PITTSBURGH GAZETTE.

MARTIN F. TUPPER, ESQ.

To the Editors of the Pittsburgh Gazette:

Martin F. Tupper, Esq., the distinguished author of "Proverbial Philosophy," "The Crock of Gold," and many pieces of poetry, all which have been extensively read and admired in this country, was in our city yesterday. His respect and admiration for the people of the United States, is in strong contrast with the tourists of England, who have disparaged us so much. He showed me a letter he had just written to Mr. Gladstone, a distinguished member of the British Parliament, in which he spoke in the warmest terms of Brother Jonathan. To the philanthropy of such men the two nations are much indebted for the preservation of peace and mutual respect.

Mr. Tupper handed me a piece of poetry, which he had just composed upon a subject doubtless interesting to us all—the origin of our national flag.

Mr. Tupper had been, some time in May, on a visit to Mt. Vernon, and was struck with the coat of arms of the Washington family—an eagle's head, surrounded by three stars, and succeeded by three transverse stripes, that is to be seen in many places on the walls of Washington's residence. On having presented to him, by Mrs. Washington, the hospitable lady of the mansion, the Washington coat of arms, displayed in a picture of the heraldic tree of the family, which had been brought by the ancestors of the PATRIOT from Lancashire, in England, the land of their birth, the beautiful thought struck the vivid perception of Mr. Tupper, that it was to this device of the eagle's head, the three stars, and the three stripes, to which we were indebted for the devices of our national flag.

This beautiful thought he embodied in a speech he delivered, shortly after, before a meeting of the Historical Society of Maryland. His allusion to this subject on that occasion, is sketched by the Baltimore American as follows:—

"In conclusion, Mr. Tupper related what appeared to him an important and interesting idea,—possibly a discovery,—as to the origin of our National Fag, which he specially commended to the investigation of the Maryland Historical Society. He said: 'Yesterday I made a pilgrimage to Mount Vernon, and was exceedingly struck by the circumstance that the ancient family coat-of-arms of the illustrious Washington, consists of three stars in the upper portion of the shield, and three stripes in the lower portion; the crest is an eagle's head, and the motto, singularly appropriate to American history.

"Exitus acta probat."

"I cannot but consider this a most interesting coincidence," said Mr. T., "and one well worthy of historical research." The world may well congratulate America upon being the geographical apotheosis of that great unspotted character, who, while he yet lived, was prospectively her typical impersonation. The three stars, by a more than tenfold increase, have expanded into thirty-three; the glorious issue has abundantly vindicated every antecedent fact; and your whole emergent Eagle, fully plumed, is now long risen from his eyrie, and soars sublimely to the sun of Heaven."

I send you, for publication, the lines which Mr. Tupper placed in my hands, commemorative of this idea, and that, at my solicitation, he permits me to present to our fellow citizens.

D*****

WASHINGTON'S HERALDRY.

[The result of a visit to Mount Vernon.]

Consider this ancestral shield,
With honors all aglow,
Above, three stars upon the field,
Three ruddy stripes below.

A royal eaglet's uncrowned head,
Its crest of pride is seen,
And round this legend may be read—
The *end* approves the *mean.*

The first in Peace, the first in War,
First in the hearts of men,
We know who bore the stripe and star
And eyried eagle then.

Who bears it now, you flag afloat,
O'er sea and land unfurled?
Whose is that striped and starry coat
That dazzles all the world?

Ever the same—a Washington's!
But in expanded phase;
He lives in you, his noble sons,
And glories in your praise.

And well his eagle spirit loves
To note how wisely still,
Your PRESENT, all his PAST approves,
As all your FUTURE will.

MARTIN F. TUPPER.

Pittsburgh, May 15, 1851.

From the National Intelligencer of Wednesday,

THE LATE APPALLING MURDER AT WASHINGTON.

It was our painful duty to announce yesterday the murder of a wife by her husband, who shot her dead with a six-barrel revolver about 8 o'clock on Monday night, as she was endeavoring to get out of his way, and enter her father's dwelling, of which she had been an inmate for five weeks past. The investigation of this tragical affair yesterday before Coroner Woodward resulted in a verdict, substantially and distinctly charging the husband, *John Day*, with the wilful and premeditated murder of his wife Catharine Virginia Day, by maliciously shooting her with a revolver.

