SPLENDID PROGRAMME FOR INSTITUTE WEEK

City Superintendent of Schools Elmer E. Garr, A. M., has Procured Some of the Best Instructors in the County to Aid Teachers in Their School Work—The Purpose in Arranging the Week's Programme and the Lecture Course.

With the hope and purpose of deriving every benefit possible there is in institute work, primarily that the teacher may be reinforced in her knowledge and simplified in her methods, and through her the children of the school district be aided in the course of their education, City Superintendent of Schools Elmer E. Garr has shown the utmost discrimination in his choice of instructors and has given the programme for this year's institute. The institute will open next Monday morning, in the assembly room of the High School, and from the educational material in the speakers, which Superintendent Garr has been fortunate in procuring, the prediction is justified that with the wonted spirit of co-operation on the part of the teachers, rare, listing results will mark the week's meetings. The public, the parents of scholars, and those interested in the cause of education, and this means every citizen, should indicate an interest in this means of education, by attending the institute meetings, to which every one will be heartily welcomed.

During the week there will be four special lines of study, namely: language, mathematics, psychology, drawing. There will be eight lectures on language and English, eight on mathematics, four on psychology, four on drawing, twenty-four in all. Aside from these are the lectures in the entertainment course at the Grand. These have been arranged not with the idea of profit, but solely for the public good. Last year's course meted nothing out. It is not expected that this season's will be an exception. It is felt that if the public be benefited, it will be a sufficient recompense.

The instructors which Superintendent Garr has secured are: Miss Laura D. Hagar, Buffalo, N. Y.; Miss Mary E. Hyde, Binghamton, N. Y.; Dr. Thompson, Jersey City; Prof. George Hall, Millersville Normal school; Prof. E. L. Kemp, principal of East Stroudsburg Normal school. All with the exception of Miss Hagar, are authors of one or more text-books and all have wide experience in institute work throughout the country.

Miss Laura D. Hagar, who will give the lectures in language, is an instructor of wide experience in institute work, having lectured before teachers all over the country. She is in charge of the Buffalo Training school for teachers in Buffalo, N. Y.

Dr. Thompson, instructor of drawing, is connected with the public schools in New Jersey. He is the author of Hull's system of drawing.

Prof. Hall, who will be in charge of the mathematical instruction, has a high standing among educators. He is an instructor at Millersville Normal school and is the author of arithmetic, mental and practical, algebra and geometry text-books.

Miss Laura D. Hagar is so well known to Carbondalians that he needs no introduction. He is principal of East Stroudsburg State Normal school, and the author of a book on psychology, on which he will talk to the teachers.

The programme of the week is as follows: December First. AFTERNOON. 1.30—Music. 1.40—Elementary Language. 2.30—Drawing. 3.30—Advanced Mathematics. EVENING. 8.15—Concert, Shylock's Jubilee Singers, December Second. MORNING. 9.30—Music. 9.35—Advanced Mathematics. Prof. George Hall. 10.30—Drawing. Dr. Thompson. 11.00—Elementary Language. Miss Laura D. Hagar.

A CASE OF LOCK-JAW.

A Man Named Adams, Who is Visiting at Home of Son-in-Law, Ervin H. Stone, Stricken with Deadly Tetanus. An aged man named Adams, who is visiting on Park street at the home of his daughter, Mrs. Stone, wife of Ervin H. Stone, foreman of the oil department of the Hendrick Manufacturing company, is suffering from the deadly tetanus, or lock-jaw.

Adams, whose home is near Chimchilla, was injured a week ago Monday. While about the barn of his son, he fell, sustaining a gash on his nose. He did not appear to be any the worse as a consequence of the accident, except that he was somewhat nervous. A few days later, he came to Carbondale to visit at the Stone residence. Saturday he was taken sick and on Monday his jaws became locked. As the tetanus grew, which causes lock-jaw, is found in his teeth and about his eyes. It is supposed that the old man was inoculated with the germ that was in the dirt on the floor of the barn, and got into the gash on his nose.

Dr. D. L. Bailey was called to attend the patient. The tetanic attack has been administered since Monday, and seems to have some effect. As the sufferer has lost his teeth on account of his extreme old age, being about 80, it was not a hard matter to give him nourishment by means of tubes. This has been a great factor in sustaining him. Yesterday he was able to open his mouth just a little. While this gives some hope, yet this is not saying a great deal, as lock-jaw is regarded as deadly.

