PITTSBURGH GAZETTE.

JUNCTION RAIL ROAD.

The ironway between Cleveland and Sandusky City is to be in operation early in 1853. Some 12 miles of the road from Olmstead west are now nearly ready for the iron, and the substantial bridge over the east branch of the Black River at Elyria is about finished. The contracts for building the road from the 12 miles spoken of to Sandusky City have been let, and the work is to be pushed forward vigorously. The contractors are to have their jobs finished by the 1st of Januray 1853.

From Elyria the road is on a direct line to Amherst Corners where it crosses the Beaver creek, and thence to Vermillion river, which is crossed near its mouth. The line to Sandusky is very straight, of low grades, and the estimated cost of construction is less per mile, we understand, than the cost of the C. C. & C. road. The only portion of the road not under contract is from Olmstead to the mouth of the Cuyahoga. This we are informed is to be let soon.

From Olmstead to Rocky River the line of the Junction road is not far from the C. C. & C. railroad, and to get a feasible place to bridge Rocky River it crosses the C. C. & C. road twice. Thence to the Lake the line is very straight, crossing the Ridge road to Elyria near Camp's tavern, west of Ohio City. The road is to reach the valley of the Cuyahoga by a grade along the Lake bank, crossing the old river bed on the bar at its mouth and terminating on the Island.

The Engineer of the road supposes some plan of extending the track across the harbor as often as is necessary can be adopted, which will not materially interfere with the interests of navigation. The Depot grounds, machine shops, &c., are to be on the Ohio City side of the Cuyahoga.

GENESEE VALLEY RAILROAD.—It is announced that the Directors of this road have determined to postpone commencing its construction until the spring, and in the meantime to take the necessary steps to secure the right of way. James S. Wadsworth, of Genesee, has been elected President, and A. E. Rochester, of Rochester City, Secretary of the Company.

At Cuba a mass meeting was recently held in relation to a proposition to extend the Genesee Valley road to the Erie road, and thence to Pittsburgh.

TWO PER CENT. A MONTH.—We never saw the other ends of some the wires at Wall street better designated than in the following passage from an article in the Herald, on "Sunday in New York":

"If during the week, a stranger should be surprised at the intense activity and insane eagerness to make money, which prevails among our business men, let him look at their handsome wives and daughters as they sail out to church in a full Sunday apparel, and he will wonder no longer. This vast, uninterrupted stream of twenty-five dollar bonnets, fifty dollar silks, yard-wide ribbons, embroidered shawls, velvet robes, and costly feathers, bespeaken unparalled extravagance in the families of the industrious and prosperous many who make up the great body of the population of very large city. The expensive and ostentations style of this immense class—both in their dress and manner of living—is one of the most striking characteristics of our country and our age. No where else in the world can one-tenth of so great a number of expensively (we do not say well) dressed women be seen in the same time or compass as in Broadway on a fine Sunday morning. When we encountered this brilliant procession, last Sunday, and remembered that money was worth 2 per cent a month in Wall street, we could not help roughly estimating the enormous interest the husbands and fathers of New York bestow upon their wives and daughters."

THE WAY TO GET RICH.—People have discovered that the way to get rich is to advertise. A man cannot invest money in business in any way so likely to remunerate him. A store keeper spends twenty, fifty, or even one hundered dollars on a sign; but if he spends half that sum in advertising, his return is twice as great. The benefits of advertising are especially felt in newspapers of large circulation. It is the journal that is read everywhere, that penetrates to the family, as well as to the store, which gives the best return. Advertising is to the merchant or other business man, what sowing seed is to the farmer; it insures a harvest, sometimes of twenty fold, sometimes of a hundred.

ROUSSEL'S UNRIVALLED SHAVING CREAM is now universally acknowledged superior to any Shaving Cream in the United States or Europe. This delightful preparation is unequalled for purity, beauty, and fragrance, though somewhat analogous to Guerlain's Ambrosial Cream, and other similar compounds, it far surpasses them all by the emollient pasty consistency of its lather, which so softens the beard as to render shaving pleasant and easy; it possesses great advantages over the imported articles, in being freshly prepared from the best materials, with the greatest skill, and is not only the best, but also the cheapest article for shaving. The increasing sales of this article during the last twelve years, and the several gold and silver medals awarded for it, strongly attest the high estimation in which it is held by the community. BOOKS, MUSIC, &c.

A History of Pittsburgh.

BY NEVILLE B. CRAIG, Esq.—A History of Pittsburgh, from the earliest period when it was visited by white men, down to the close of the last century, with notices of the first establishment of some of the principal improvement, up to the present time; to which is added a chapter upon the advantages of our position for manufacturing and commercial pursuits, with a summary of the aggregate amount of business transacted here annually upon our rivers, canals, and slackwater improvements.

There is no point in this Union where so many important events and occurrences of historical interest have been compressed within so brief a period of time, as in the country around the head of the Ohio. To collect together and to exhibit in historical order these various incidents, and to proclaim the advantages of our position, as inducements for capitalists to settle here, is the object of the proposed work.

MEDICAL.

The most Extraordinary Discovery in the World is the great Arabian Remedy for Man and Beast.

