The News of Carbondale.

BREAKER TRANSFERRED.

Wade M. Finn, of Scranton, Becomes Owner of the W. L. Barton Coal Mine-Will Take Possession in a

The formal transfer of the W. L. Barton breaker in the northern part of the city to ex-Select Councilman Wade M. Finn, of Scranton, took place on Wednesday last. The sale of this property was first mentioned in The Tribune about ten days ago.

The owners of the site and breaker were the J. E. Watt estate and Daniel Scurry. The property has been worked for several years by W. L. Barton, who retires to make way for Mr. Finn. Though the transfer papers, leases, etc., have all been signed, and the deal is consummated, Mr. Finn will not take possession until some time next week. Then Mr. Finn will begin improve ments that will greatly increase the output. It is the purpose to market betweecn 200 and 400 tons daily. The breaker will be overhauled and improvements will be made that will make it possible to maintain this output, If, however, it be necessary to erect a new breaker to achieve this resuit, Mr. Finn will construct one.

This property, though it has been worked for a number of years, is a good deal more valuable than one uninformed would suppose. Mining experts, whose opinions were sought, explored the site and gave as their opinion that the two veins will yield coal for ten years to come. To illustrate the value of the property, Mr. Finn could have entertained an offer to sell, that was higher by several thousand dollars than what he paid for it.

The large culm pile near the breaker was purchased some weeks ago by the Carbondale Machine company, for use as fuel. This could have since been sold to Scranton parties for a good deal more than its purchase price, which is gald to have been \$5,000.

A SPECIAL TRAIN.

Will Carry Carbondalians to Com-

pany C.'s Military Ball. It will be quite a satisfaction to those who are going to the military ball of Company C. Thirteenth regiment, in the new armory at Scranton, on New Year's right, Jan. 1, 1903, that arrangements have been made for a return special train to accommodate patrons from this city and the towns from here to Scranton. Through the courtesy of Superintendent Manville, this accommodation is provided. The train will leave Scranton at 2.20 Saturday morning, and will stop at all stations between Scranton and Carbondale. The regular night trains will accommodate patrons on the down trip. These leave Carbondale at 7.06, 8.30, 10.01 and 11.10. The regular full fare will prevail.

indications are that several young folks will attend from here. The night are being eagerly discussed among those conspicuous in the younger society of the town. The ball being held in the immense new armory, which will be ablaze with the decorations and illuminations that will remain in place from the great Bachelors' ball of New Year's eve, offers a night's enjoyment under conditions that could never be realized in this city.

WILL CONTINUE BUSINESS.

Mrs. J. P. A. Tingley to Conduct Her Late Husband's Store

Since the death of the late J. P. A Tingley, there has been a deal of speculation in business circles as to the future of the business conducted by him under the name of the Fowler pharmacy. To the numerous patrons of the store it will be gratifying to learn that Mrs. Tingley has decided to retain the pharmacy. Its business will be conthrued by her under the management of P. V. Donnelly, who has been th flicient prescription clerk under Mr. Tingley for several years.

Mr. Donnelly was intimately associated with Mr. Tingley, and is familiar with the elecunstances of the store's patronage, besides being qualified in every way to successfully manage the

"OUR NEW MINISTER."

Will Be Seen at the Grand Tonight for the Third Time.

"Our New Minister." Denman Thomp son and George W. Ryer's latest suc ess, will have its third hearing at the Grand opera house tonight. The story is simple, but very interesting, and th scene is laid in Hardscrabble, N. H. It relates to the struggles of an unforturate individual whose youth was clouded with poverty and hardship, and who, returning to his native village, after a term of imprisonment, tries to lead an honest life. The so-called righteous Christians, to whom he would naturally look for assistance, persecute him and attempt to drive him from the place. Harrassed and humiliated at every turn, he finds a refuge and un ally in the new minister, who aids him in his struggle, from which he emerge a man.

Last season's great company is reengaged, and this season a great scenic production is carried.

ELECTED OFFICERS.

Leaders Chosen for Two Popular Carbondale Organizations.

Friday evening the annual election of officers of Eureka chapter, Royal Arch Masons, took place. The new officers, whose names are given below, will take their seats on St. John's day: Most excellent high priest, Companion John R. Cameron; king, Companion E. E. Garr; scribe, Companion H. G. Likeley; secretury, Companion J. M. Stewart treasurer, Companion H. B. Wilbur Companions H. B. Wilbur, John O. Miles, A. E. Tiffany; represen-

can safely take this famous wellknown remedy. Made entirely of herbs, warranted free from mercury, and poisonous substance, that is why everyone likes

Beecham's

tative to Grand chapter, C. V. Helmes. District Deputy Grand High Priest R. A. Zimmerman, of Scranton, was present and installed the officers.

The annual election of officers of Canon Carbondale, No. 40, Patriarchs Militant, was held Friday night. It resulted is follows: Commandant, Frank J. Love; lieutenant, George Beattie; ensign, Frederick J. Roberts; clerk, Harry

J. Hall; accountant, Frank Ludwig; trustee, Hugh Atkinson. Thursday, January 8, there will be a gathering of members of the order between Bing-hamton and Scranton, Carbondale and funkhannock, in the Auditorium at Providence. Special degrees will be conferred, requiring a working staff of bout 200 men. Members of Cantan Carbondale will participate in the degree work, and many other members will witness the ceremonies, which will be of a very elaborate nature.

