MISCELLANEOUS.

THE OPPRESSED SEAMSTRESS.

A TRUE TALE.

BY MRS. V. WELMONT.

Some people seem to have an idea that they pay too much for every thing, and it is a positive duty to employ those who will work the cheapest.

Mrs. Ellsworth lived very sumptuously and her daughters dressed very elegantly. We won't call them extravagant, because people who have plenty of money are not obliged to give an account to their neighbors of their expenditure.—They were, however, discussing the very subject, themselves, upon the damask lounges, when the servant man entered and presented the seamstress's bill. Such a nice folded paper always attracts the family's attention, and having looked at the bottom and the amount, they exclaimed:

"Dear me, how high!"

They then proceeded to examine the contents of the bundle which accompanied the bill.

"The work is done beautifully," said Miss Henrietta, how superbly the lace is set on—how splendid this is hemstitched! I declare, mother, I never intend to do any work myself again, it is so much better than I can make it look."

"But you forgot," said the mother, "that it costs a great deal to hire all our sewing for a large family if it be done ever so cheap," yet she felt herself that it was pleasant to have garments made.

"I wonder," said Sophia, a tall, graceful girl of sixteen, to the little waiting seamstress in the entry—"what will you charge to make papa ten shirts. I have engaged to have them done by the first day of May, and it is a long job, and so vexatious, I wish I could transfer them to you to finish."

The child was sent home to enquire of her mother, what she would charge to make ten shirts with full bosoms hemstitched each side, and ruffled, of the nicest fabric and workmanship to correspond.

The little girl soon returned and artlessly replied:

"Mother says how she shall charge a dollar; but if the young folks said they wouldn't give it, rather than lose the job, she would say seventy-five cents apiece!"

Amused with the simplicity which ought to have excited sympathy rather than merriment, Sophia pretended that seventy-five cents was all that she expected to give; Mr. Fuller gave only that, but she she did not add that Mr. Fuller's shirts were unbleached, and very common work was put in them. After some hesitation, she brought them down, and doing up a large bundle despatched it to the seamstress, adding:

"Now my poor head and eyes are relieved."

But let us see to whom the bundle is transferred. The same seamstress once had a husband who was a prosperous merchant, but he speculated unwisely, died suddenly, and left a widow with two small children to grapple with the hard fate of poverty and remembrance of better days. They occupied but one room, and as her only employment was sewing, it was difficult to make both ends meet with the most untiring industry.

"Don't you think, mother," said the little Ellen, who brought home the work "the young lady thought she ought to get the shirts made for fifty cents apiece! But mother, she surely could not have known what a slow process it is, to gather hemstitch and ruffle, and do all the sewing just for a half week's rent, or she never would have said so."

The mother brushed a tear away. "No child, she never sewed for a living."

"And mother, she told her sister that she was so glad to get rid of the tiring work, as she said her father would never know but what she had done it all, and she would have fifty cents clear on every shirt, what could she mean?"

Mrs. A. had heard of such deception before, but she cared not to inform her daughter that the young lady was probably to receive one dollar and a quarter for each shirt. She felt her business was only to finish her whole number as soon as possible. She immediately set about the task of cutting them by the pattern, assorting them into piles and getting the plainer parts ready for Ellen to hem, as she was very nice in needle work as far as she had learned the art. But it was always near "school time," and the poor child but little relieved her mother.

It was at that season too, when storms succeed each other in rapid succession, and the heavens are often overcast, and as the tenement of the widow was badly lighted, it began to make sad havoc of her vision.

Her eyes were weary from continued use, and when the long job was patiently accomplished, who could tell the aches and pains by which it was all the way attended! Miss Landon in speaking of such poor, said:—

"We little think how wearily
The aching head lies down."

Long before the promised time, Ellen carried home the ten shirts.

Miss Sophia severely scrutinized them, pulling the ruffles, next looking at the gathers, then the stitching, and finally tossing them into a heap she added:

"Tell your mother they are worth no more than fifty cents, and I will give her that if she will receipt the bill."

The child returned with a heavy heart and imparted the information.

The seamstress wept bitterly—she looked every now and then upon the picture upon the wall.

"If he were but alive," she said, "I should have some protector from wrong usage." She could not but exclaim, "how my head does ache!" as she undid another budget of work; five dollars for ten shirts! I ought," thought she, "to better vindicate my rights—but they who oppress the poor have the worst of it. Here, Ellen, dear, take this bill for making the shirts, and bring me back just what Sophia pleases to give; but say mother has toiled very hard, early and late upon them."

Ellen did so, and Sophia took her five dollars from her purse, adding:

"This is a great deal of money for poor people to spend—it will buy you a number of calico dresses."

"But mother's rent is due," said the weeping child.

"Pshaw—rent is nothing, make your landlord trust you," and so saying, she darted from the room.

The seamstress never closed her eyes that night. Think you no unseen eye will vindicate her true claim!

"Sophia Ellsworth," said Grace Eaton, "where did you get that splendid fan? It is really elegant."

"I saved it," replied Sophia, "from money father gave me to make his shirts—but I hired them done at half price, and he never knows it to this day."

Poor girl! your fan should be used as a screen to hide the hard spot in your heart. Prosperity never long follows in the footsteps of oppression.

