**BICYCLE CLUB TEAM ROLLED UP TOTAL OF 2,620.**

Defeated the Suburban Players by Only Twenty-eight Pins, However—Electric City Wheelmen Win from Green Riders, and Orange and Black Took Two from Arcadians—Back Team Now Seems to Have a Good Grip on First Place in Scranton League Race.

The best bowling done so far this season was done last night on the Green Ridge alleys, when the Bicycle club team rolled up the magnificent total of 2,620 against the Suburban's 2,592. The Suburban team played in terribly hard luck and deserve all the sympathy that can be doled out to them.

They started out by losing two eight hundred games and then made 938, only to have it beaten by 97. This is a much stronger team, as at present constituted, than several of the others, and yet it has not won a single game yet.

They Are in This City Inquiring Into American Coal Mining and Coal Cleaning Methods.

Two eminent Russian engineers, Stephen Panchenko, engineer of ways and communications in the Russian government and director of the J. S. Panchenko Paper Mills and Coal Mines company, at Rostoff-on-the-Don, and Paul Tiesenhausen, a large owner of Russian coal mines, are at the Jersey. Their mission in Scranton is to inquire into American coal mining methods. Yesterday, accompanied by Frank G. Wolfe, they inspected the Pine Brook shaft and breaker of the Scranton Coal company and today they will have a look at other collieries in the vicinity.

In Russia coal is sold as it comes from the mines, in large lumps, and the purchaser must be his own breaker if he wishes it reduced to smaller sizes. For this reason the visitors were particularly interested in our breaker machinery and methods and spoke admiringly of the ingenuity exhibited by the designers and manufacturers of this machinery.

**CHARGES SON WITH PERJURY.**

August Zuimer Says He Did Not Agree to Pay Rent.

August Zuimer, of Masters street, yesterday caused the arrest of his son, Otto, on the charge of perjury. At a hearing before Alderman Tucker, the father swore that certain testimony which the son offered in Alderman Lentes' court last week regarding an agreement on his part to pay rent, was absolutely untrue. Alderman Tucker held the son under \$200 bail.

The case in Alderman Lentes' office was tried before a jury in accordance with an old law. The son sought to have his father and mother put out of his house because of their refusal to pay rent as he alleged they had agreed to. The jury brought in a verdict in his favor.

Unknown Donor of Swimming Pool for Park Increases Original Offer from \$10,000 to \$20,000.

The gentleman who originally offered to donate to the city a swimming pool to cost \$10,000, has decided that he wouldn't like to be recognized as the donor of the kind of a pool that would cost that amount and has accordingly decided to give one to cost \$20,000, acting out the motto that "what's worth doing at all is worth doing well."

He has actively interested himself in the matter and has visited several swimming pools in various cities in company with a well-known architect, who is now engaged in preparing plans. The pool, which it is proposed to place in Nay Aug park, will be housed in a stone building and will be 28 1/2 feet in size, with tiled floor and a complete system of shower baths in connection. It will be modelled after the pool which is at present in operation in Albany, N. Y.

A formal written proposition will be submitted to Director of Public Works Roche within a few days and will in turn be submitted by him to council for acceptance. The identity of the donor yet remains a secret.

**DORSEY TO GO TO ROCHESTER**

The Twelfth Contestant Selects the New York State University.

Charles W. Dorsey, of Scranton, who finished twelfth in The Tribune's recent Educational Contest, has chosen for his reward the scholarship in the University of Rochester, at Rochester, N. Y. This scholarship covers tuition and incidental expenses for four years and is worth \$324.

The next two young men on the list, Hendrick Adams and Henry E. Collins, both reside out of the city and have to be communicated with by mail, so it may be a day or two before their choices become known.

**TO WORK EIGHT HOURS.**

Postmaster Ripple Puts Postal Clerks on New Basis.

Postmaster E. H. Ripple yesterday put the force of clerks at the local post office on an eight-hour basis, as has been done in a number of other large cities. The clerks have heretofore been working anywhere from eight and a half to ten hours a day, but since the five additional men allowed the office have gone on duty it has been found possible to permit of a straight eight-hour shift.

A requisition for two additional clerks will likely be made in order to obviate the necessity of sending men from the central office to relieve the clerks on duty in the West Scranton and Dunmore sub-stations.

**DIED AT THE HOSPITAL.**

Joseph Myers, Who Was Shot on Sunday, Passes Away.

Joseph Myers, the young man who was accidentally shot in the head on Sunday, while delivering papers near his home in Petersburg, died early yesterday morning in the Scranton Private hospital. Coroner Saltry made a post-mortem examination, but has not decided as to whether an inquest should be held or not.

Tony Jordan and Tony Ambrosia, the two young men who were shooting at the target, near which Myers passed when he was struck, are still in hiding, but the police believe they will give themselves up today.

**NEW BRIDGES FOR COUNTY**

CONSTRUCTION OF EIGHTEEN ARE RECOMMENDED.

Grand Jury in Its Report to Court, Yesterday, Said They Were Necessary—The Estimated Cost of Them Is \$9,505—Suggest That All of Them Be the Same Kind of Construction, and That the Contract for Them Be Let at the Same Time.