CHRISTMAS MUSIC.

An Elaborate Programme Rendered at Yesterday's Services.

Among the special Christmas musical programmes which have not been menioned in The Tribune was that of the First Presbyterian church. At both services yesterday special programmes were rendered, under the direction of W. M. Clark. A large congregation was present at each service. The programmes as rendered were as follows Morning-Organ voluntary (selected), Prof. A. P. Thomas: doxology, choir congregation: invocation, Rev Charles Lee; anthem, "Come Near, Ye Nations" (Watson), choir; hymn, con-

gregation; Scripture reading. Rev Charles Lee; solo, "The Birthday of a King" (Meidlinger), Miss Isabelle Mitchell: prayer: offering: anthem, vith violin obligato, "In a Manger (Havens), choir: notices; quintette, "C Little Town of Bethlehem" (Hawley), Misses Mitchell and Lever, Mrs. Burr. Messrs, Shepherd and Clark: sermon Rev. Charles Lee; prayer; hymn; benediction; postlude

Evening-Organ voluntary (selected), Prof. A. P. Thomas; hymn, choir and congregation; invocation, Rev. Charles Lee; anthem, "I Will Praise Thee, O Lord" (Danks), choir; Scripture reading, Rev. Charles Lec; solo, "The New Born King" (L'Espoir), Miss Isabelle Mitchell; prayer; offering; anthem, Behold, I Bring You Good Tidings" (Simper), choir; notices; quintette, "O Little Town of Bethlehem" (Hawley), Misses Mitchell and Lever. Mrs. Burr Messrs, Shepherd and Clark; sermon Rev. Charles Lee; prayer; hymn; bene diction: postlude.

Soloists, Miss Mitchell, Mrs. Burr, Messrs, Shepherd and Clark: violinist, Robert Gardner; organist, Prof. A. P. Thomas: chorister, W. M .Chrk.

Obituary.

The committee appointed to solicit subscriptions to secure the location of a cut glass factory here are still successfully at work as will be seen by the following list, which has been secured since the publication of last week's subscriptions: Mrs. E. A. Rich, \$15; David Allen, \$10; Frank Hemelright, \$10; W. Baker, \$10; Snyder & Edmunds, \$25; A. Green, \$10; Patrick Bloomer, \$10; M. & F. M. Graves, \$25; Patrick Loughney, \$10; T. B. Crawford, \$15; J. J. Place, \$10; John McDermott, \$10; W. J. McDermott, \$10; Alfred Butterworth, 3. McDermott, \$10; Alfred Butterworth, \$10; J. Nelson Graves, \$10; William Lutey, \$10; T. M. Hart, \$10; Rev. J. I. Dunn, \$25; W. T. Roberts, \$10; Edwin G. Mellon, \$10; F. J. Cain, \$10; Jacob Hiller, \$25; Burton Parks, \$10; John B. Criffiths, \$10; George Cudlip, \$2; John Marian, \$10; W. S. Badger, \$15; William Langman, \$2; Charles Puckey, 2.

JERMYN - MAYFIELD.

The committee have thus far secured about \$780 towards the necessary \$1,200 o secure the location of the factory here. They are satisfied that they will be able to secure the remainder. This however, must be done by the first of the year. If this is done the company will at once commence erecting a sultable building and will commence work with twenty men on April 1st. Much credit is due George S. Dunn and M. Eagan, the committee, for their indefatigable work and those who have not yet subscribed and feel they would like to help in the good work would save the committee considerable trouble by calling at the residence of either of the committee and leaving their sub-

scriptions. The funeral of the late Mrs. J. H. Wheeler took place from her home on Second street, yesterday morning. Short services were held at the house by Rev. Dr. Fullier, pastor of the M. E. church it 10 o'clock. Interment was made in fiths and Mrs. N. Bennett sang several offerings were many beautiful pieces. The pall bearers were Messrs, John Paches. Flower bearer, Anthony Win-

ourse to be given by the trustees of the tal music. M. E. church is assured. The first of the course will be given on New Year's light, Jan. 1. by Rev. M. D. Godshall, A. M. His subject will be "Rome and the Catacombs." The second of the oudse will be under the charge of Miss fora M. Griffin, of Scranton, a noted docutionist. The last of the course will be given by A. V. Boyer, esq., whose subject will be "Michael Angelo." These are all attractions of the highest rder, and the people of Jermyn and icinity are fortunate in having an opportunity of having such high grade atertainments brought right here to Jermyn. The small price charged should make it an object to every one to attend.