A TOWER OF SKULLS.—Lamartine, in his "Pilgrimage to the Holy Land," writes as follows:

"When I was about a league from Nisa, the last Turkish town almost on the frontier of Servia, I saw a large tower rising up in the midst of the plain as white as Parian marble. I took the path which led to it. I desired a Turkish lad who accompanied me to hold my horse, and I sat down under the shade of the tower to enjoy a few moment's repose. No sooner was I seated than raising my eyes to the monument, I discovered that the walls which I supposed to be built of marble or of regular rows of white stone, were composed of regular rows of human skulls; bleached by rain and sun, and cemented by a little sand and lime, formed entirely the triumphal arch which now sheltered me from the burning sun; there must be from fifteen to twenty thousand. In some places portions of hair were still hanging, and waved like lichen or moss with every breath of wind. The mountain breeze was then blowing fresh, penetrating the innumerable cavities of the skull, and sounded like a mournful and plaintive sigh. These were skulls of fifteen thousand Servians who had been put to death by the Pacha in the last insurrection of Servia. Servia, however, is now free, and this monument will teach their children the price at of independence by showing them the price at which their forefathers purchased it.

GLASS PEARLS, though among the most beautiful, inexpensive and common ornaments for women now made, are produced by a very singular process:

"In 1656, about two hundred years ago, a Venitian, named Jaquin, discovered that the scales of a species of fish called bleak fish, possessed the property of communicating a pearly hue to water. He found, by experiment, that beads, dipped in this water, assumed, when dried, the appearance of pearls. It proved however that the pearly coating, when placed outside was easily rubbed off, and the next improvement was to make the beads hollow. The making of the beads is carried on even to this day in Venice.—The beads are all blown separately. By means of a small tube the insides are delicately coated with the pearly liquid, and a wax coating is placed over that. It requires the scales of four thousand fishes to produce a half pint of the liquid, to which small quantities of sal amonia and isinglass are afterwards added."

The Storm of Monday.—A portion of the machine shops at Altona, belonging to the Penn. Railroad Company, were blown down during the storm, with a portion of a brick house belonging to the same company.

The French will display at the exhibition, an enormous cut glass *decanter* without a flaw. Three persons of ordinary height may sit inside of it, and eat dinner from a round table a yard in diameter.

VARIETIES.

The McDonough Will—Decision of Judge Buchanan.—The New Orleans papers received last night contain the decision of Judge Buchanan, delivered in the District Court of that City, in the case of the State of Louisiana vs. the Executors of John McDonough and others. The decision sustains the validity of the will, dismisses the claims of the States of Maryland and Louisiana, decides the several annuities to be illegal and impossible, and that the property should go to the Cities of Baltimore and New Orleans, without the conditions set forth in the will. The New Orleans papers all concur in the opinion that the case will be taken up to the Supreme Court.

Births, Marriages, and Deaths in England.—During the quarter ending December 31st, 1850, there were registered in England, 148,153 births 37,496 marriages and 92,033 deaths. The increase of population by the excess of births over deaths was 54,245. During the same period 56-974 emigrants left the United Kingdom from such ports as have emigration offices. During the whole year 1840, the births in England were 593,567; excess of births 223,888. During the same period 280,843 emigrants left the United Kingdom. The number of births and deaths in Ireland and Scotland cannot be ascertained, except by the census which is to be taken this year.

A Serious Charge.—A man who gave his name as James Hunneman, has been arrested at Boston, and held in the sum of $3,000, on a charge of attempting to kill a new born infant on Monday night, which he had in his possession. Bandages were tied about the child's face, as to produce death by suffocation very soon.

Chasm Tower Blown Down.—The Niagara Falls Iris, of Saturday, says this Observatory, on Mount Eagle, was lifted by the wind from its foundation on Saturday last, when the wire cables by which it was stayed were broken, and the whole mass fell to the ground a heap of ruins.

Read, the Artist.—T. Buchanan Read, so favorably known in America as a promising poet, is practising his sister art of painting in Florence. But three months there, by constant application at his easel, he has nearly finished four or five most respectable pictures.

Panorama Burned.—At Berlin, Prussia, on the 1st inst., a fire broke out in a large place of amusement called "Kroll's" totally destroying it. A great Panorama of the Mississippi, exhibited in the centre saloon, fell a prey to the flames. It was the property of a M. Cassiday, a competitor of Risley.

The Missouri Bank.—Rev. Nathaniel Childs, Jr., has been suspended from his official relations with the Methodist Episcopal Church, South, by the St. Louis Annual Conference, until after the final decision of the suits now pending in the civil courts at St. Louis, in favor of and against Childs, on account of the disappearance of the money from the Bank of Missouri.

Crows.—It is but little more than 40 years since the first crow crossed the Genesee river, westwardly. They, with the fox, the hen hawk, swallow, and many other birds and insects, seem to follow in the track of civilization.

The Imperial Library, founded at St. Petersburg, by Catherine I, has been thrown open to the public by the Emperor Nicholas. It contains 503,420 volumes and 15,471 manuscripts. The duplicate copies amounted to about 20,000, part of which are to be given to the Geographical Society, and others to the Archæological Society of St. Petersburgh.

The Grain worm, or weevil, began its course of destruction in Vermont, about the year 1828, and it progresses in the course it takes from ten to fifteen miles a year. It has not reached Western New York to any extent; but the destroyer is on its march, and desolation will follow its tracks in the great wheat growing region.

Jenny Lind.—Sale of tickets for Jenny Lind's sixth concert at New Orleans as good as first—$12 and $15 premium for dress circle. The Picayune says:—"These prices will be kept for some time, as crowds are pouring into our city from every direction. Since the last sales, thirteen large steamers have arrived in port, all having great numbers of passengers.