A number of witnesses were examined at the Coroner's Inquest, from whose testimony we are led to the conviction that the verdict of the jury, rendered after a fair and deliberated inquiry into all the circumstances of this horrid deed, is fully justified by the evidence submitted to them.

The deceased after receiving her death-wound exclaimed, "Oh John!" After she was placed on the sofa in her father's house, she exclaimed in the hearing of Dr. Stone, (as he testified,) "For God sake let me die—I can't get over it." She died in half an hour after she was shot.

The virdict of the Jury, as recorded by the Coroner and drawn up by the foreman J. H. Goddard, is as follows:

The Jury, upon their oaths, find that the said Catharine V. Day was standing at her father's door on the evening of the 12th of May, 1851, 8 o'clock, in company with her brother, sister Mary, her cousin, and Catharine B. Keener, when John day, her husband, came up to the party, and after some few words had passed between the deceased and her husband, he said "I'll shoot you," and then pulling a pistol from his pocket, the deceased ran to get into the house, pursued by Day, and, when entering the kitchen door, she was shot by the said Day, discharging two bullets from the six-barrel pistol and the Jury believe from the evidence that the said Catharine V. Day came to her death by being maliciously and wilfully shot by her said husband John Day.

A MOST DISTRESSING CASE.—About the first of April, Mary, second daughter of our old associate, Wm. D. Gallagher, and a most interesting and intelligent young lady, was exercising with a ball on the Capitol Grounds, at Washington City. In running after the ball she slipped on an iron grating over a window at the East front of the Capitol, her foot passed between the bars and her limb passed down to above the knee. She was extracated and went home. There was no appearance of a severe external wound and no bone was broken or dislocated, but she complained of excruciating pain. She was placed in bed and medical aid called in.

She soon sank, and continued to be in a lethargic, almost insensible state, with her eyes closed, for about thirty days! She spoke not except with effort, single expression to make her wants known. The first half of this time her only nourishment was gum water—then she took a little orange juice, and then weak oyster broth. In the mean time the bruises, slight as they were on the limb, were heald, yet her mind continued lethargic—it even grew darker and darker.

About the first of May, the Physicians gave up all hope of restoring her mind, and recommended her removal to the Hospital at Baltimore! She was taken there by her almost distracted father. On the night of the 6th instant, the doors of the Lunatic Asylum closed between the afflicted parent and his poor child!

This is a most extraordinary case—that from a cause so light consequences so unlooked for and heart-rendering should follow! The father doating on his children, and particularly on that dear one through stricken down with grief and sorrow, calling upon God to pity and help him, says he does not *dispair!* He will continue at Baltimore a few days to watch the effect of change, and, perhaps, to witness the sad—the closing scene!—*Cincinnati Gazette.*

TERRIBLE FIRE-DAMP EXPLOSION AT THE CLOVER HILL PITTS, (VA.)—We are shocked by the intelligence that on Saturday morning, about two o'clock, an explosion occurred in the central pit, owned by James H. Cox, Esq., at the Clover Hill Coal Pits, Chesterfield. There were only eight persons in the pits, one white and seven colored men, and they were all killed. The bodies of all of them have been recovered. The unfortunate victims, it is thought, were anxious to complete their work, so that they might have a portion of Saturday to visit their families and they did not take the necessary precautions with the safety-lamp against danger.—*Richmond Enquirer.*

Front Brick and House Tile.

THE undersigned is now manufacturing, at his Steam Brick Press, in Birmingham, the handsomest Front Brick, for Houses, ever produced, which he will sell at one-third to one-half less than hand-made; and possessing perfectly even, square edges, and a smooth, polished surface, they catch no dust or soot, and preserve a handsome, clear, bright appearance, as seen in Rev. Mr. Knox's Church, South Pittsburgh; the contrast between it and other buildings being very visible. The brick now making, are much superior to the former. The front of anything like a genteel house should be of pressed brick, the additional expense being so trifling.

Certificates in my possession, from Government Officers, Agents, and Architects, who have used similar brick extensively, certify to their superiority in strength, durability, resistance to frost, water, fire, &c.