THE HOOK AND LADDER.

Columbia Company Abandon It and Another Company Organized. The hook and ladder project, which was first taken up and developed by the Columbia hose company, was abandoned by the organization at a meeting held in the hose house last night. The matter was thoroughly canvassed and the judgment was unanimous that there might be a possibility of friction with the company afterwards. It is supposed that the old man was inoculated with the germ that was in the dirt on the floor of the barn, and got into the gash on his nose.

ANNIE OAKLEY TONIGHT.

Miss Annie Oakley, who for several years was the star attraction of Buffalo Bill's "Wild West," will be seen at the opera house tonight, as "Nancy Barry" in the "Western Girl." Miss Oakley has astonished her most ardent admirers by the force of her personality of a character peculiarly suited to her temperament and ability. She has been surrounded by an excellent company which includes such well known players as Frederick Mosley, Robert Dwyer, H. A. Moray, Charles H. Phillips, Julia Bachelder, Jeanette Farrell and Louise Sydneth.

Thanksgiving Day at Postoffice.

Thanksgiving Day (Thursday, Nov. 27, 1902), legal holiday. Postoffice hours for general business from 7 a. m. to 12 o'clock, and from 3.30 p. m. until 6.30 p. m. for lock box owners only. One general delivery of mail by carriers. No money order or registry business done on this day.

Should Be Well Patronized.

The Woman's Auxiliary of the Emergency hospital will conduct a cake sale today in the Palace creamery, Salem avenue and Church street. The enterprise will give opportunity to buy an acceptable delicacy for Thanksgiving day. The dainties will be home-made, thus assuring their quality. The sale should be well patronized, as it is for the benefit of Carbondale's splendid charity, Emergency hospital.

FRANK MORGAN'S FATE.

Crushed to Death Under His Coal Train. Conductor Frank E. Morgan, of the Delaware and Hudson, whose death was briefly mentioned in yesterday's Tribune, met his fate by falling through the trap door of a gondola, which was open unknown to him. After the train left the yard of Nineveh, Morgan started over the train to get the train orders which were being received at the telegraph station about a mile away. He was about on the seventh or eighth car when he fell through the open door. When the telegraph station was reached, Morgan was not to be seen. Filled with apprehension, the trainmen went back and found Morgan lying dead between the tracks. He was crushed to death by the brake beams. The fatal happening took place between 9 and 10 o'clock. The deceased reached this city about 5.30 o'clock and was taken to the residence in South Terrace street.

Mr. Morgan was born at Welsh Hill, Susquehanna county, February 18, 1878, and lived in Carbondale since he was 6 years of age. He was a railroad trainman about nineteen years and was a charter member of the Brotherhood of Trainmen, and was conspicuous in the order of Railway Conductors. He had the respect and confidence of his associates on the railroad. His quiet, unassuming manner and his kindness of heart united him to a wide circle of friends. His death was received with deep sorrow by those who knew him. His grief-stricken wife has the warm-hearted sympathy of the community.

Mr. Morgan is survived by his son, Francis Morgan, the following brothers, Walter Morgan, of Luzerne, William J. Morgan, traveling circulation agent for The Tribune, Oscar and Edwin, of this city, and David Morgan, of Minneapolis; and a half sister, Mrs. Henry Seely, of Scranton. Mr. Morgan's brother, Thomas Morgan, died a year ago this month.

The funeral will take place Thursday afternoon at 3 o'clock. Services will be in the First Presbyterian church. Rev. Charles Lee, the pastor, will officiate. Burial will be in Brookside cemetery.

TO THE PUBLIC.

Board of Health Issues Warning Through Secretary Shepherd. The following notice to the public which was given at Monday night's meeting of the board of health was inadvertently crowded out of yesterday's issue. The notice, which is in part the present so-called epidemic in Carbondale, reads:

To the General Public: The city is almost entirely free from contagious diseases at the present time, and while there is about the normal amount of sickness which is usually experienced this time of the year, it is thought that conditions could be improved to a great extent if every one would take a personal interest in the matter and see to it that they have their yards clean and have removed all garden rubbish, ashes, etc., that may have accumulated on their premises. The annual fall rains, which we have had during the past summer has no doubt had a tendency to make unsanitary the heaps of refuse that have been standing for any great length of time, and while there is no great cause for anxiety from that source during the winter months, when the weather is cold, yet it is better to co-operate to that end. Start today.

