenger department in New York has issued a booklet with information, and it's yours for the asking.

**Reduced Rates to the West.**  
Commencing September 1st, and daily thereafter, until October 25th, 1902, the Wisconsin Central Railroad will sell Southern's tickets from Chicago to points in Montana, Idaho, Oregon, Washington and British Columbia, at greatly reduced rates.