Fifty six years ago a man was executed in France for robbery of the Lyons mail and murder of a passenger. His innocence was subsequently made manifest, and a report to the National Assembly recommends a proclamation of his innocence, and the restoration of the forfeited property to his family.

John Campbell, a colored man, died in Carlisle on Monday, the 17th inst., at the advanced age of *one hundred and six years!* He was a slave for many years in the State of Virginia, but by strict industry and honesty, he succeeded in purchasing the freedom of himself and wife, for the sum of $1,600.

Fugitives Leaving.—We understand says the Boston Traveller, that within a few days past quite a number of fugitive slaves, who have lived in this city since their escape, some for two years or more, and others for a shorter period have left the city. The number is stated by some as high as one hundred.

Chasm Tower Blown Down.—The Niagara Falls Iris of Saturday says this Observatory on Mount Eagle, was lifted by the wind from its foundation on Saturday last, when the wire cables by which it was stayed were broken, and the whole mass fell to the ground a heap of ruins.

TO CONTRACTORS.

TO CONTRACTORS.

CARROL COUNTY RAILROAD.—Sealed proposals will be received at the office of the Carrol County Railroad Company, in Carrollton, Ohio, until Thursday, the 13th day of March next, for the grading, masonry and bridging on the line extending from Carrollton to the valley of "Big Sandy," near the Oneida Mills. Plans and specifications of the work may be examined, and necessary information obtained, on application to the Engineer, at the office of the Company, during the ten days previous to the day of letting.

By order of the Board of Directors.
ROBT. CROZIER, Sec'y.
feb15:td

Notice to Contractors.

OHIO AND PENNSYLVANIA RAILROAD.—Sealed proposals will be received at the office of the Ohio and Pennsylvania Railroad Company in Pittsburgh, until Thursday, the 20th day of March next, for laying the Track from Pittsburgh to Massillon, a distance of 107 miles. Specifications and forms for proposals may be obtained at the office in Pittsburgh, for ten days previous to the letting, on application to Solomon W. Roberts, Chief Engineer. The proposals must be in accordance with the printed forms, and addressed to the President of the Company.

WM. ROBINSON, Jr., President.
Pittsburgh, Feb. 6th, 1851.
North American, New York Tribune, American Railroad Journal, publish four times. feb7:td

PROPOSALS for Erecting a Wire Suspension Bridge over the Allegheny River, opposite Mechanic street, in the Fifth Ward of the city of Pittsburgh, in place of the structure recently destroyed by fire. Sealed Proposals will be received at the office of Jacob Painter & Co., Liberty street, until the 15th day of March next, for the erection of the above described bridge; the pattern thereof to be the same as the Monongahela Bridge, with such alterations as bidders may suggest and the directors approve. By order of the Board of Directors.

F. LORENZ, Pres't. Pro.

PROPOSALS FOR STAMPS.

POST OFFICE DEPARTMENT, January 16, 1851.

PROPOSALS will be received at this Department until the 4th day of March next, for furnishing stamps for the use of the Post Offices of the United States for four years from the first day of April next, when ordered by the Department, of the following descriptions, viz:—

The name of the office and State in circular form, cut from a solid block of hardened steel, and made in such manner as to admit of letters and figures to designate the month and day, with a thumb screw to keep such letters and figures in place. Such stamps, and those now manufactured and in use, to be of the same size as those now in use. A turned mahogany handle of the same like size, to be securely fastened to said stamp. The months of the year abbreviated so as to contain but three letters each, of the same size now in use, and to be cut from solid blocks of hardened steel. Figures, to be made of like hardened metal, and of the size last aforesaid, from 1 to 31, inclusive, to be made of like hardened metal, and of the size last aforesaid.

Also, stamps with the words "paid" and "free" of the form of those now in use.

Also, stamps with figures denoting the rates of postage, and similar to those now in use, to be made of hardened steel.

All of the above stamps to be similar to those now in use, and of the same size, and shall also contain separate bits for the circular stamp, with the months and figures.

The proposals must also contain separate bids for the circular stamp, containing the month complete, and distinct of three letters.

Also, for each separate piece for the days of the month.

Also, for complete sets of months and figures.

Also, for each separate piece with the words "paid" and "free."

Also, for each separate piece with the figures denoting the rates of postage. The making of the different sets will not, however, be given to different contractors, but the proposal for the whole which is deemed most favorable to the Department will be accepted. The Department reserves to itself the right to reject all proposals if the price is deemed extravagant.

Specimens of the various kinds of stamps required can be seen at the appointment office of this Department.

N. K. HALL, Postmaster General.

INSURANCE.

Pittsburgh Life Insurance Company.

THE following persons, by the term of the Charter of the PITTSBURGH LIFE INSURANCE COMPANY, are the Directors of the said Company for the first year:

James S. Hoon, Charles A. Colton,
Joseph S. Leech, Samuel McClurkan,
John S. Dilworth, Wm. Phillips,
John A. Wilson.

At a meeting of the above Directors, held at the office of C. A. Colton, on the 25th inst:
JAMES S. HOON, was elected President;
SAMUEL MCCLURKAN, Vice President;
CHARLES A. COLTON, Secretary;
JOSEPH S. LEECH, Treasurer.
SAMUEL DILWORTH, M. D., Examining Physician.
The stock subscription Books of the Company will be found, for the present, at the house of MURPHY, WILSON & Co., on Wood street, where those wishing to subscribe can have an opportunity to do so.
By order of the Board.
C. A. COLTON, Secretary.
feb22:2w

State Mutual Fire Insurance Company.

BRANCH OFFICE—No. 54 SMITHFIELD STREET, PITTSBURGH.

