"In my experience many American women have not the strength to take up outdoor sports, many lack the inclination for active physical exertion, household cares or office work-they feel languid, tired and worn-out by the weaknesses so common to their sex. Some women have household duties which keep them shut up at home. For all such persons I should advise a few simple daily exercises, with light dumbbells, devoting only ten minutes of the day to it at first, and gradually increasing it until they find that their whole being is stimulated and strengthened by it. If the young girl-or the matron-is troubled at certain periods with irregularity, weakening drains, and backache-perhaps faint and dizzy spells-then she should take something medicinally to cor-

rect these faults. Nothing could be better than a prescription which Dr. R. V. Pierce used in his large practice for many years, in the diseases of women. This "Favorite Prescription" of Dr. Pierce has had an immense sale for the past thirty-six years, because of its uniform success in the cure of women's diseases, and because of the many thousand women who have attested to its merit. Being made entirely of extracts of roots and herbs, without alcohol, it is perfectly harmless to the most delicate system, and the best ready-to-hand remedy in the market."

"To insure perfect health, every tissue, bone, nerve, tendon, or muscle should take from the blood certain materials for its nourishment and growth. Every organ must have its period of activity and of rest, so as to circulate the vital fluid in a proper manner to nourish every part. This is why I believe in advising every woman to take gentle exercise out of doors or indoors. If the functions are not regular or the pains are severe then she should at once use a reliable remedy."

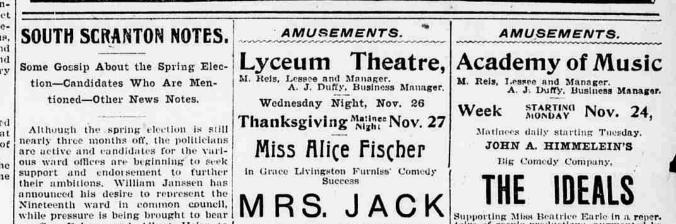

Mrs. A. BELYEA, of Rockland, New Brunswick, said :

"I suffered more than a year from nervousness and functional derangement. Had pains in the left side of abdomen all the time. Some days could hardly get around. Kept my bed about half the time. I wrote to Dr. R. V. Pierce, of Buffalo, N. Y., and got his advice for which I have ever been thankful. I began taking 'Favorite Prescription' right away as he advised. It makes me sleep well at night which I never did before, and I feel rested. Can truthfully say Dr. Pierce's Favorite Prescription has cured me."

Mrs. O. O. SCRIPTURE, of Prescott, Arizona, said :

"Words cannot express how grateful I am for what Dr. Pierce's Favorite Prescription has done for me. For nearly ten years I was a great sufferer with ulceration and sickness peculiar to women. I doctored for several years; got no better until I began taking the 'Prescription.' Now I can stand on my feet and work hard all day. I feel that life is worth living, and shall always recommend Dr. Pierce's medicines."

ADVICE TO MARRIED WOMEN, You should have a good medical book that tells you about ADVICE TO MARKIED WOINER, the womanly system; treats fully of Physiology and Anatomy; wilehood and motherhood. Read Dr. Pierce's Common Sense Medical Adviaer. It contains over 1000 pages. A copy, paper-covered, may be obtained absolutely FREE, by sending 21 one-cent stamps, to cover cost of mailing ONLY. If French eloth binding is desired, send ten stamps extra (31 cents in all), to the Warld's Dispensary Medical Association, 668 Main Street, Buffalo, N.Y.
