

Thanksgiving means being thankful. You cannot be thankful unless you have something to be thankful for. Many people think that all they have to be thankful for is the Turkey they eat for their dinner. You have reason

to be thankful for the opportunity to buy first-class clothing at a price that suits any purse.

Notable Offerings from the Boys' Clothing Department.

Complete Outfitters to Men and Boys.

THE MARKETS.

Wall Street Review.

New York, Nov. 21.—The marked improvement shown by today's stock market was doubtless due in a great measure to the greater case of time money. There was no apparent reduction in the rate, but the willingness of certain large banking interests to lend for long periods was accepted as proof that financial conditions hereabouts have once more been placed on a substantial foundation. There were indications also that the flow of money to interior points is at an end. While much of today's business was really in the nature of short covering, there is little doubt that the solid interests were heavy buyers. For the first time the weak movement in Manhattan was overshadowed by that of another stock, namely St. Paul. That stock, which was dealt in to the extent of over 100,000 shares advanced to 180 and closed at that figure; making a net gain of 6% points. The opening was again bregular with Manhattan in the lead, though the other tractions were lower. St. Paul made early improvement and Louisville and Nashville was also strong. The movement in the rallway shares gathered greater force before the end of the first hour. In the industrial group Sugar and Amalgamated, Tennessee Coal and Iron and United States Realty issues being the principal features. It was clear that the shorts were running to cover, especially in Copper. The heaviness of Manhattan probably was due in part to profit taking by pine or more pools. The improvement shown during the morning session was more than sustained later and with St. Paul still the leader the list continued upward until at times the movement was almost buoyant. The busing of such stocks as St. Paul. Louisville and Nashville, some of the Pacifics, Battimore and Ohio, Pennsylvania. Reading and Copper was reported to be of the very best character and board room seutiment was more cheerful than for some days. The closing was very strong and active with prices very generally at the best. Total sales for the day, 1,083,000 shares. Bonds sympathized with the rise in st Wall Street Review.