THE best evidence of the success of the Directors in endeavoring to make the STATE MUTUAL FIRE INSURANCE COMPANY meet the wants of the community, is the unparalleled amount of business which has been done; having issued over 5,000 Policies in a little more than eight months; and adding over $90,000 capital to the Company. The Directors are proud to say, that nearly all the property insured is of the safest kind in small risks, and a large proportion insured for only one year.

Number of Policies issued,	5,065
Amount of property insured,	$5,139,496.00
do. guarantee premiums,	57,909.73
do. cash premiums,	32,194.21
do. guarantee stock,	90,104.03
do. losses,	4,100.00

To be deducted from the above balance, the incidental expenses of the office.

To city or country merchants, and owners of dwellings and isolated and country property, it is believed this company affords advantages in point of cheapness, safety, and security, inferior to no Insurance Company in this country.

Conducted on the Classification of Risks, excluding all special hazards, insuring only a limited amount in any one locality, thus precluding the frequency and occurrence of large fires, and also on both the Stock and Mutual plan, it not only possesses the cheapness and accommodation of both methods, but entitles the insured to a participation in the profits.

It is under the control of the following Directors:—John P. Rutherford, A. J. Gillett, John B. Packer, E. T. Jones, Alonzo A. Carrier, Philo C. Sedgwick, Robert Klotz.

J. P. RUTHERFORD, President.
A. J. GILLETT, Secretary.
feb7

A. A. CARRIER, Actuary.

Penn Mutual Life Insurance Co., Philad'a.

MISCELLANEOUS.

SLATE ROOFING.

PARRY, HUGHES & CO., Proprietors of the Peach Bottom Pennsylvania Slate Quarries, beg leave to inform Builders, Contractors, and others, at Pittsburgh, Wheeling, Cincinnati, &c., that they have appointed Alex. Laughlin, of Pittsburgh, their Agent, who is now ready to undertake contracts for Roofing with their best Gauged Slates.

PARRY, HUGHES & CO. are in possession of the best and largest Slate Quarries in the United States—the quality of their Slates is equal, if not superior, to the best Welsh Slates—they employ none other but experienced and practical slaters, to so that the work, consequently, they have no hesitation in insuring a perfectly water tight roof, neatly and handsomely completed, at as reasonable a price per square as any in the trade.

P., H. & Co. particularly recommend their Slates to be put on lath instead of sheeting, which will be of advantage to the contractors and owners of buildings.

References as to their slates and slating can be seen—and Mr. Thomas Parry, one of the company, may also be consulted any day at their agent's office, corner of Etna st. and Canal.

PARRY, HUGHES & CO.

Slate Roofs promptly repaired.

DR. J. D. YOWELL'S COMPOUND VEGETABLE POWDER, for the cure of EXCORIATED or SORE NIPPLES.

A safe and most successful remedy for that excruciating and intolerable affliction to which mothers, in the early months of nursing, are subject. It affords the most prompt and complete relief, curing the worst cases in a few days, and the use of a single package is usually sufficient to effect a cure, and is free from the painful sores, [illegible] like other remedies for this painful disease. It causes no harm to the child, as it must be swallowed without the least possible risk of injury.

The remedy has been repeatedly used, and most highly recommended, by some of the medical faculty of Pittsburgh.

Price, One Dollar a Package.—For sale only by
T. H. NEVIN & CO.,
126 Liberty street, Pittsburgh.

For sale by L. A. BARNES, Jno. MITCHELL, Jos. DOUGLASS, and D. A. ELLIOTT, Druggists, Allegheny. feb13m

DRUGS.—In store and for sale by the subscriber, all of the best quality:
Sulphate and Acetate of Morphia
Gum Shellac;
Epsom Salts;
Sugar of Lead;

A DRUG & PRESCRIPTION STORE, located in a flourishing and improving part of the city, which is doing a profitable business, is offered for sale upon easy terms. For further particulars, apply at the Chronicle office. ja22

COUGHS & COLDS CURED IN 48 HOURS.

SINCE the introduction of this new Compound, Coughs and Colds are cured in a very short time. We will warrant Dr. Keyser's Pectoral Syrup to cure cases of Coughs, Colds, Bronchitis, Laryngitis, in less time and at a cheaper rate than any other medicine ever discovered.

IT HAS AN ENTIRELY NEW ACTION.—The old Cough Medicines all sicken the stomach and produce nausea which is more disagreeable than the cough itself. This is obviated in this mixture, for it is a pleasant soothing article and it will cure or *the money will be refunded!* The evidence in favor of this medicine in our city, from our own citizens should convince any one of its efficacy. It is the prescription of a regular physician, and has been used by him in his own practice for a number of years, with the most heroic success.

CONSUMPTION.—A lady from Steubenville writes, that her daughter had been afflicted with a cough and expectoration, night sweats, hectic fever, and all the distressing symptoms of consumption, and that after taking two bottles she was entirely cured. A gentleman in Washington county who had suffered with Asthma and Chronic Cough for eight years has been entirely relieved and the cough removed by the use of half a dozen of bottles of this Pectoral Syrup. A gentleman from Peoria, Illinois, writes that "he knows the Pectoral Syrup to be a good article, for he has used it in his own case and in the cases of members of his family with the most perfect success."

IT IS ONE OF THE CHEAPEST MEDICINES NOW KNOWN—It is put up in half pint bottles at 50 cents each, or six bottles for $2.50.

