RIOTS IN PORTO RICO.

Violence and Disorder in Many Localities Are Reported.
San Juan, Porto Rico, Oct. 29.—In complete returns from various parts of the island regarding the riotous disturbances, especially the riotous reports that riots and shooting occurred in many towns and that violence was used everywhere. The rumor that the federals were shut out at San Lorenzo, where a mob attacked the police, with the result that two of the rioters were killed and fifteen men, among whom were three policemen, were desperately wounded, is also confirmed. It is added that the mob entered the town carrying a corpse at the head of the procession.

The police attempted to disperse the participants in a fight at Pailas, a Federal town, which was invaded by a large mob of Republicans from Guayama, which forcibly took possession of the booths, shut out the Federal and registered the whole of the Guayama non-resident party. In the shooting and rioting which ensued four men were badly wounded, including Corporal Cepero, of the insular police.

CELEBRATING MITCHELL DAY

The Principal Demonstration of the Anthracite Region Is Held at Wilkes-Barre.

EVERYBODY WORE A JOHN MITCHELL BADGE

A Day of Snow and Sunshine—The City Packed with People—It Is Estimated That Ten Thousand Men Were in Line—The President of the Mine Workers Receives an Ovation All Along the Line—Mr. Mitchell's Speech—Some of the Banners Carried.
Wilkes-Barre, Pa., Oct. 29.—Mitchell day was celebrated in all the principal towns of the anthracite coal region today, and in order that all the mine workers might have an opportunity to participate in the exercises, the mines were closed down. The principal demonstration was held in this city, and President Mitchell took part. In the early morning there was bright sunshine, but towards noon, the time for the big parade to move, it became suddenly an snow fall for several minutes. This was followed by more sunshine and then more snow. But the changeable weather did not keep an army of strangers out of town. They came in street and steam cars and all other kinds of conveyances, and when the noon hour approached the streets in the central part of the city were packed with people. Everybody wore a John Mitchell badge. The procession started shortly before noon and was nearly one hour in passing a given point. As the weather grew colder the marching was rapid and there were few delays. It is estimated that there were ten thousand men in line. The parade was headed by a platoon of police. Then came the chief marshal, National Organizer John Fallon. The chief officer was followed by cartages containing the principal officers of the United Mine Workers' organization and invited guests. President Mitchell, Mother Jones, Rev. Powers of Spring Valley, Ill., and Thomas Haggerty, of Reynoldsville, Pa., occupied the first carriage.

OVATION TO MITCHELL.

President Mitchell was given an ovation all along the line of march, and whenever his carriage stopped the crowd, which was packed around it, insisted on shaking his hand. An American flag was carried at the head of every "local," and brass bands by the score furnished music. The banners carried bore many curious inscriptions. Some of them read as follows: "We'll Artilition on Our Union," "We Will Stand by Our Great Leader, Mitchell," "God Bless Our Country and Our Union," "We Honor and Respect Our President, Roosevelt and Mitchell," "Hallelujah for the marching band," and "We'll stand by our great leader, Mitchell." After the parade a mass meeting was held at Y. M. C. A. park, Rev. J. J. Curran, of Holy Saviour church, this city, was elected chairman. He introduced as the first speaker, Rev. J. F. Powers, of Spring Valley, Ill. Rev. Powers said that the march was a triumph since boyhood and he always found his men noble and upright. He was delighted to see the great tribute paid him by the hard coal miners. They had just fought a battle which had been fought in Illinois some years ago. The bituminous operators were not satisfied that an agreement with the United Mine Workers was a good thing and no doubt the hard coal operators would soon come to the same conclusion. Rev. James Moore, of the Primitive Methodist church, of Avoca, advised the miners to stand by their union.

THANKSGIVING PROCLAMATION

President Roosevelt Sets Nov. 27 for National Observance.

Washington, Oct. 29.—President Roosevelt today issued his proclamation designating Thursday, November 27, as a day of thanksgiving.
The proclamation follows:
According to the yearly custom of our people, it falls upon the president at this season to appoint a day of festival and thanksgiving to God.
Over a century and a quarter has passed since this country took its place among the nations of the earth, and during that time we have had on the whole more to be thankful for than has fallen to the lot of any other people. Generation after generation has grown to manhood and passed away. Each has had to bear its peculiar burdens, each to face its special crises, and each has known years of grim trial, when the country was menaced by the hand of the Lord was heavy upon it in drought or flood or pestilence; when in bodily distress and anguish of soul it had the penalty of folly and a froward heart. Nevertheless, decade by decade, we have struggled onward and upward, we have abundantly enjoyed material well-being, and under the favor of the Most High we are striving earnestly to achieve moral and spiritual uplifting.
Ten years that has just closed has been one of peace and of overflowing plenty. Rarely has any people enjoyed greater prosperity than we are now enjoying. For this we render thanks, and solemn thanks to the Giver of Good, and we seek to praise Him not by words only but by deeds, by the way in which we do our duty to our selves and to our fellow men.
