Mitchell Recalled. President Mitchell of the United Mine Workers was called to the stand for further cross-examination by James J. Torrey, of counsel for the D. & E. company.

Received 28 Cents. The witness testified he has worked in the breaker for a year and that he receives 28 cents a day. Last month, he said, the company kept the tent out of his pay and he received only 28 cents. He knew of another boy, Mike Curry, who received only one cent pay last month, the company having retained his father's rent bill.

THE BEST OF BACKS ARE BAD WHEN THEY ACHES, AND SCRANTON PEOPLE KNOW IT.

A bad back is always bad. Bad at night when bedtime comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache, cure every kidney ill?

On cross-examination by Mr. Torrey, it was shown that the Reading company, after the 1900 strike, increased the wages of its men sixteen per cent. instead of ten per cent, as the settlement notice provided.

Patrick Welsh, a Schuylkill miner, complained of a reduction in the allowances for repair work. Jacob Parson, vice president of the Reading coal, averred that he was refused employment because, as the boss put it, "he had too big a mouth during the strike."

William Lynch told that the cars at the Reading collieries have increased in size twice without a corresponding increase in wages. William Grant, from Silverton, told that the price of yardage and coal had been reduced after the 1900 strike.

The last witness of the day was Allen Row, 15 years of age, who testified that he had his leg wrenched off by machinery at one of the Pennsylvania company's breakers and never received anything from the company.

It was intended to continue the session until 6 o'clock, but the miners exhausted their available witnesses one hour before this time and adjournment was made until this morning at 10 o'clock.