COUNTRY STOREKEEPERS would do well to keep a supply of this medicine on hand all the time, as it is one of the most perfect and efficacious remedies ever discovered for all forms and diseases of the lungs and incipient *Consumption.*

CAUTION EXTRA. Many persons will try to get you to buy some one of the various nostrums, but do not heed them. If you want to get well buy Dr. KEYSER'S PECTORAL SYRUP, and take no other, this will cure you. It has in it some of the most valuable plants and herbs of the materia medica, and is compounded by a person skilled in the healing art. There can be no deception in this medicine. It is prepared in your own city, and the proprietor has numerous certificates from persons in our own city, attesting its valuable properties, which will be shown to any person desirous of seeing them.

AGENTS WANTED throughout the United States to sell this medicine. Large discounts will be made to those who will take an interest in the medicine. It will pay a large profit to all agents, besides, they will be doing suffering humanity a service by placing in their hands the greatest medicine for Lung diseases the world has ever produced.

For sale, wholesale and retail, by KEYSER & McDOWELL, Druggists, 140 Wood street, Pittsburgh, Pa., to whom all letters for agencies must be addressed. Also, for sale by D. M. Curry, Allegheny city; P. Crocker, jr., Brownsville; George Baird, Washington; John H. Buchanan, Hickory; George Keyser, McKeesport; J. D. Yowell, Canonsburg; and by merchants and druggists generally. ja23

SELLERS' LIVER PILL.—"The very best Pill now in use!"

KANAWHA COURT HOUSE, Va., Jan. 4, 1851.

Mr. R. E. Sellers—Dear Sir: I will state to you that it is my opinion your Pill is perhaps the *very best* Pill now in use as a Liver Pill, and is surpassed by none as an Anti-Bilious Pill. It is very highly esteemed in our community as a family pill, and is fast supplanting all others I now speak from my own experience, and from the experience of many of my friends and customers.

Yours respectfully, [illegible]

P. S.—I am permitted to show the original letter, but not to publish the writer's name.

Mr. Sellers' Liver Pills are the Original, Only True and Genuine. All others are counterfeits or base imitations.

Purchasers, recollect that R. E. Sellers' Liver Pill are the original and only true and genuine Liver Pill, and may be had at No. 57 Wood street, and of Druggists generally in the two cities and vicinity. ja28

SELLERS' LIVER PILLS supercede all others. Charleston, Va., Sept. 20, 1850.—Mr. R. E. Sellers—Your Pills have become so popular in all this region of country, as very much to supersede all others as a Liver or Anti-Billious Pill. Yours, &c., JAMES A. LEWIS.

Extract of a letter.

Purchasers recollect that R. E. Sellers' Liver Pills are the original and only true and genuine Liver Pill, and may be had at No. 57 Wood street, and of Druggists generally in the two cities and vicinity. ja10

SIR JOHN MURRAY'S FLUID MAGNESIA.—Prepared under the immediate care of the Inventor and established for upwards of thirty years.

This elegant preparation is recommended in all cases of bile, acidities, indigestion, gout and gravel, as the most safe, easy, and effectual form in which Magnesia may, and indeed the only one in which it ought to be exhibited, possessing all the properties of the Magnesia now in general use, without being liable like it, to form dangerous concretions in the bowels, it effectually cures heartburn without injuring the coats of the stomach, as soda, potass, and their carbonates are known to do; it prevents the food of infants turning sour; in all cases it acts as a pleasing aperient, and is peculiarly adapted to females.

Sir Humphrey Davy testified that this solution forms soluble combinations with uric acid salts in cases of gout and gravel, thereby counteracting their injurious tendency, when other alkalies and even Magnesia itself, had failed.

From Sir Philip Crampton, Bart., Surgeon General to the Army in Ireland:—

"Dear Sir—There can be no doubt that Magnesia may be administered more safely in the form of a concentrated solution than in substance; for this, and many other reasons, I am of opinion that the Fluid Magnesia is a very valuable addition to our Materia Medica. PHILIP CRAMPTON."

Sir James Clark, Sir A. Cooper, Dr. Bright, and Messrs Guthrie and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being infinitely more safe and convenient than the solid, and free from the danger attending the constant use of soda or potass.

For sale by the importers and proprietor's agents,

M'ALLISTER'S OINTMENT.

CONTAINING no Mercury, nor other Mineral. The following testimonial was given to the celebrated Dr. Wooster Beech, the author of the great medical work entitled "The American Practice of Medicine and Family Physician."

"Having been made acquainted with the ingredients which compose McAllister's All-Healing ointment, and having prescribed and used it in various cases in my private practice, I have no hesitation in saying or certifying that it is a Vegetable Remedy, containing no mineral substance whatever; that its ingredients, combined as they are and used as directed by the proprietor, are not only harmless, but of great value, being a truly Scientific Remedy of great power; and I cheerfully recommend it as a compound which has done much good, and which is adapted to the cure of a great variety of cases. Though I have never either recommended or engaged in the sale of secret remedies, regard for the truth, and the value of this remedy, compels me to say thus much in favor of it. W. BEACH, M. D.

New York, April 22, 1846."

BURNS.—It is one of the best things in the world for burns.

PILES.—Thousands are yearly cured by this Ointment. It never fails in giving relief.

For Tumors, Ulcers, and Glandular Swellings, it has no superior.

For Nurses and Nurses know its value in cases of swollen or sore Breasts, they would always apply it. In such cases it gives relief in a very few hours.

