Rev. T. A. Humphreys, B. D., the New Pastor of the Plymouth Congregational Church—His Sermon Yesterday.

Rev. T. A. Humphreys, B. D., the newly elected pastor of the Plymouth Congregational church, was born near Lima, in Allen county, Ohio, and after passing through the public school of Lima he entered the college at Lebanon, where he later graduated.

REV. T. A. HUMPHREYS, B. D.

He became a teacher in the public schools and for over ten years was actively engaged in educational work. During that period, and later, he was also engaged in several Ohio colleges as a teacher of music.

Believing his life-work to be in the ministry, he entered the Oberlin (Ohio) Congregational college and studied for the ministry, later graduating with the title of B. D., there being but very few out of a large class who received the title. Almost immediately he entered upon his ministerial duties at Brackenridge, Missouri, and since has been the pastor of large churches in Colorado, Kansas, Ohio and Pennsylvania, his last charge before coming to Scranton being at Sharon, Pa., where he had gone but a short time before from Cleveland, Ohio.

The Man Who Said

"Talk's Cheap," got away with a pretty smart thing. Many Dry Goods buyers have found their cost that talk is quite expensive, because it is often misleading when used in advertisements. Our reputation in this city has stood for absolute truth for over twenty years, even in our advertisements, and when we say that

Our Dress Goods Department Is the only complete department of its class in the city of Scranton, we simply reiterate a fact known to every intelligent buyer in the city of Scranton.

Our New Costume Velvets And Corduroys are attracting much attention, and well they might, as the range of prices, qualities and shades leaves nothing to be desired.

The Other Dress Fabrics Such as "Bud" Suitings, Knickerbocker Checks, Scotch Tweeds and other rough-faced woollens, our line is limitless. The same remarks apply to Dress Stuffs of smooth finish, such as Prunellas in winter weights, Venetians, Broadcloths, Meltons, etc. In a word—if it's fashionable you'll find it here, and lots of it to choose from.

Killed in an Abandoned Mine.

By Exclusive Wire from The Associated Press. New Straffville, O., Nov. 2.—Maurice O'Brien, a miner, Charles Sampson, stable horse and Herbert Coran, bookkeeper, were killed by an explosion of gas in Lost Run mine, near here today. It is supposed the gas found its way into the mine from an abandoned mine which has been abandoned for several years. It is believed the men went in to explore the mine and that the gas was ignited by the lights they carried.

Wilkes-Barre Lost.

High School Team of That City Met the Local High School Team on the Gridiron.
One of the finest football games seen in this city was played at Athletic park, Saturday afternoon, between the Scranton high school and Wilkes-Barre high school. Ever since the beginning of the game was replete with many brilliant runs and sensational tackles. Although Wilkes-Barre had the heavier team Scranton easily made up in energy what it lacked in weight and won by a score of 18 to 6.

Old Fellows to try and conduct their

ecclesiastical with the greatest seriousness and not to say, as some were in the habit of saying, "My Lodge is my church." Whatever they knew of practical pity and work, mercy was lavished on Him who said, "I was hungry and ye gave me meat, thirsty and ye gave me drink, sick and in prison and ye visited me, and, inasmuch as ye have done it to the least of these my brethren ye have done it unto Me."

"Chronic Weakness"

Neither Sick Nor Well.

A Distinguished Medical Editor Tells How Many Are Subject to Semi-Starvation or a Habitually Half-Fed Condition Because Their Stomachs Won't Work.

A Way to Cure "Chronic Starvation" and its Attendant Weaknesses and Disabilities is Pointed Out.

An editorial in the October, 1901, issue of the Medical Brief, a journal published by and for physicians and having the largest circulation of any strictly professional medical publication in the world, says:—
"There are many patients who have nothing organically wrong with them, but are kept in a weak, anemic state by a lack of digestive power. If we can improve digestion we increase their energy, produce output, and sense of well being."
"For this class of cases, alcoholics and strong bitters often do more harm than good, while they temporarily stimulate and improve the appetite, if long used they bring on a reaction worse than the first static. Gastric catarrh is likely to follow their prolonged use from constant and artificial congestion of the gastric mucous membrane."
"Stuart's Dyspepsia Tablets are the proper remedy for this condition. Being in tablet form they are not only convenient to carry and take but are necessarily free from all alcoholics and the objectionable stimulating drugs do not enter into their composition."
"Every organ and tissue of the body depends on the stomach for nourishment and renewal that will prepare them to satisfactorily perform their functions and resist disease. Stuart's Dyspepsia Tablets do not simply stimulate but they tone, strengthen and build up the stomach, make it active and capable of converting food into pure blood that will fully feed the half-starved tissues so they will develop into full-functioned perfection."
"There are many remedies on the market for impaired or perverted digestion but none are so safe, so economical, so convenient, so effective, so popular, as are Stuart's Dyspepsia Tablets. Whether the dyspepsia is of long standing or is merely a case of temporary indigestion, they give prompt and pronounced relief. Their continued use will cure all forms of digestive inefficiency. By promoting perfect digestion Stuart's Dyspepsia Tablets produce pure blood, sound and healthy flesh, strong nerves; make the eyes bright, the skin clear, the mind cheerful, the sleep natural and restful. Stuart's Dyspepsia Tablets are easily and cheaply obtained for they are sold at all drug stores at 50 cents a box—Write to F. A. Stuart Co., Marshall, Mich., for their book on stomach diseases. It is free; a postal card will bring it; send one to-day."
