#### SALOON KEEPERS TO RECEIVE OPEN LETTER

Rev. Dr. Winlen, Pastor of Berean Church, Who Is Proceeding Against Sunday Liquor Traffic, Will Inform Liquor Dealers This Week, Through the Press, as to His Purposes-The Movement to Be Vigorously Carried Out.

The movement against the Sunday liquor traffic, which is headed by Rev. Dr. H. J. Whalen, pastor of Berean Baptist church, is to be vigorously carried out, until definite results, now in mind, are accomplished.

This statement is made on authority, but it will be given its greatest force in an open letter, addressed to the retalk liquor dealers of Carbondate. framed and written by Dr. Whalen The communication is now In process of preparation, and will be published in the vicinity before the end

Dr. Whalen, in his letter, will explain his position in the movement, motive thereof, the results almed at, and the course that will be followed, in the event of antagonism among saloon-

The letter will be of interest, insusmuch as it will be the first public expression from Dr. Whalen since he took the first steps, so far as the public was aware, two weeks ago last Sunday. It will be of additional interest from the fact that Dr. Whalen is indignant at the saloon-keepers because of their having disregarded the friendly warning, or tip, as it were, that was given them through his communication to Mayor O'Nelli two weeks ago. In that wish to prosecute dealers, provided warning beforehand. This friendly tip ing reoponed for two successive Sun- being arranged for, days, after having closed the first Sunday, directly after receiving notice through the communication sent to the mayor. This is what has greatly displeased Dr. Whelan and stirred him to increased vigor and activity.

In connection with the activity of Dr. Whalen the past few weeks, it can also be authoritatively stated that this is only an incident of the movement. Evidence has been collected for the past several months and sufficient, it is believed, to bring about what is aimed at in the movement. The observations of Dr. Whalen the past few Sundays, particularly last Sunday, are not on what action, if it be necessary, will be taken; evidence was systematically secured some time ago, and it is this that will be used in the event of proceeding against any of the saloonkeepers. This is stated to offset the belief that the prevenient is a matter of only a few days' growth of a sudden thought.

Sunday night, Dr. Whalen visited several saloons and observing lights and roise knocked on the doors warning the proprietors to close. He opened the door of a South Main street saloon and was sharply rebuffed by the proprietor. Walking up the street, he met Chief of Police McAndrew and instreet he reight find a saloon open. with at least fifteen patrons. When the chief reached the saloon, it was ciosed and the lights were extin-

#### CITY ENGINEER'S VACANCY.

Councils Decide to Leave Matter in Hands of Streets Committee.

Mayor O'Neill appeared before a joint of city engineer. He had not been notifled officially that the office was vacant, but learned of the fact through the newspapers. Several persons, he said, applied to him for permits for street work, etc., and as this was not a part of his duties, he suggested the wisdom of appointing someons to give out such permits. The law, he pointed out, di- Evans, Pitiston, rected conneils to fill the vacancy, but I it was not his purpose to urge or recmaneral the election of an engineer. He believed, however, that some one be Llewellyn Williams Severely Injured given authority to grant permits and

It is of vital importance for women to know that the health of mother and child is in general entirely within woman's control. The thousands of women who have used Dr. Pierce's Favorite Pre-tription when expecting motherhood, have testified that it made them healthy and happy in the days of waiting, made the baby's advent practically painless, and gave them health to give their chil-dren.

O'Mis N. J. Eidder, of Hill Dale Farm (Enosburg Center), Enosburg, Vt., writes: "During the past year I found myself expecting maternity, and in rapidly failing health. I suffered dreadfully from bloating and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I felt that something must be done. I sought your advice and received a prompt reply. Took twelve battles of Inctor Fierce's Favorite Prescription, and also followed your instructions. I began to large we immediately, my health became excellent, and I could do all my own work (we lived of good sized farm). I walked and rode all foculd, and enjoyed it. I had a short, easy communication and have a healthy baby boy."

ion that a city engineer was almos unnecessary during the winter months and the city could save several hundred dollars by not filling the vacancy. Mr. Mannion contended it was compulsory, not discretionary, on the part of councils to fill the vacancy, and he was sustained by Mayor O'Neill, who was recalled and explained the amendment of the Act of 1889, which made the matter compulsory. He suggested that councils, if it cared to, might take

the chances of not filling the office until spring. Councils seemed willing to run the risk, and carried the motion, almost without division, to leave the duties of the city engineer to the joint

### PRAISE FOR CONTESTAN

Evening Leader, in Discussing Tribune's Contest, Pays Tribute to Winners from Carbondale.

The Evening Leader, in last night's ssue, pays a tribute to Maxwell Shepherd and Herbert Thompson, winner in The Tribune's Educational Contest. Under the head, "Fine Prizes Comto Carbondale," the Leader says:

The hustling qualities of Carbondal young men were again demonstrated on Saturday in the success scored by the two local contestants in The Tribune educaional contest. Maxwell Shepherd turned in the surprising number of 660 points and Herbert Thompson 259.

Augustus J. Kelerman, of Scranton wins the first place with a total of 1200 points and Shepherd is a very close second, with 1178 points, only 22 points be-hind. Charles Burns, of Vandling, fourth, with \$69 points, and Herbert Thompson \$66. They will be accorded the choice of scholarships offered as prizes, in the order in which they finished as the close of the contest Saturday night.

Messrs, Shepherd and Thompson wer kept busy today receiving the congratulations of their many friends. Both have worked hard to secure the prizes to which they are now entitled and no young mer in the community would make better use of the scholarships. They have already brought distinction to the city by their victory and will still further honor it during the college careers which are now opening before them. Maxwell Shepherd was born in this cuy.

He is the son of Mr. and Mrs. J. R. Shep-herd, of & Salem avenue, and is twenty years of age. He attended the high schoo until three years ago, when he accepted a situation with the Ontario and Western Railrond company and entered its em-ployment as a clerk in their coal department at the Mayfield yard. He is now in the master mechanic's office of the road.

Herbert Thompson was born in Deadwood, S. D., twenty-one years ago. He is the son of Mr. and Mrs. Daniel S. Thompson. He attended the public chools of Carbondale until he was about sixteen years of age, when he accepted a situation in the office of the Leader, where he remained until March of this year. This was his first and only employment. Although he was thus kept busy he did not lose any chance of obtaining an education, but attended night