Around the box are directions for using McAllister's ointment for scrofula, Liver Complaint, Erysipelas, Tetter, Chilblain, Scald Head, Sore Eyes, Quinsy, Sore Throat, Bronchitis, Nervous Affections, Pains, Disease of the Spine, Head Ache, Asthma, Deafness, Ear Ache, Burns, Corns, all Diseases of the Skin, Sore Lips, Pimples, &c., Swelling of the Limbs, Sores, Rheumatism, Piles, Cold Feet, Croup, Swelled or Broken Breast, Tooth Ache, Ague in the Face, &c.

From the Reading Eagle

There was never, perhaps, a Medicine brought before the public that has in so short a time won such a reputation as McAllister's All-Healing or World Salve. Almost every one who has made trial of it speaks warmly in its praise. One has been cured by it of the most painful rheumatism, another of the piles, a third of a troublesome pain in the side, a fourth of a swelling in the limbs, &c. If it does not give immediate relief in every case it can do no injury, being applied outwardly.

As another evidence of the wonderful healing power possessed by this salve, we subjoin the following certificate, from a respectable citizen of Maidencreek township in this county:—

Maidencreek, Berks co., March 30, 1847.

Messrs Ritter & Co:—I desire to inform you that I was entirely cured of a severe pain in the back, by the use of McAllister's All-Healing Salve, which I purchased from you. I suffered with it for about twenty years, and at night was unable to sleep. During that time I tried various remedies, which were prescribed for me by physicians and other persons, without receiving any relief, and at last made a trial of this salve, with a result favorable beyond expectation. I am now entirely free from the pain, and enjoy at night a peaceful and sweet sleep. I have also since used it for tooth ache and other complaints, with similar happy results. Your friend, JOHN HOLMAN.

JAMES McALLISTER,
Sole proprietor of the above medicine.

Principal Office, No. 28 North Third st., Philadelphia.

PRICE TWENTY-FIVE CENTS PER BOX.

JULES HAUEL'S SHAVING CREAM.—Where is the man who does not appreciate the luxury of an easy shave? If any there be, we do not address ourselves to them. But to all others, we say, if you wish to render shaving a pleasure, purchase a cake of Jules Hauel's Almond Pistachio, or Ambrosial Shaving Cream. It is utterly impossible to find words to describe the feelings of a person—who has been used to shaving with ordinary soap, upon making trial of this for the first time. It is a combination of wonder, admiration, and pleasure.

JULES HAUEL'S SHAVING CREAM is exceedingly emollient, rendering the stiffest and most wiry beard soft and pliable, producing an admirable lather, and by its extremely mild nature allaying the irritation, and preventing that unpleasant and stiff feeling of the skin which is so often experienced after shaving.

Gentlemen using Jules Hauel's Shaving Cream, may face the coldest and most piercing winds immediately after its use, without the skin becoming chapped. And those who once use it, we can safely say, will never use any other.

One great advantage—which will be especially appreciated by those who wear whiskers—is the fact that it will not discolor the beard, which most soaps will do, giving a sandy or rusty appearance to the edge of the whiskers.

Jules Hauel's Shaving Creams are delightful preparations, compounded with skill, to the utter exclusion of all articles calculated to render the operation of shaving unpleasant, and will be appreciated by all who make trial of them.

Prepared only by JULES HAUEL, Perfumer and Chemist,
120 Chesnut street, Philadelphia.

For sale, wholesale and retail, by B. A. Fahnestock & Co., and R. E. Sellers, Pittsburgh, and John Sargent, and J. Mitchell, Allegheny City.

To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times! PETROLEUM OR ROCK OIL. It is not more than one year ago since this great remedy was brought before the public for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money, but, one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought of them. Now, we do not desire to impose or humbug any one, but this is the truth in relation to our remedy should be told, in order to secure for it a reputation for excellence, any single article that may be considered superior. Plain unvarnished fact—facts that lead to the testimony in favor of the Petroleum.

Within the past two months, two of our own citizens who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And also the case of a gentleman in Beaver county. There are others, but there are cases near home, and may be referred to by any person who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. In cases of Diarrhœa, Dysentery, when used according to directions—Eruptions on the Skin, Piles, Rheumatism, Chronic Sore Eyes, Ringworm, Tetter, Pimples on the Face, Chronic Sore Eyes, Ulcers, Scald Head, pains in the bones and joints, Bronchitis, and all forms, Piles, Chronic Coughs, Asthma, Bronchitis and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a GREAT MEDICINE, and one that has been tried in most of the above diseases within the past year with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to those who wish to look at them.

Whatever others may say about their medicines, the Petroleum is the greatest remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are now willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the greatest medicine ever discovered. For sale, wholesale and retail, by KEYSER & McDOWELL, 140 Wood st.; R. E. Sellers, 57 Wood street; D. M. Curry, D. A. Elliott, Joseph Douglas, Allegheny City. Also, by the proprietor, S. M. KIER, Canal Basin, Seventh street, Pittsburgh, and B. A. Fahnestock & Co., Wood and Front sts. ja10

MEDICAL.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth, Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles, with labels and directions for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, we are conscious that the medicine can soon work its way into the favor of those who suffer, and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION, (in its early stage,) ASTHMA, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhœa, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old sores, &c. &c. In cases of debility, resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life! The proprietor knows of several cures of PILES, that resisted every other treatment, got well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it.

None genuine without the signature of the proprietor.

Sold by the proprietor.
S. M. KIER, Canal Basin, near Seventh street.
Also, by R. E. SELLERS, 57 Wood st.,
and KEYSER & M'DOWELL,
corner Wood street and Virgin Alley, who are his regularly appointed Agents.
nov2dly

PROCLAMATION.

