SCRANTON MAN BUYS THE BARTON BREAKER

Berean Baptist Women's Bazaar to Ex-Select Councilman Wade M. Finn,

Who Has Been a Coal Operator in the Electric City for Years Purchases the Coal Tract and Improvements-Will Make Improvements to Assure Output of 300 Tons Daily.

May Build a New Breaker.

Following immediately the flurries in financial circles by the steps looking to the establishment of two new banks in Carbondale, and the proposed erection of a breaker on the 'Squire Williams' tract near No. 4 comes another important deal that will undoubtedly be quite a lively topic of discussion in these same circles.

Ex-Select Councilman Wade M. Finn, of Scranton, has purchased of ,W. L. Barton, the latters' mine property located in the northern part of this city. east of Belmont street, and easily reached by the Ontario and Western railroad.

Mr. Finn contemplates extensive improvements in view of the fact that the assistant bacteriologist, who was well known mining experts, who visited the property yesterday, have given as their opinion that the amount and quality of the coal yet to be mined are of great value

Mr. Finn, in speaking yester day of yesterday forenoon. He immediately the purchase and contemplated improvements, said that he intends to pany with Sanitary Policeman Galla-prepare about 360 tons per day, and if gher, Superintendent Walter Frick, of provements, said that he intends to the present building is not in condition to do this work satisfactorily, it will be torn down and a new one crect- shanhurst Water company, he inspected immediately.

Mr. Finn is recognized as an authority in the matter of coal mining, having each reservoir, which he will put to the very successfully developed coal properties and operated collieries in Scranton for a number of years. Mr. Finn has served several terms as select couneilman of the city of Scranton, and for years has been a prominent politician. He was also a poor tax collector for the city of Scranton. He is a frequent visitor to Carbondale and during the summer he lives in his cottage at Crystal lake.

Mr. Finn is a man of thoroughly practical ways. He is shrewd in bus-Dix. iness calculations, progressive and energetic in spirit and in every way qualified to fully develop the Barton property and make it no small factor in the city's industrial life. The tract of by boiling coal land that he has purchased is known to contain a very fine quality of coal. It was opened and partly worked by the firm of Stroud & Chamberlain a number of years ago. Those who are competent to judge of the value of the property and are acquainted with Mr. Finn's practical methods and his shrewd judgment, do not hesitate to predict Two that that he will realize very profitably on his investment.

Christmas Gossip

Connolly & Wallace

Scranton's Shopping Center

One woman said: "Oh, if I could only allow \$5 apiece for each of my thirty presents! But I cant, and a dollar-anda-half or two dollars at the most won't buy anything." And she wound up by saying: "I hate Christmas." That woman is clearly wrong. Her spirit and feeling are wrong; her mental attitude is wrong-and her eyes are wrong.

This is the time of year when material things give way to spiritual. It isn't the gift or what it costs that counts; it's the spirit in the gift. Being remembered is what brings joy, not the extravagance of the remembrance. There are thousands of gifts here for \$1 and \$2---as anybody who uses his legs and his eyes can see.

a fourth bank. Beside the new institution projected solely by Carboudale business men, as related in The Tribune yesterday, Scranton men of financial strength and of successful careers are to enter the field.

This was established by the advertisement yesterday of the application for a charter to be known as "The Dime Deposit and Discount Bank, of Carbondale." The capital stock is named at \$59,000. Col. F. J. Fitzsimmons, of Scranton, who was in Carbondate Thursday night, represents the applicants. Strangely enough, this was the name considered but not finally decided upon by the Carbondale men. Now that the Scranton people have made their application, the former will have to change their title.
