

DUNMORE DOINGS

MATTERS IN DISPUTE ARE ARRANGED.

Joseph Stein Will Give Possession of the Property to the Bank Within Ten Days—Building Is to Be a Combination of Stone and Pressed Brick, and Will Be a Modern Structure—Marriage of Miss Nellie Walsh to Joseph Gallagher—Old Folks' Concert.

The matters in dispute between Joseph Stein and the directors of the new bank have been amicably adjusted, and Mr. Stein will give possession of the property now occupied by him within ten days.

Work will immediately be begun on the new structure, which will be built after plans prepared by Architect J. A. Duckworth. The building is to be a combination of stone and pressed brick, and will be far and away the most modern building in town.

It will be two stories high, the upper floor being divided into three suites for office purposes, its central location affording admirable arrangements as to light making it an ideal place for that class of tenants.

The first floor will contain a spacious banking room, as well as a directors' room, cashier's room, and a room for the use of depositors wishing to make up pay-rolls, etc. It is hoped to be able to complete the structure in three months. Mr. Stein will remove his restaurant business to the Daily building, of which he has secured a five-year lease.

Gallagher-Walsh Nuptials.

Miss Nellie Walsh, the accomplished daughter of Mr. and Mrs. James Walsh of North Blakely street, was united in marriage to Joseph Gallagher, by Rev. M. B. Donlan, at St. Mary's church yesterday morning at 9.30 o'clock. Miss Josie Gibbons, of Avoca, acted as bridesmaid, and John Gallagher, a brother of the groom, acted as best man.

A wedding breakfast was served at the bride's home, to which the intimate friends were invited. Mrs. Gallagher has for some time occupied a responsible position with the International Correspondence schools, while Mr. Gallagher holds a clerical position under the Erie Railroad company. Both have hosts of friends, who wish them all joy in their new life. They left on the 1 o'clock train on an extended wedding tour, after which they will be at home in town.

Old Folks' Concert.

The Old Folks' entertainment given in the High school yesterday afternoon was attended by a large number of our townspeople and pronounced the best yet of the many pleasing weekly affairs being given by the scholars. The character sketch of Misses Sallie Chamberlain and Agnes McKane was unusually good and showed a decided natural bent for that kind of work. The work of all the participants showed careful preparation and a growing interest in their work.

Have Changed Hands.

The plant of the Model laundry, which for some time has been conducted under the management of E. E. Vicker, has been purchased by three of the borough's most progressive young men, who soon expect to make it indeed a model laundry.

Those interested are William J. Crane, who for some time has been manager of the Green Ridge Iron works; Thomas Taylor, of the Erie engineer corps, and John Walsh, who has had charge of the Dunmore end of the Crystal Laundry for a number of years.

NEWS IN BRIEF.

The concert given by the choir of St. Mary's church in Washington hall last evening was largely attended, as affairs under the choir management al-

ways are, and was a decided success in every way.

Mr. and Mrs. Clayton Dalrymple and Miss Crystal Dalrymple are spending the day at Carbondale.

Miss Lucy Heal, of Greenfield, is visiting her parents, Mr. and Mrs. Joseph Heal, on Church street.

Miss Daisy McCrory, of the High school commercial department, is visiting friends in Wilkes-Barre.

Mr. and Mrs. Edward Noggle, of Pittston, are guests at the home of P. B. Sanders, on Blakely street.

Mr. and Mrs. John Keagle, of Wilkes-Barre, are guests of Mrs. Keagle's mother, Mrs. William Henwood, of North Blakely street.

John Hunter, of New York, is the guest of his cousin, William Moffatt, of Dudley street.

Gilbert Close, a student at Princeton university, is spending the Thanksgiving vacation with his mother on Elm street.

The I. T. C. club, comprising a number of the younger social set, were entertained at the home of Miss Jessie Moffatt, on Dudley street, last night. Progressive euchre and dancing were enjoyed until a late hour, and a very enjoyable evening was spent by those present.

The Dunmore High school foot ball team will leave this morning for Pittston, where they will play their last game of the season with the team representing the Pittston High school.

The Ladies' Guild, of St. Mark's church will serve a turkey dinner in the Parish house, today, from 12 until 3 o'clock.

OLYPHANT.

A very pretty wedding was solemnized in St. Patrick's church last evening at 6 o'clock, when Miss Katherine Foley, daughter of Mrs. John Foley, of Dunmore street, and P. C. Corcoran were joined in marriage. The auditorium contained a large gathering of friends of the young couple, who had assembled to witness the marriage.