Mrs. J. Voster died at her home on Fourth street on Saturday morning. Deceased is survived by three daughters, Mrs. John Woodworth, Mrs. H. Hemelright, of this town, and Mrs. John Side, passed away at her home on Evans of Throop. Funeral notice will ppear in to-morrow's issue

Once, in an exercise in geography, the Once, in an exercise in geography, the pupils in an intermediate grade were asked to teil "why the Red sea is famous." This answer was written by an urchin of Irish extraction: "The Red sea is famous because once Queen Victory (Victoria) and her army came to it, and they wanted to get access, so the queen they wanted to get across, so the queen held out her stick, and the water splashed up on each side, and they passed over dry shod."

A girl not yet in the grammar school and whose experience one might naturally infer was somewhat limited, said one day that embrace meant to delightfully hold! -Woman's Home Companion

THE ORIGIN OF NAMES.

Compilation of the Geological Survey. An Interesting Collection of Derivations-Historical Events and Persons Preserved

From the Washington Star. The geological survey is completing an exceedingly interesting work on the origin of names in this country. When ompleted the work will be the most exhaustive of its kind to be had. The derivation of the names of many his torical places and cities and towns in

the United States is given. The state of Alabama derives its name from an Indian tribe. There are several explanations of the meaning of the word. One authority says it is "burnt clearing," and others say it is "here we rest." Still another authority

says it is "thicket clearing." Albany, N. Y., was named for the Duke of York, whose Scotch title was the "Duke of Albany." He was afterward James II of England.

Alaska takes its name from an Indian word meaning "great country" or 'great land." Alton, Ill., was named by Rufus Easton, its founder, for his son Alton, while Altoona, Pa., derives its name from the

Latin word altus, "high." The word Appalachian, the general appellation of the mountain system in the southeastern part of this country was given by the Spaniards under De Soto. They derived it from neighboring Indians. Authorities differ as to the meaning of the word, one saying it comes from the Carib word apaliche. 'man;" another that it is from the Muscogee word apala, "the great sea, or the

Arkansus causes a diversity of opinion from scientists. Marquette und other French explorers wrote the word Alkansas and Akamsca, from the Indian tribe. The usual etymology derives the name from the French are " bow," and Kansas, "smoky water," Various other derivations are put forward Asbury Park was named for Francis Asbury, the ploneer bishop of Methodism in America. Several towns in the southern states bear his name

Atlanta, Ga., was designated by that name to show its relationship to the Atlantic ocean, with which it was connected by a railroad. Atlantic, as applied to the ocean, is

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prenounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrii to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co.. Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It gets directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address. F. J. CHENEY & CO... Toledo, O. Sold by Druggists 75c.

New York is named for the Duke of York, who was the original grantee. Michigan is from an Indian word said to mean "big lake," or place for

catching fish. Maine was named for the private es-

province of France. Philadelphia was named by William Penn that the principle of the Quakers
—brotherly love—might be identified

with the city, the name being that of the city in Asia. Pittsburg was named for Sir William Pitt, Earl of Chatham. San Francisco is said by some to have been named for the old Spanish mission of San Francisco d'Assissi, by others to have been named for the

founder of the order to which Father

Junipero, the discoverer of the bay, be-

Some Idea Briefly Given as to Ita

Nearly all California names

have their origin from Spanish words. St. Louis is named for Louis XV. CHEMISTRY IN BUSINESS.

Growing Importance. Howard C. Parmelee, in Success. A chemist renders very valuable service to a railroad company-and incidentally to the traveling public-by protecting his company against poor grades of steel in boilers and rails, and poor iron in wheels. Upon his analysis will depend the selection of water for boiler purposes, and coal for engines and blacksmith shops. Paints and oils are submitted to him for the purpose of detracting any adulteration, while babbitt metal and brass will be accepted or rejected according to his analysis, In short, the public little appreclates the scientific care taken for its safety and knows little of the varied duties of the chemist of a great railroad company. In like manner, the work of a chemist in any great commercial industry could be shown to be equally valu-

able and necessary. It might be interesting, at this point. o add a few of the numerous "fakes" and adulterations which the chemist exposes. Alcoholic liquors are found masquerading under all sorts of names A "soot consumer" at 25 cents a pound may prove to be common salt worth. perhaps, two cents-and "pure lampblack paint" has been found to be twothirds brick dust. A "butter compound" guaranteed to double the output of butter turns out to be a worthless digestive ferment-and . "freezing compounds" or "ice mixtures" are unsatisfactory and expensive experiments which chemists will advise the unwary to turn away from. Antimony sulphide bought in the open market his been found to consist mainly of charcoal, and In the endless list of food products the chemist may find a fruitful field to work in, for there it is that adulteration runs riot. These instances, together with the analyses for poisons, constitute a class of chemical work in which the spurious and injurious are detected in spite of the cleverness of mpostors.

WEAR WHITE STOCKINGS.

ng of stockings with white feet, which he says will do much to promote case in walking and also dispose of many ills of the feet. Socks or stockings of cotton or lisle thread in black bind the feet and make them swell, he has said; no matter how fine and open they may be, the black dye with the hard thread of the liste variety is a combination particularly trying to tender feet. He recommends unbleach ed balbriggan, preferably the whole sock of stocking of white, but the foot must always be white. A further caution is added that new cotton stockings, as well es new cotton under gurments, should be washed before they are worn to take out the sizing used by the manufacturers.—Chicago Record-Herald.