HOUSE TILE.

Also manufacturing, a superior article of Tile, pronounced, by an eminent English Architect, superior to Slate, and furnished at about one half the expense.

COMMON BRICK.

Also, 300,000 Common Brick—strength, durability, &c., guaranteed. Price, $3 ₩ 1000, at the Works.

INDIA RUBBER BELTING.—A very large stock of India Rubber machine Belting on hand, width ranging from 12 to 20 inches. This belting is superior to leather or any other, for all open belts for the following reasons:

1. The perfect equality of width and thickness which it will retain.
2. No heat under 300 degrees Fahrenheit injures it, and it remains flexible in any deg reeof cold.
3. It is of great strength and durability and does not slip on the pullies, consequently a gain of power is obtained, and when adjusted to machinery, does not require alteration as is the case with leather or any other.
4. In wide belting the cost is much below that of leather or any other.

MEDICAL.

Needles' Celebrated

COMPOUND HEMLOCK PLASTER.—These highly medicated plasters have been made for more than twenty years, during which time they have gained a permanent reputation, as the most efficacious Rheumatic and Strengthening Plaster ever offered. Physicians of the highest eminence, to whom their composition has been submitted, have given the most flattering testimonials as to their superior virtue over all other plasters sold.

The ingredients of their composition, very carefully and correctly combined, render them peculiarly applicable to persons suffering with pulmonary disease.

For pains in the breast, resulting from protracted colds, whooping cough, and local pains in the various neuralgic diseases in the body, their beneficial character is beyond question or dispute. As a remedy in Lumbago, their superiority over all outward applications, such as liniments, &c., has been fully corroborated by the many cures effected. For weakness and pains in the back and side, resulting from severe strains, diseases of the kidneys, &c., their superiority over all others has been amply tested by hundreds who have experienced cure and relief from their application. To such as suffer with rheumatic pains, these plasters are recommended, with the confident assurance that their beneficial effects will be found very decided.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth,
Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application for it, to the proprietor, has induced him to have it put up in bottles, with labels and directions, for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure, unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory!! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can soon work its way into the favor of those who suffer, and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION, (in its early stage,) ASTHMA, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarhoa, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c. &c. In cases of debility, resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life. The proprietor knows of several cures of PILES that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it.

None genuine without the signature of the proprietor.—Sold by the proprietor,
S. M. KIER, Canal Basin, near Seventh street.
Also, by R. E. SELLERS, 57 Wood st.,
and KEYSER & M'DOWELL,
corner Wood street and Virgin Alley, who are
nov2dly his regularly appointed Agents.

PROCLAMATION.

KNOW all men who are sick and afflicted with disease of the Bladder and Kidneys, with rheumatic pains in back or limbs, stiff joints, old sores, running ulcers, &c., that they can be cured by taking the PETROLEUM. You may talk about its being a nostrum, as much as you please, but this does not make it so; for we proclaim, in the face of an honest community, that it has virtues which are not contained in any other remedy. The man who is afflicted, and suffering from disease, can, for 50 cents, get relief from any of the ills enumerated above.

Reader! it costs very little to make a trial. This Petroleum is no mixture—no compound, put up for the purpose of imposing on the community; but it is a remedy elaborated by the master hand of nature, and bubbles up from the bosom of our mother earth, in its original purity, and offers to suffering humanity a ready remedy, a certain and cheap cure.

It has cured Piles, after other medicines have failed to render any relief. It has cured Rheumatism, of long standing, and of the worst and most painful character. It has cured Cholera Morbus, by one or two doses. It has cured old cases of Diarrhoea, in which every other remedy has been of no avail. As a local remedy in burns and scalds, it is better than any medical compounds or ointments that we know of. It will cure chilblains and frosted feet, in a few applications; undoubted testimony can be furnished to the truth of the above statement, by calling on SAMUEL M. KIER, Canal Basin, Seventh street; or either of the agents.