In its first report to the court yesterday, the grand jury recommended the erection of eighteen bridges by the county, the total cost of which it estimated will be \$9,505. The amount of the bridge tax for next year will be \$17,397.

If the recommendation of the jury is adopted by the county commissioners, all of the bridges will be of steel girder construction, with corrugated iron, concrete and stone flooring. The abutments will be of dry masonry.

The jurors say in their recommendation that bridges of that kind of construction can be built cheaper than any other form proposed and that wherever that kind of a bridge is now in use it stood the test of the extraordinary floods of last March. They believe it would be economy to erect the kind of bridges suggested and they say that if the contracts for all the bridges are awarded at one time the county will save 25 to 30 per cent. on the total cost. The bridges they recommended follow and are to be built in the order named:

1. Bridge in the township of Benton, over Gardner's creek on the public road leading from Fessville to Factoryville. Amount appropriated, \$500.
2. Bridge in the township of Benton, over creek in the public road leading from Factoryville to Nicholson, near the residence of J. C. Clark, said creek being the outlet of Mud and Baytor's pond. Amount appropriated, \$450.
3. Bridge in the township of Lehigh, over Pond creek at Tom's pond, on the public highway from the Old Plank road to Bear Lake crosses said creek. Amount appropriated, \$300.
4. Bridge in the borough of Bakesey, over Hull's creek, at Third street. Amount appropriated, \$1,000.
5. Bridge in the borough of Bakesey, over Hull's creek, at First street. Amount appropriated, \$500.
6. Bridge in the borough of Bakesey, over Hull's creek, at Second street. Amount appropriated, \$500.
7. Bridge in the township of Covington, over Cummings' creek, at the place where the public highway leading from the Delaware, Lackawanna and Western railroad tracks to Turnersville crosses said creek. Amount appropriated, \$300.
8. Bridge in the township of Covington, over McDonald's creek at the place where the public highway leading from the Delaware, Lackawanna and Western railroad tracks to Turnersville crosses said creek. Amount appropriated, \$300.
9. Bridge in the borough of Jermy, over Rushbrook creek, at Third street. Amount appropriated, \$1,000.
10. Bridge in the township of Madison, over Brown's creek, near the house of G. S. Brown on the road leading from Hendrick's store to Loveland's grist mill, at the place where said road crosses said creek. Amount appropriated, \$300.
11. Bridge in the township of Madison, over Brown's creek, near the house of Philip Swartz, on the road leading from Moscow to Madisonville. Amount appropriated, \$250.
12. Bridge in the township of Madison, over Roaring brook, near J. E. Loveland's grist mill, on the road leading from Moscow to Madisonville. Amount appropriated, \$300.
13. Bridge in South Abington, over the creek near Edward Wise's property, on the road leading from Clark's Summit depot to N. Bell's residence. Amount appropriated, \$400.
14. Bridge in the township of Spring Brook, over Kenney's creek, near the house of William Smith, on the public highway leading from Thomas Jones' house to Maple Lake road crosses said creek. Amount appropriated, \$410.
15. Bridge in the township of Scott, over Kenney's creek at the point where the stream is crossed by the public road leading from Carpenter's corners to Devilsville, near the residence of Henry Durkin. Amount appropriated, \$400.
16. Bridge in the township of Scott, over the outlet of Scull's creek, near the residence of William Smith, on the main road leading from Monticello to Clifford. Amount appropriated, \$200.
17. Bridge in the township of South Abington, over Lehigh creek, on the public highway leading from Jenkins' hotel at Chinchilla to the Griffin reservoir dam. Amount appropriated, \$410.

**Woman's Wealth Is Health**

**Paine's Celery Compound**

GIVES VITALITY, VIGOR AND STRENGTH TO DEBILITATED AND RUNDOWN WOMEN.

It is maintained by many distinguished writers that the greatness of a nation depends much upon the physical condition of its women. The general conditions which contribute to health and long life, are those which do not imply a rapid and unequal exhaustion of those powers by which life is maintained. While we assert that the women of our land stand powerless for beauty and the virtues that make them lovable, we cannot hide the fact that there are thousands in our midst who, owing to overwork, worry, household cares, and an unequal exhaustion of life power, have become weak, nervous, and debilitated.

We bring to the attention of all weary, despondent, hopeless, and sickly women earth's great restorer and health-builder, Paine's Celery Compound. Thousands of healthy women around us owe their present vigor, activity and robustness to Paine's Celery Compound. Mrs. Stephen Smith, St. Paul, Minn., tells how she was snatched from the grave. She says: "I had a bad attack of a grippe this spring and was at death's door, and no one ever expected me to recover. I was so weak that I began to get real hungry and took an interest in things. I had everything that money and loving care could supply, and with that and Paine's Celery Compound, I am now doing my own work, while three months ago I was almost in the grave. Had it not been for my health and strength to Paine's Celery Compound, and shall always recommend it."

There are many ways to economize, but none is so simple, entertaining and satisfactory as the use of