KNOW all men who are sick and afflicted with disease of the Bladder and Kidneys, with rheumatic pains in back or limbs, stiff joints, old sores, running ulcers, &c., that they can be cured by taking the PETROLEUM. You may talk about its being a nostrum, as much as you please, but this does not make it so; for we proclaim, in the face of an honest community, that it has virtues which are not contained in any other remedy. The man who is racked with pain, and suffering from disease, can, for 50 cents, get relief from any of the ills enumerated above.

Reader! it costs very little to make a trial. This Petroleum is no mixture—no compound, put up for the purpose of imposing on the community; but it is a remedy elaborated by the master hand of nature, and bubbles up from the bosom of our mother earth, in its original purity, and offers to suffering humanity a ready remedy, a certain and cheap cure.

It has cured Piles, after other medicines have failed to render any relief. It has cured Rheumatism, of long standing, and of the worst and most painful character. It has cured Cholera Morbus, by one or two doses. It has cured old cases of Diarrhœa, in which every other remedy has been of no avail. As a local remedy in burns and scalds, it is better than any medical compound or ointment that we know of. It will cure chilblains and frosted feet, in a few applications, undoubted testimony can be furnished of the truth contained in the above statement, by calling on SAMUEL M. KIER, Canal Basin, Seventh street; or either of the agents.

Keyser & McDowell, corner of Wood street and Virgin alley; R. E. Sellers, 57 Wood street; D. A. Elliott, and D. M. Curry, Allegheny city, are the Agents.

RHEUMATISM CURED.

THE UNEQUALLED SUCCESS which has attended the use of MORTIMER'S RHEUMATIC COMPOUND AND BLOOD PURIFIER, in effectually curing the severest and most inveterate cases of INFLAMATORY AND CHRONIC RHEUMATISM, is a sufficient guarantee and recommendation to induce all who are afflicted with this dreadful disease to try its virtues.

Hundreds of cases, many of them citizens of St. Louis, and others from abroad, have been cured within the last few months in the city of St. Louis alone, while letters from agents abroad show also that it is performing the same wherever tried. Many of these were chronic cases of long standing, and all hope of recovery had been given up.—While others were of more recent date, of the acute inflammatory form, very severe. All, however, yield to the wonderful virtues of this medicine, and thousands who have realized its benefits, and are now in the enjoyment of health can but esteem the original discoverer and proprietor, a benefactor of mankind.

It is well known from the experience of the past, that no outward application can possibly effect a permanent cure of this dreadful disease. By the application of stimulating liniments, partial relief, in some cases, may be obtained for a short time. But all the while this disease is fixing its grasp more permanently in the system, and sooner or later will again develop itself in a more dreadful form, and after a few periodical returns, it settles into a chronic form, which, if not soon arrested, ruins the individual for life.—This is verified by the history of the past in all countries, and more fully demonstrated by the history furnished of hundreds of sufferers during the last few months.

MORTIMER'S RHEUMATIC COMPOUND and BLOOD PURIFIER is an internal remedy—it commences its operations where the disease first originates, and in purifying the blood, passes through the whole system, neutralizes the impure or gangrenous sediment, which has settled upon the membranes, muscles and tendons—removes it entirely from the system, and restores the individual to perfect health.

Let those who are afflicted and desire themselves, and put off the use of this medicine too long, to a degree that limbs are dislocated or contracted to a degree of hundreds of thousands who are cripples for life. The experience of the past as well as a multitude at the present day, demonstrates the folly of expecting permanent relief from external applications.

The proprietor of this valuable medicine knows from experience, that no outward application can possibly effect a permanent cure of this disease; he has prepared and apply an ointment [illegible] which will give relief in one hour's time, but it should be used only as an auxiliary [illegible] to produce the desired effect, and Mortimer's Compound and Blood Purifier is the only remedy that has ever been discovered, either in America or in Europe, that will effectually cure this disease.

This medicine can be had, wholesale or retail, at No. 73 Third street, next to the Post Office, Pittsburgh.

Also for sale in Pittsburgh, by H. Sawyer, Wm. Thorn, J. D. Morgan, S. N. Wickersham, and J. A. Jones.

Price $5 per bottle; six bottles for $25, or $48 per dozen.

Pamphlets can be had gratis of the agent.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.

DR. JACOB ROSE, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the Lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years has been engaged in the investigation of diseases and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled celebrity in curing those dreadful and fatal maladies, Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, to which humanity is heir—not by the use of one compound only, for that is incompatible with Physiological Law, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; also his Golden Pills are admitted, by the faculty, to possess peculiar properties, adapted to female diseases; but being satisfied that a fair trial is sufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

For sale by the following agents, as well as by most druggists throughout the country:

J. Schoonmaker & Co., 24 Wood st., Pittsburgh.
J. M. Townsend, Druggist, 45 Market st.
Lee A. Beckham, Druggist, near the Post Office, Allegheny city.
Joseph Barkley, Darlington, Beaver county, Pa.
John Elliott, Ennon Valley,
T. Adams, Beaver.

COMFORT AND RELIEF

FOR THE AFFLICTED will be found in Dr. Dewitt C. Kellinger's INFALLIBLE LINIMENT, or Magic Fluid, which has stood the test of thirty years experience, and has, beyond a doubt, been the means of saving the lives of thousands of individuals, in almost every class and character of disease. We feel that we hazard nothing in saying that this is the only medicine that has been offered to the afflicted, that does, in every sense of the word, what it is sold for.

It has cured, and is capable of curing more diseases than any other medicine offered for sale, we care not by whom made or sold, or by what name.