The wedding party entered the church as the Angelus was ringing, to the strains of the Mendelssohn wedding march, played by Miss Nettie McDonnell. They were met at the altar by Rev. J. J. O'Donnell, the curate, who performed the ceremony. The bride presented a charming appearance in a costume of dark blue tulle cloth, over a gown of green silk, and wore a white beaver hat trimmed with white plumes. She was attended by Miss Harriet Hoban, who looked lovely in a gown of dark blue tulle, over blue silk, and wore a blue hat. Both carried prayer-books. Anthony Corcoran, a brother of the groom, acted as best man, and immediately after the ceremony the wedding party were driven to the home of the bride's brother, T. J. Foley, at Pricburg, where a reception was held for the relatives of the contracting parties. Later in the evening Mr. and Mrs. Corcoran left for New York, where they will spend their honeymoon, and on their return they will reside at this place. A host of friends extend to them their sincere wishes for a happy and prosperous wedded life.

Dr. Edward Pennybacker, who recently returned from the Philippines, was a caller in town yesterday.

An interesting home wedding occurred last evening, when Miss Della Watkins and William P. Williams, of Providence, were made man and wife. The ceremony was performed at the home of the bride, on Hill street, at 8 o'clock, by Rev. W. F. Davis, of Providence, and was witnessed by the immediate relatives of the bride and groom. After congratulations had been offered, a sumptuous wedding supper was served. Mr. and Mrs. Williams will reside in Providence.

The Ladell Comedy company will open a three nights' engagement at the Father Mathew opera house tonight. Miss George Jones left yesterday to spend a week with her parents at Hersick Centre.

C. W. Houser is spending a few days at Norwich, N. Y.

Mrs. Arthur O'Hara, of Port Jervis, is visiting friends at this place.

Miss Catherine Jennings, of Scranton, spent yesterday at this place.

Miss Kate Lally has accepted a position in Lynch's store.

Miss Mary Ward, of Avoca, is visiting relatives in town.

NOT PLEASED WITH THEIR TREATMENT

[Concluded from Page 1]

have all along said that conditions do not warrant an increase in wages. If the commission sees fit to raise wages after hearing our testimony, it is the commission which will have to answer the public's question as to why they pay an increased price for coal.

Local superintendents of the coal companies, in common with the independent operators, are highly pleased at the new turn in events. Work on statistics and like evidence for the consideration of the commission is being pushed with all possible haste. Some companies have as many as one hundred men working on these statistics.

The ostensible purpose of the adjournment of the commission was to give opportunity to the accountants on both sides to get together and agree upon certain facts relating to the mathematics of the controversy. Nothing has been done, so far in this line, and as Judge Gray's hope that "nearly all, if not all" of the points in dispute might be amicably adjusted, is not to be realized, the ten day recess, it would seem, is so far all in vain.

It is likely that today the accountants will get together and do what they can between now and next Tuesday to carry out the purpose of the adjournment. Mr. Darrow said yesterday that the miners' accountants were ready to go ahead with the work and with the consent of the operators will enter upon this task today.

There was a story abroad yesterday to the effect that President Mitchell had summoned the executive boards here to confer about the failure of direct negotiations. Mr. Mitchell stated to a Tribune reporter last night that this was not so. He had informal conferences yesterday with the officers of the mine workers who are here to attend the sessions of the commission, but has not even considered the calling together of the executive boards.

Proceedings in Book Form.

Recognizing the widespread interest taken all over the country in the testimony and argument before the Anthracite Strike Commission, The Tribune will print in convenient book form the reports appearing in its columns from day to day, and will offer a limited edition of copies for sale at \$1 each. The volume will consist of several hundred pages, eight by eleven inches, and will appear as soon as the commission renders their decision. The daily reports in The Tribune miss nothing of essential interest and are the fullest and most accurate reports printed in any newspaper. Orders should be sent to The Tribune now as the edition is liable to be exhausted.

TRULY A GOLDEN AGE.

No Prior Epoch in Human History Begins to Compare in Grandeur of Achievements with That in Which We Live.

From the New York Sun.

A posthumous essay by John Fiske, on "Evolution and the Present Age," appears in Harper's Magazine for November. It has the beautiful lucidity and nice sense of proportion which always distinguish the literary work of Mr. Fiske and bring clearly to the popular comprehension the most profound questions of scientific thought. That is, his style is the modern style, and his one of the products of the historical evolution and intellectual illumination of which he writes in this essay. John Fiske was a man of rare simplicity and gentleness of character who, forgetting himself without a trace of self-consciousness, was widely and intelligently his effort to obtain a mastery of his subject, in order to elucidate it. Hence comes the charm of his style.

