The repairs needed on Washburn street, between Everett and Grant avenucs, reported at the last meeting of the board, have been attended to by the department of public works. The president and secretary were appointed a committee to arrange for a pro-gramme for the January meeting.

It was proposed that a speaker be secured to give the board a talk on the subject of municipal improvements, after which a smoker will be enjoyed. The suggestion was also made that whatever improvements are needed, the West Scranton councilmen should have provision made for them in next year's appropriation ordinance.

An encouraging report was also made that the spike mill in the Keyser Val-ley is working night and day filling the demands for their product. The streets be on a bicycle.
