McAnulty-Peil.
On Wednesday evening, John McAnulty, a well known gentleman, appeared before Alderman Davis, armed with a marriage license and a blushing bride, and informed the alderman that he desired to be united in marriage to the charming damsel by his side. The alderman being a church member and aware of the fact that "all is not gold that glitters" refused to grant their request, and despite sorrowful protestations he remained firm. John and the future Mrs. McAnulty returned, and after thinking the matter over decided that if love could laugh at the alderman, and so later, reinforced with a maid of honor and a best man, John and his bride appeared before Alderman John, who united them according to the full service with a ring.

At the close of the ceremony a wedding reception was held in their newly furnished home on Scranton street. The bride was Mrs. Anna Walters Peil, of Providence.

SHEKEL DAY OBSERVANCE.

Sunday, November 9, is the Date Appointed.

The following has been sent to The Tribune with a request that it be published:

Sunday, November 9, is appointed a Shekel Day throughout the United States for all Jews and Jewesses, who treasure the memory of the ancient struggle of their people would aid in the great task of rebuilding the Jewish nation in the Land of Promise.

The Zionist movement sends greetings to all Jews, and seeks their support and sympathy. It has stretched forth its hand to the uttermost ends of the Diaspora, and seeks to unite the Jews in one loving bond of brotherhood. During five years it has marched forward, step by step, manifesting its power in every form of human activity, and in the spirit of Israel, uniting the Jewish people, and pressing upon the diplomatists of the world the need of solving the Jewish problem.

The Zionist movement offers a solution of the Jewish problem, and offers a message of hope to the sufferers in Russia, Galicia and Rumania and its struggles are wholly Jewish in conception.

The shekel day observance is the sum the Jew is asked to give to the Zionist movement, an individual offering in the days of old; in return every shekel offered in the observance of the day is entitled to a vote for a delegate to the Zionist congress; the Zionist movement represents the Jewish people and leaves the government of the movement to the hands of the people. The shekel is the greatest and simplest franchise.

Therefore, November 9 has been set apart as a day on which every Jew and Jewess shall bring his or her tribute to their Jewish cause. On the Yom Ha-Shekel, the day of the shekel, the government of the movement is to be held by the hands of the people. The shekel is the greatest and simplest franchise.

Therefore, November 9 has been set apart as a day on which every Jew and Jewess shall bring his or her tribute to their Jewish cause. On the Yom Ha-Shekel, the day of the shekel, the government of the movement is to be held by the hands of the people. The shekel is the greatest and simplest franchise.

We wish to change the methods of our Zionist work. We wish to have a more united and more energetic movement. We wish to have a more united and more energetic movement. We wish to have a more united and more energetic movement.

Violin solos were also played by Miss Bessie Stackhouse, Miss Edna Caryl, Miss Frances Budd; Mrs. A. K. Lister and Vincent Mitchell.

Mrs. Lily Joseph-Kellers' richly sympathetic contralto was heard in a pretty little song, entitled "Somebody," composed by Miss Freeman, and in "El Riego's 'O Dry Those Tears.'" Judge of District Court Plainly Speaks His Mind.

It is with pleasure that I give my hearty endorsement to Dr. Pierce's Golden Medical Discovery. It is the most successful remedy that I know of for the weakened condition of the digestive organs which excessive heat or overwork sometimes brings, causing indigestion, sick headache, a disagreeable or bitter taste in the mouth, sleepless nights, and a complication of unnatural conditions, making one feel sick all over. Your remedy is scientifically prepared and well calculated to renovate the entire system, cleansing and vitalizing the blood, and assisting the stomach to perfect assimilation of the food, which will soon restore health and harmony. Sincerely yours, E. E. Willard

The "Golden Medical Discovery" restores the long lost appetite; it strengthens the weak stomach and corrects the impaired digestion; it promotes the flow of digestive juices and facilitates the assimilation of the life-giving elements of the food into the blood. When the blood is pure and rich, old inert tissues are torn down, carried off and excreted, and new, healthy, muscular tissues replace them. In this way it puts on healthy flesh up to the normal weight and fortifies one against all disease-breeding germs. It allays inflammation of the mucous membranes, soothes the cough, facilitates expectoration, and deepens the breathing, supplying the system with a much needed stock of oxygen. It drives out all impurities and disease germs. Medicine dealers sell it.

A FEW PENNIES will pay the expense of mailing Doctor Pierce's Common Sense Medical Adviser. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. PIERCE, Buffalo, N. Y.

DISTINGUISHED LAWYER HERE.

Former Attorney General Griggs Appeared Before Judge Archibald.

Former United States Attorney General Griggs, who was for several years a member of President McKinley's cabinet, appeared before Judge R. V. Archibald in chambers yesterday afternoon at a hearing in the patent case of the Chiodotti Unfairing company against the American Fair Unfairing company, which is pending in the circuit court of New Jersey, in which Judge Archibald recently presided.

The Chiodotti company claims that the defendant company is using certain machines which are an infringement on its patent rights. Judge Archibald granted a preliminary injunction restraining the defendant company from using these machines and has now the whole case under consideration.

Attorney Schreier, of New York city, representing the American company, offered at yesterday's hearing to have the machines in question stored at his company's expense and sealed by the clerk of the court, as evidence that the company is not violating the injunction. This motion which it intends to use now do not infringe upon the plaintiff's patent rights in any way, Attorney Schreier claimed.

Mr. Griggs, representing the Chiodotti company, requested that an expert be appointed by court to visit from time to time the works of the defendant company and see that the machines do not infringe upon any patent rights.

Judge Archibald decided to permit the storage and sealing up of the alleged infringing machines and to further appoint an expert to examine the defendant company's works at any time the plaintiff may request.