MAGICAL OKLAHOMA.

From the New York Herald.

One year after the opening of the Kiowa and Comanche Indian lands to settlement, 75,000 people have permanently located in the new territory. The estimated value of 13,000 homesteads at the lowest possible estimate is \$5,250,000. Lawton, the metropolis of the new country, has a population of more than 7,000. The value of its town lots and improvements is in excess of \$1,250,000, and the other towns in the new country are worth fully as much more.

ARE YOUR KIDNEYS WEAK?

Thousands Have Kidney Trouble and Never Suspect It.

To Prove What the Great Kidney Remedy, Swamp-Root, Will Do for YOU, Every Reader of the Scranton Daily Tribune May Have a Sample Bottle Sent Absolutely Free by Mail.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected, and how every organ seems to fall to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

Weak and unhealthy kidneys are responsible for many kinds of diseases, and if permitted to continue much suffering with fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often during the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back joints and muscles; makes your head ache and back ache, causes indigestion, stomach and liver trouble, you get a sallow, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away.

The cure for these troubles is Dr. Kilmer's Swamp-Root, the world famous kidney remedy. In taking Swamp-Root you afford natural help to Nature, for Swamp-Root is the most perfect healer and gentle aid to the kidneys that is known to medical science.

If there is any doubt in your mind as to your condition, take from your urine on rising about four ounces, place it in a glass or bottle and let it stand twenty-four hours. If on examination it is milky or cloudy, if there is a brick-dust settling, or if small particles float about in it, your kidneys are in need of immediate attention. Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves who have kidney ailments, because they recognize in it the greatest and most successful remedy for kidney, liver and bladder troubles.

If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

EDITORIAL NOTE—You may have a sample bottle of this wonderful remedy, Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root, and containing many of the thousands upon thousands of health facts that have been proved from men and women who owe their good health in fact their very lives to the great curative properties of Swamp-Root. In writing to Dr. Kilmer & Co., Binghamton, N. Y., be sure to say you read this generous offer in the Scranton Daily Tribune.

MEXICO'S BIG TREE.

From the Chicago Record-Herald.

There stands a tree in the tropics of Mexico the sight of which is worth the whole of the trip from Mexico City to the little Indian village of Tule, one the road to Mita.

This giant of a prehistoric forest is known as the Tule tree, the name being pronounced in two syllables and as though it were spelled Tulee. In past years many trees have come as the front as claimants to the distinction of being the largest tree in the world, and not infrequently one of these imposters secured that honor.

Only a short time ago a new tree was discovered in California of the Mariposa variety, and it was heralded as the biggest tree in the world, its circumference being 109 feet. The big Tule tree is forty-five feet two inches to the good of this new western wonder, and the fact that its position has not hitherto been more firmly established is due to the few people who have seen it. Not every one who goes to Mexico goes to Mita, and if you don't go to Mita, or nearly there, you cannot see the big

Tule. Accordingly, comparatively few people have seen its glories.

There are many California trees which would make more lumber than the big Tule, for its trunk is not high and its abundant tropical foliage almost reaches the ground. Despite this fact, it "takes two looks to see the top," and twenty-eight people standing with outstretched arms and touching fingertips can scarcely encircle the trunk. The tree stands in the churchyard of Santa Maria del Tule, and many scientists believe that it guarded the beautiful tropical valley when a prehistoric race was building what are now the famous ruins of Mita. It is the ancient of ancients, and the natives look upon the tree with veneration and love, believing that in some way it is a guardian of the people. Humboldt, the great German traveler, took great interest in the tree and had a wooden tablet placed upon it. The bark of the tree has partially overgrown the inscription on the tablet. The tree is a species of cypress, and is called ahuehuatl by the natives.

TO BE FIRST

is to occupy an enviable position. Many aspire for first place, but few attain it. To acquire the lead, aspiration and push alone are not sufficient—merit is required. This is exactly why BEECHAM'S PILLS stand foremost among medicines, —they possess real merit and have proved themselves worthy of a permanent position in the family medicine chest. Trial purchasers become regular users, because they find nothing to equal BEECHAM'S PILLS for dispelling Bilious and Nervous disorders, Indigestion, Sick Headache, Languor, and other such troubles which arise from a Disordered Stomach. They regulate and tone up the entire system. The genuine worth of Beecham's Pills has obtained for them the unique position of having the Largest Sale of any Patent Medicine in the World.

Sold at all Drug Stores, in 25c. Boxes.
