# THE "HELLO" GIRL

## SOMETHING ABOUT AN OPERATOR IN A TELEPHONE EXCHANGE.

She is Always Under a Nervous Strain and the Position is Full of Worries and Annoyances.

Most of the people who use the telephone have never seen the workings of a telephone exchange, as the central office is called, nor have any idea of the tense, nervous life led by the girls employed there. Always busy, with calls constantly coming in and more cross words than kind ones from impatient subscribers, one wonders how they keep sane, let alone well.

"How do you manage to stand it?" was asked of one of them, Miss May Stowe, of No. 75 West Lake street, Horseheads, N. Y.

"It is very trying," she replied, "and one time my health did give out. For a number of years I was in a poor state of health owing to thin blood, or anaemia, as the doctor called it, but Dr. Williams' Pink Pills for Pale People made me well and strong. I was so troubled with shortness of breath that I couldn't walk over a few blocks. I was nervous, could not get any rest at night, was very thin and almost colorless. I was also subject to very severe headaches which not infrequently lasted for two weeks at a time without any let up. I felt bad all over."

"My married sister had been cured of anaemia by Dr. Williams' Pink Pills for Pale People. She had been in the first box I could see that they were helping me, and by the time four boxes were used up I was cured. Now I walk down town and back at least three times a day; I feel perfectly well and able to stand the strain of my position as well as anybody."

Anaemia is not the only disease which succumbs to the potent influence of Dr. Williams' Pink Pills for Pale People. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatic neuralgia, neuritis, nervous debility, the after-effects of the grip, palpitation of the heart, pale and sallow complexions and all forms of weakness either in male or female.

They are sold by all druggists, or direct from Dr. Williams' Medicine Co., Brockton, N. Y. Price, 50 cents per box; six boxes \$2.50.

Mrs. Whyer's mother, Mrs. Phillip Street, of Sanderson avenue, has returned to their home in New York city, accompanied by Mrs. Street, who will spend the winter there.

Mrs. Cokely and daughter, Helen, of Calipso avenue, are spending a few days with friends in Susquehanna county.

The church bell purchased by E. B. Sturges, which in Japan recently has arrived and been placed in the tower of the Green Ridge Presbyterian church. The bell weighs 700 pounds and is made of solid brass.

The Foreign Missionary society of the Providence Presbyterian church held an interesting meeting at the home of Mrs. J. D. Von Storch, of North Main avenue, Tuesday afternoon. After the regular business session of the society, musical selections were rendered by Mrs. Jessie Donnyhauser Von Storch and Mrs. Margaret Vinson Payne.

Yours truly, "at Davis' Drug store, on the square."

The Independent Bowling team of the American Locomotive works, with "Chamney" Lopez, Schuman as manager, has organized for the season. They are anxious to meet the Junger Maenner team of the City league, and would like to arrange a match game for Tuesday or a week from tonight. Answer through The Tribune.

Special services will be held each evening during the week, except Saturday evening. These services will commence at 7.30 o'clock. There will be excellent music at all services as well as short helpful sermons. An invitation is tendered to all to attend these services.