All rubbish that is taken away now will be just so much less to be disposed of later, and while there is no great cause for anxiety from that source during the winter months, when the weather is cold, yet it is better to co-operate to that end. Start today.

Do not wait to be asked, but take a personal interest in the matter and see to it that you cannot make Carbondale one of the healthiest cities in the state.

Yours truly, J. H. Shepherd, Secretary Board of Health.

TO DISCUSS TYPHOID.

Carbondale Medical Society's Topic for Tonight's Meeting. The Carbondale Medical Society will hold a regular meeting in the office of Dr. W. W. Fletcher, 19 North Main street, tonight.

The "Nursing and Sanitation" will be the topic of discussion, and a timely selection in the face of the widespread prevalence of fever cases in the city at the present time. An element that contributes to the value of this discussion is the doubt, of difference of opinion, that exists as to these cases being typhoid.

The programme is as follows: SYMPOSIUM—TYPHOID FEVER. "The Diagnosis".....Dr. J. S. Niles. "The Nursing".....Dr. D. L. Bailey. "The Prevention".....Dr. D. L. Bailey. "The Treatment".....Dr. S. S. Shields. "The Bacteriology".....Dr. B. H. Jackson. "Sources of Infection".....Dr. H. G. Wheeler. "Complications and Sequelae".....Dr. J. G. Harper.

Each paper to occupy five minutes only. Followed by general discussion.

Unclaimed Letters.

The following is a list of letters remaining in the Carbondale postoffice, November 26, 1902, for persons unknown: Patrick Barrett, Matt J. Caffrey, Master Claude Caffrey, George Harris, Arthur Hollenback, Robert H. Kane, Albert Johnson, Dr. T. J. Lamb, M. M. McCann, Joseph McDonald, Richard J. Rosemergy, Louis Rudler.

CURING CONSUMPTION.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption. Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system. Scott's Emulsion is a reliable help. Send for Free Sample. SCOTT & BOWNE, Chemists, 108 Pearl St., N. Y.

An Ideal Women's Medicine.

So says Mrs. Josie Irwin, of 325 So. College St., Nashville, Tenn., of Lydia E. Pinkham's Vegetable Compound.

Never in the history of medicine has the demand for one particular remedy for female diseases equalled that attained by Lydia E. Pinkham's Vegetable Compound, and never during the lifetime of this wonderful medicine has the demand for it been so great as it is to-day.

From the Atlantic to the Pacific, and throughout the length and breadth of this great continent come the glad tidings of women's suffering being relieved, and thousands upon thousands of letters are pouring in from grateful women saying that it will and positively does cure the worst forms of female complaints.

Mrs. Pinkham invites all women who are puzzled about their health to write at Lyndebank, Mass., for advice. Such correspondence is seen by women only, and no charge is made.

William Seely, Matthew Sheridan (special delivery), Henry Swedler, Mrs. Margaret Brennan, Mrs. Sarah Hall, Mrs. E. M. Mason, J. H. Thomas, Postmaster.

OBITUARY.

JAMES CARDEN, one of the pioneers of Carbondale, father of Patrolman Patrick F. Carden, died early yesterday morning at the residence of his son, Thomas Carden, at Mayfield, whither he went from this city a few months ago. Death was due principally to miners' asthma, which has since been his ailment. James Carden was a native of the half century of employment in the mines.

The deceased was a native of county of Mayo, Ireland, but came to this country in his boyhood, settling in Carbondale, which has since been his home. Several weeks ago he took up his residence with his son, Thomas Carden, in Mayfield. Mr. Carden was a prominent type of the genial and humorous native of Ireland. This made his company always entertaining and enjoyable. His friends were all those with whom he came in contact, for his warm-heartedness and gentleness were sure to attract and retain friendships.

He was a member of St. Rose church and was ever faithful to his devotions. His calling away will be reflected among his numerous friends. This is the second death in the Carden family within about six months, the son James Carden, Joseph Carden and John Carden, of this city, and Thomas Carden, of Mayfield.

The survivors are one daughter, Mrs. Thomas Walsh and five sons, Patrolman P. F. Carden, Constable Martin Carden, Joseph Carden and John Carden, of this city, and Thomas Carden, of Mayfield.

