LOVES THE SOURCE OF LIFE

BISHOP SPAULDING'S SERMON AT THE CATHEDRAL. The Eminent Prelate from Illinois, Who Is Serving on the Arbitration Commission, Was Listened to by an Immense Congregation Yesterday—His Fellow-Members on the Commission Attended the Church in a Body—Quality of Man's Love Only Real Test of His Worth.

Rev. John Lancaster Spaulding, of Peoria, Ill., member of the coal strike commission appointed by President Roosevelt and one of the leaders of modern thought in the Roman Catholic church of this country, preached a sermon in St. Peter's cathedral yesterday morning to an immense congregation made up not only of Catholics, but to a very large extent of persons of other faiths.

Bishop Spaulding's fellow-members on the arbitration board attended in a body and occupied the seats facing the altar on the center aisle. The party included Judge George Gray, of Delaware; E. W. Parker, of Washington, D. C.; Brigadier General John M. Wilson, of Washington, D. C.; E. E. Clark, of Cedar Rapids, Ia.; Thomas H. Watkins, of this city; and Carroll D. Wright, of Washington, D. C.

Bishop Spaulding made an impressive figure in his purple canonicals and preached a masterly sermon based upon the doctrine that the deepest principles of life and religion and the purposes and the end of life, the whole law rests upon the principle of love.

There can be no deeper thought than this. We cannot escape from the idea of a cause for all things. We cannot escape from the idea that whatever is not what is; that there must be some cause from which it springs. Why does this vast universe exist? It is the eternal truth of God that makes the world what it is.

The animal is drawn by instinct and appetite and lives solely in a world of instinct and appetite. It remains fatally an animal just as long as its thoughts are solely confined to the gratification of his senses and to things purely material. It is not possible for a man whose only concern is what he shall eat and drink and wear to ever live the life of God.

NOTE. In the Second legislative district, in place of John Schaefer, Jr., who will appear in the Third legislative district, the name of John Schaefer, Jr., in the Fourth legislative district, the name of P. A. Philbin.

THIRTEENTH AT HOME.

Regiment Relieved from Active Service on Saturday After Being in the Field Since Sept. 22. The Thirteenth regiment, after forty days service near Olyphant returned to this city on Saturday afternoon and was relieved from active duty.

His Mission on Earth. Jesus Christ in His mission on earth aimed to create new possibilities of life. The tendency of our national processes is to re-create and reform; to make real what is potential. That is what the Lord wished to do. He wished and wishes us to feel and understand the meaning of the infinity of His love as manifested in Christ and in the world about us.

SMALL-POX STAMPED OUT. Occupants of the Emergency Hospital Released. After a long siege of small-pox which lasted nearly a year, the dreaded disease has, apparently, been stamped out, and there now remains but one case in the city, and that one is convalescent.

COMMISSION IS IN HAZLETON

LEFT LAST NIGHT TO TOUR LOWER REGIONS. Miners' Statement Is to Be Presented Today by President Mitchell—Operators' Answer Likely to Come on Thursday—Commissioners Will Reassemble Here Friday, November 14, to Begin Taking Testimony. Spent Saturday in and About Wilkes-Barre.

The mine strike commissioners left for Hazleton last night to spend four days in the further prosecution of their search for intimate knowledge of the physical features of the mining industry. On Thursday they will take a recess until Friday, Nov. 14, when they will re-assemble to begin the work of taking testimony.

Length Not Known. It is not known how long the sessions here will continue. It is possible that testimony will be taken in Hazleton and Pottsville while the miners' side is being heard, and that New York and Philadelphia will be the places chosen for the hearing of the testimony from the operators' side.

At Wilkes-Barre. Saturday the commission left for Wilkes-Barre on the Delaware and Hudson road at 8 o'clock a. m., and spent the day much as they did the previous day in this city.

The commissioners talked with the men they encountered, questioning them at length on wages and other conditions. After lunching in their car the commissioners went out for a trolley ride to Ashley and Sugar Notch, viewing miners' homes and talking with miners.

Bishop Preached. Yesterday morning Bishop Spaulding preached at the 10:30 o'clock mass in St. Peter's cathedral. All the other members of the commission attended the service.

The commission will be met at 9 o'clock in the morning at Hazel Creek, about nine miles north of Pottsville, by Thomas Duffy, the president of that district of the mine workers' union, who will represent the miners. General Superintendent Warriner, of the Lehigh Valley company, has suggested the No. 40 shaft, operated by his company. The miners prefer to have the arbitrators inspect the Harwood colliery of Calvin Pardee & Co.
