Apology.

We regret our supply of stools, advertised for 3-Hour Sale, was not sufficient to supply the great demand. We had only 750, which lasted but one hour, instead of the three advertised. We will try to make reparation, and have ordered a double quantity, which we will advertise upon receipt and sell at same low price.

Very respectfully,

"The Store That Saves You Money."

THE MARKETS.

Wall Street Review. Wall Street Review.

New York, Dec. 12.—There was a sudden revulsion of centlment during the day's trading at the stock exchange which transformed a demoralized market into what looked like an animated bull speculation. Undoubtedly the bear account, which had suddenly expanded to unwieldy proportions in the last three days, was partly responsible for the sudden and violent recovery of prices, but the change in sentiment on the part of this element was prompted by the evidence of large and influential buying of a more substantial character. Total sales today, 104,300 shares. Bonds raillied from early weakness in sympathy with stocks. Total sales par value, \$4,495,000. United States bonds were all unchanged on the last call.