The funeral will take place Thursday forenoon. A high mass will be sung in St. Rose church, commencing at 10 o'clock. Burial will be in St. Rose cemetery.

TONIGHT'S ENTERTAINMENT.

A Unique Offering at the Berean Baptist Church. The ladies of the Berean Baptist church will hold a musical entertainment at the church this evening. The programme will be something of a novelty. An entertainer from Scranton, C. E. Weston, will have an important part in the programme. He will play selections on musical glasses and to story-telling will add imitations on the piano. Local talent will include Miss Isabel Mitchell and of the Mozart orchestra members, Walter Histed and E. J. Bly.

The programme is as follows: Piano solo, Leon L. Bly; clarinet duet, Wallace H. Henson. Another on the musical glasses, C. E. Weston; vocal solo, Miss Isabelle Mitchell; humorous stories, C. E. Weston; vocal duet, Mrs. Whalen and Mr. Williams; stories and piano imitations, C. E. Weston; piano duet, Misses Hall and Kahl.

COMING WEDDING.

Watt-Atherton Nuptial Announcement. Mr. and Mrs. William Wallace Watt yesterday announced the wedding day of their daughter, Miss Isabelle Freeman Watt, who will be married to Thomas Sayre Atherton on Thursday, December 11. The invitations which were issued to the friends of the families announce the nuptials to take place in the First Presbyterian church, this city, at 4 o'clock in the afternoon of the eleventh. The news of the nuptials will be received with eager delight by the friends of both families, who are among the oldest and most conspicuous in the history of this valley.

Olyphant Man at Coalbrook.

The successor to James Williams, as assistant foreman at Coalbrook breaker, under Foreman John J. Scott, is Thomas Curran, of Olyphant, who was a foreman at one of the Delaware and Hudson mines in that borough. Mr. Williams, it will be recalled, was promoted to the vacancy at No. 1, caused by the death of James Clark. Mr. Curran assumed his changed duties yesterday. He will be welcomed to Carbondale, where he already has numerous friends.

CLARK'S SUMMIT.

The farmers' institute will be held this year on December 9 and 10, beginning at 1.30 p. m. on the 9th, in the Methodist Episcopal church. Mrs. Charles Dalbey and two children visited friends here last week. Mr. and Mrs. John Dymond, of

Connolly & Wallace Scranton's Shopping Center

If you see something now that will make a good Christmas gift, you can buy it and have it held until you want it delivered. In the hurry of Christmas shopping you haven't time to stop and examine the goods thoroughly. Buy at a store you can trust.

An Early Christmas

And a good Christmas! Good times means good wages—and good wages means good holiday trade. We felt the pulse of business and got our Christmas goods in early. Lucky we did, for the crowds are coming already as they never came before. Now is the best time to shop. Said an editorial in a paper a few days ago: "The prudent holiday shopper will visit the stores and make his purchases before the eager rush and crush of the season fully sets in; when salesmen are not so busy as they will be later, and when the selection of gifts can be made with comfort and deliberation."

Mr. Editor should have further said: Shop early in the day—before 10 o'clock, if possible.

And buy your Christmas gifts from the store that has your confidence—and that has never abused it.

Women's Tailor-Made Suits \$10 to \$50

Beautiful and unusual suits, made of novelty materials, such as hopsacking and dotted effects. Some are of simple cheviot and broadcloth, and have all the novelty in the vests and trimmings.

Velour Wraps

Next to ulsters, the beautiful Velour Wraps—blouses and coats—that came from Paris have brought us more prestige this year than anything else.

Silk Petticoats

Silk Petticoats are one of the things we've learned from the French. As soon as a new idea breaks out in Paris it flashes over here our makers take hold of it and turn it into an American almost before you can say Jack Robinson.

Silk Mufflers \$1 and \$1.25

To cover up the crack where cold creeps into your neck. Mostly black and white, of broadest silk.

Leather Goods

Of all the styles adopted by Paris this year, the wrist bag is not only the most feminine but the most pronounced. Women in this country have taken it up willingly, for the wrist bag gives them the comfort of a chaine, a great deal of style, and a pocketbook in one.

Furs

What would you think of us if we couldn't sell Furs, as well as everything else, for less than you can get them elsewhere.