As a strong and convincing proof of the above, we say, that it is the only article that has appeared in the form of a patent Medicine that ever has been patronized and recommended by the elite generally, as the most agreeable Family Medicine ever offered for sale. The Hon. Moses H. Grinnell, late M. C. The Hon. Robt. H. Morris, late Mayor. Hon. John A. Dix, late U. S. Senator. William H. Porter, Esq., Editor of the Spirit of the Times, and a host of other distinguished citizens of New York, who have fully tested its merits, have permitted the proprietor to refer to them.

As it is well known that Patent Medicines are not generally patronized by the learned, wealthy and polite circles, we have undoubtedly a right to feel ourselves highly privileged. This Wonder working Compound has been nearly seven years before the public. Its first friends are now its strongest and best. This most undoubtedly is strong and convincing proof of its general usefulness and sanative qualities. It is a sovereign remedy for all nervous diseases, rheumatic pains, scrofulous swellings, sprains, bruises, old sores, and all the pains and aches that flesh is heir to.

Over 1,000,000 bottles have been sold without complaint; and have performed such astonishing cures, after all other remedies have failed, as would stagger belief, had we not offered, and in our possession, the strongest possible evidence.

This medicine, or nature's remedy, is prepared from vegetables, for internal as well as external use. It acts directly upon the diseased part—giving it health and strength. It is a sure cure for Diarrhœa, Cramps, Bilious Cholic, and all spasmodic affections, diseases of the Kidneys, and Weakness in male or female, from whatever cause it may have originated.

For sale in Pittsburgh, by R. E. Sellers, Messrs. Kidd & Co., and Ogden & Snowden; and by the retail Druggists generally. It is put up in four, two, and one shilling bottles. jan29:dm

EFFERVESCING COMPOUND. This Compound is warranted to produce the within described effects, when used for making bread, tea cakes, buckwheat cakes, &c., by which a saving is effected in the flour of about 13 per cent.

To MAKE BREAD.—To each pound of flour add two tea spoonsful of Compound and the usual quantity of salt, mix them thoroughly together while dry, (this makes a prepared flour that you can set aside and use at leisure,) then add as much cold water as will make the dough the usual thickness; knead it well, and let it stand fifteen minutes before baking—one or two hours will do no hurt. Biscuit should be mixed much thinner, and baked at once, but will do no hurt to stand fifteen or twenty minutes. There is no danger of getting too much of this Compound in the bread; it will not turn the bread yellow, as saleratus does when used to excess.

You can put the above Compound into tea cakes, puddings, johnny cakes, Indian cakes, ginger cakes, corn meal cakes, corn bread, brown bread, biscuit, batter cakes, buckwheat cakes, apple dumplings, pot pies, and for all baking purposes. Just received and for sale by R. E. SELLERS, 57 Wood st.

TAKE NOTICE.

CHALLENGE TO THE WORLD. Twenty-five Dollars reward will be paid to any one who will produce a speck of paint, green or dry, that cannot be extracted with Hale's Improved Chemical Soap. I have the satisfaction to the people of this place that this article, [illegible] improvement on it, now stands unrivalled [illegible] for extracting grease, tar, pitch, oil, paint, [illegible] greasy substance, from all kinds of gentlemen's [illegible] clothing, carpets, table spreads, merino shawls, [illegible] bonnets, &c., without injuring any thing that pure water will not injure. More than one thousand persons in different parts of the city have told me they would not be without it if it cost $1 a cake. In trying this Soap on more than 300 articles of light silks, satins, alpacas and calicoes, I have only found three pieces of silk, two of alpacas, and four of calicoes, on which it changed the color, therefore, before putting it on a light dress, try a sample of the dress first. I state this because I am determined to recommend it any stronger than I know to be strictly true.

Orders from country merchants and pedlars promptly attended to by the subscriber. R. E. SELLERS,
57 Wood st.

SELLERS' COUGH SYRUP,

"I had not used it twice before I felt its beneficial effects."

MR. R. E. SELLERS—Sir: Suffering from a cold and cough, for which I tried many recipes, without obtaining relief, I was presented with a bottle of "R. E. Sellers' Cough Mixture." I think it a duty which I owe to both you and the public in general, to positively assert, that I had not used it twice before I felt its beneficial effects, and (under the Divine blessing) had no occasion to finish the bottle. I testify also, as to having witnessed its magic properties on friends of mine, one in particular, who had a trying attack on her lungs, accompanied with a distressing cough. Verily the only true (companion (where coughs and colds affect the sufferer) has developed amongst us in "R. E. Sellers' Cough Mixture."

M. FITSGERALD, 125 Wylie st.

Pittsburgh, Jan. 14, 1851.

Prepared and sold by R. E. SELLERS, No. 57 Wood st., and sold by druggists generally. ja14

SELLERS' IMPERIAL COUGH SYRUP—Additional proof of its power to cure.

Fairfield, Va., August 20, 1845.

Mr. R. E. Sellers—Being afflicted for some time with a bad cough, I was recommended to use your Imperial Cough Syrup, by my young friend Mr. W. Templeton, your agent for this place. I did so. It had the desired effect of curing me of a cough that I had despaired of ever being well. I had used almost every thing that it was in my power to get, but received no benefit until I met with your invaluable Cough Syrup. I feel fully satisfied in saying to you and recommending it to the public as one of the best medicines that has ever been prepared for the cure for which it is intended. JAMES B. SMITH.

Prepared and sold by R. E. SELLERS, 57 Wood st. ja9
