STRIKE COMMISSION INTER-FERES WITH COURT.

The Counsel in a Number of Cases on This Week's List Are Engaged Before the Commission and Continuances Were the Result-Grand Jury Has Completed Its Work and Opinions Handed Down.

After the common pleas list for this week had been gone over yesterday morning after the opening of the second week of the term there was only a small fraction of it left. When the list was called last week a large number of cases were continued, and yesterday this number was enlarged considerable, many having to go over because the attorneys were engaged in the hearings before the strike commis-

The cases continued yesterday were Continental Trust company against B M. Winton, administrator, sei fa.; C M. Curtis, executor, against James Hoxton and others, trespass; Jacob Dernock against George Mack, appeal Patrick Mahon against Scranton Railway company, trespass; Mrs. Robert Roach against T. S. Huffling, appeal. The appeal of J. O. Ackerman against L. L. Myers and the action in assumpsit of D. O. Thomas against the city of Scranton were referred to Attorney J. W. Carpenter. The case of A. #### ferred to Attorney J. E. Sickler. Before Judge Edwards.

Judge H. M. Edwards is presiding in court room No. 2 this week, and before him was called the case of the Scranton Dairy company against M. D. Breschel and others. The action was to collect for milk furnished to Breschcl. His defense was that the milk was furnished to his brother not to him The jury decided nevertheless to find for the plaintiff and returned a verdict of \$35.54.

Before Judge E. C. Newcomb in the main court room, the suit of Edward Welsh against Daniel Wayno was tried. The latter built a house in Old Forge and the contract was awarded to Roland Belles. Walsh was a subcontractor to do the lathing and plastering and he alleges that Mrs. Wayne told him to proceed with the work and she would see that he was paid. Wayno, it is alleged, also gave the same assurance. When the plaintiff rested, Attorneys M. J. and T. A. Donahoe asked for a non-suit, but it was refused and the defense was then put in. It was a denial of the alleged verbal contract which Walsh said he made with the Waynos. Attorney John F. Murphy appeared for the plaintiff. The case went to the jury at 4 o'clock and court adjourned for the day, there being no other cases ready for trial.

displayed heaviness included the Pacific at one time being very marked. In the special class, Colorado Fuel, United States Steel, American Smelting, Sugar and a fe wothers were steady, Sugar making a material net gain. For the most part, however, changes were unimportant, early session were narrow, traders showing a disposition to await developments in the local financial situation. The decline of 3½ points in General Electric resulted from reports of labor troubles at the company's works at Schenectady. Profit taking in the last hour brought recessions to a number of active issues and while the market railied the closing was irregular. The question of increased railway wages continued to be a matter of serious discussion as well as the congestion of freight traffic on the leading roads and it is becoming clearer daily that the capacity of practically every trunk road will be taxed to the utmost. Total sales, 701,200 shares, Bonds were irregular on a small range. Total sales, par value, \$2,50,000. United States old 4s declined 1; per cent on the last call.

# THE MARKETS.

Wall Street Review.

New York, Nov. 17.—The stock market presented few, if any, marked characteristics today. The opening was decidedly irregular, but gave away to a better feeling before the end of the first hour, when it became evident that certain vague rimors of "Trouble" were unfounded. The feature of the early trading as well as of the entire day was Manhattan, which was exceptionally strong and active, making a maximum and net gain of over 5 points on transactions that more than exceeded one-fifth of the day's total operations. The rise in this stock which was bought openly in big blocks by brokers who usually represent Gould interests, revived the old story that Manhattan is to be taken over by the New York Central on a guaranteed dividend. No confirmation of this was obtainable, nor did any great amount of credence attach to it. The other tractions were fairly strong in sympathy. Metropolitan on very light transactions gaining over a point with a fractional advance in Brooklyn Transit. Considerable attention was drawn to St. Paul by reason of its rather irregular movements and the stock closed with a slight loss. New York Central which made an early gain of 1½ lost much of its advance and Baltimore and Ohlo fell over a point from the top in spite of its good showing in carnings for the tiscal year. Other active railway issues that displayed heaviness included the Pacific group, the pressure against Union Pacific at one time being very marked. In the special class, Colorado Fuel, United States Wall Street Review.