Keyser & M'Dowell, corner of Wood street and Virgin Alley, or R. E. Sellers, 57 Wood street; D. A. Elliot, and D. M. Curry, Allegheny city, are the agents.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—DR. JACOB ROSE, the discoverer and sole proprietor of these most popular and celebrated medicines, and also the inventor of the celebrated instrument for inflating the lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of diseases, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has gained an unparalleled eminence in curing those dreadful and fatal maladies: Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all other diseases which originate from an impure state of the blood. Indeed, every form of disease vanishes under the use of his remedies, in which human agency is at all available. Dr. Rose's Anti-Dyspeptic Mixture, for the cure of Dyspepsia, &c., and all his remedies, adapted to, and prescribed for, each particular form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; also his Golden Pills are admitted, by those who use them, as being satisfied that a more effectual remedy has not been found, and as suited to the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy, and its application.

COMFORT AND RELIEF

FOR THE AFFLICTED will be found in Dr. Dewitt C. Kellinger's INFALLIBLE LINIMENT, or Magic Fluid, which has stood the test of thirty years experience, and has, beyond a doubt, been the means of relieving more suffering than any other medicine, in all classes and character of disease. We feel that we hazard nothing in saying that this is the only medicine that has been brought to the notice of the public for sale, that has done what it is said to.

That it has cured and is capable of curing more diseases than any other medicine ever offered for sale, we care not for whom made or sold, or by whom used. Of the liniment, let any one read.

As a strong and convincing proof of the above, we say that it is the only article that has appeared in the shape of a patent medicine that has received the patronage of the public, and many families and individuals of note, as family medicine ever offered for sale, or used by any of them, viz:

The Hon. Moses H. Grinnell, late M. C.; The Hon. Robt. H. Morris, late Mayor; Hon. John A. Dix, late U. S. Senator; William H. Porter, Esq., Editor of the Spirit of the Times; and a host of other distinguished citizens of New York, who have fully tested its merits, have permitted the proprietor to refer to them.

As it is well known that Patent Medicines are not generally patronized by the learned, wealthy and polite circles, we should not mention it, but we feel ourselves highly privileged. This Wonder working Compound has been nearly seven years before the public. Its first friends are now its strongest and best. This most indisputable is a strong and convincing proof of its general usefulness and alleviative qualities. It is a sovereign remedy for all nervous diseases, rheumatism, contracted sinews, sprains, bruises, old sores, and all the pains and aches that flesh is heir to.

Over 100,000 bottles have been sold without complaint, where all remedies have failed, as would stagger belief, had we but the space to give them.

This medicine, or nature's remedy, is prepared from vegetables, for internal as well as external use. It acts directly upon the diseased part—giving it health and strength. It is a sure cure for Diarrhea, Cramps, Bilious Cholic, and Cholera Morbus, in their worst form, whatever cause it may have originated.

For sale in Pittsburgh, by R. E. Sellers, Messrs. Kidd & Co. and Ogden's Snowden; and by the retail Druggists generally. It is put up in four, two, and one shilling bottles. ja29:ly

To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times—PETROLEUM OR ROCK OIL. It is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we allege that the longer it is tried, the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but, one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write the truth—that we say nothing calculated to deceive those who may trust our word or pen concerning it. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of gulling the humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any single article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens, who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And, also, the case of a gentleman in Beaver county. There are others; but these are cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure, when used according to directions—Diarrhea, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the skin, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the above diseases within the past year with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to the afflicted or their friends.

Whatever others may say about their medicines, the Petroleum is the greatest Remedy of the age. Physicians of high standing in the profession are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it due praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the greatest medicine ever discovered. For sale, wholesale and retail, by KEYSER & McDOWELL, 140 Wood st.

SELLERS' IMPERIAL COUGH SYRUP.

—It is cheap, easy to take, and highly efficacious.
ALLEGHENY CITY, March 23, 1847.
Mr. R. E. Sellers:—My children, like others, have been subject to troublesome coughs; and having used different remedies to very little purpose, I was induced by advertisements about my Cough Syrup to give it a trial. I gave it to two of my boys, and also to my daughter several different times, and it has never failed to cure them.
I have recommended it to my neighbors, and do most concienciously believe that it is the best cough medicine that has ever been offered to the public.
ANDREW ARMSTRONG.

Parents should not permit their children to suffer from cough, when they may be cured by a 25 ct. bottle of this Syrup.