H. G. Farrell's CELEBRATED ARABIAN LINIMENT.

H. G. FARRELL'S genuine Arabian Liniment is a most extraordinary medicine, the truth of which is placed beyond doubt by the vast sales of the article, and the many cures being daily performed by it, which previously had resisted all other medicines and the skill of the best physicians in the world. It is composed of balsams, extracts and gums peculiar to Arabia, possessing, in a concentrated form, all their stimulating, anodyne, penetrating, unctuous and revulsive properties, and the same which, ages ago, were used by the "Sons of the Desert," with such miraculous success, in curing the diseases of both man and beast.

Read the following remarkable cures, which should of themselves place H. G. Farrell's Arabian Liniment far beyond any similar remedy.

About a year and a half ago, a swelling appeared in my wife's stomach, gradually increasing in size—until it became as large as my fist, and so sore that she could not bear the least pressure upon it without giving her extreme pain. I got the advice of our best doctors, and they differed in opinion about it; some said it was an Ague Cake, or enlargement of the Spleen; some, that it was an Enlargement of the Ovaries, and others said it was a Tumor of the Ovaries, and could not be cured except by cutting it out. In this critical situation, I was persuaded to try H. G. Farrell's Arabian Liniment upon it, and, strange as it may appear, upon the third application she began to improve, and has continued getting better daily, until now she is as well as ever—enjoying excellent health. D. McCONNELL. Peoria, March 5, 1849.

[Robert Hinds, postmaster, says:] Cerestown, Pa., March 27, 1849.

One woman has used your Liniment with great success, who had lost the use of her legs for three years, the cords being contracted so that her legs were bent as much while standing, as is natural for the position of the legs while sitting, and she could not bend them in the least; but by the use of H. G. Farrell's Arabian Liniment, she is now able to walk with ease, and has a straight limb. I have found it a most excellent remedy for horse flesh; also, for every thing which requires an external remedy.

The opinion of an old, experienced, and scientific Farrier. Washington, Iowa, June 26, 1849.

From the speedy and permanent cures, both on man and beast, which your Arabian Liniment is performing, I do not hesitate to pronounce it the "Great Remedy of the Age." I have practised doctoring horses for twenty years, and have tried all the various liniments, ointments, &c., so much puffed up in the papers, but I must say that H. G. Farrell's Arabian Liniment exceeds any that I have made use of. By its use, I have cured Sweeny and Spavin long after they had been pronounced incurable, and I have cured more than fifty horses this season with your Liniment, embracing every shade of disease, from scratches and bruises up to spavin, ring-bone, and sweeny. I can also bear testimony of its good effects on the human system. I was confined nearly all last winter to my room with Rheumatism, and could get nothing to help me until I commenced the use of your Liniment, which entirely cured me. WM. R. GRIMES.

Sun Pain of ten years' standing cured by H. G. Farrell's Arabian Liniment:

Mr. H. G. FARRELL—Dear Sir: I had been afflicted with the "Sun Pain" for the last ten years, and could never get relief except by bleeding; but by the use of H. G. Farrell's Arabian Liniment, applied over the temples about three or four times a day, it was entirely removed, and I have felt nothing of it since. I went into the stable one night, to apply it to a horse's sore leg, and being very lame he stumbled and fell against my legs, crushing and bruising them so badly that they turned as black as my hat, rendering them powerless. I applied your Liniment, and was well enough in a few days to go about again as usual. I also crushed my finger in a shocking manner, by letting a back-log fall upon it, but your Liniment soon brought it up. JOHN B. McGEE. La Salle Precinct, Peoria co., Ill., Feb. 6, 1849.

Beware of Counterfeits.

TO GUARD AGAINST IMPOSITION, READ THE FOLLOWING CAREFULLY.

The Public are particularly cautioned against a base *Counterfeit* which has lately made its appearance, and is called by the Imposter who makes it "W. B Farrell's Arabian Liniment." This is a dangerous fraud and more liable to deceive from his bearing the name of Farrell. Therefore be particular never to call for it by the name "Farrell's Liniment," for unprincipled dealers will impose the BRIOUS mixture upon you for the genuine, but always ask for "*H. G. Farrell's Arabian Liniment*," and take no other. As the genuine always has the letters H. G. before Farrell's, his signature is also on the outside wrapper, and the words blown in the glass bottle—"*H. G. Farrell's Arabian Liniment, Peoria.*"

The Human Body Must Perspire,

SO SAYS NATURE, to have a healthy appearance; and persons who do not perspire, are liable to the most disgusting skin Diseases. Now, Jones' Italian Chemical Soap causes a free perspiration, and at the same time mollifies and softens the skin, giving it the tex of an infant's.

Scurvy, Salt Rheum, and Sores, are not only healing, cured by its use, as at least 7 physicians in N. York know who use it in such cases, and find it unfailing—as also in Pimples, Blotches, Freckles, or any other skin disease. [illegible] Jones' Italian Chemical Soap. [illegible] head of Wood.

Pearly White Teeth, and Pure Breath, for 25 cents—Persons who have either, are hereby assured that if their teeth is ever so bad, by their using a 2s bottle of Jones' Amber Tooth Paste will make the breath as sweet as any. Sold only at JACKSON'S Store, 240 Liberty street, head of Wood.

A Scientific Hair Tonic, Restorer and Dresser—Trial Bottles 37½ cents. Those who have lost their hair, or who wish to preserve their own hair, or have it restored, or strengthened, or the hair is falling off, or wish to make dark hair grow, or dress, or render the hair soft and silky, are referred to Jones' Coral Hair Restorer. Sold only at WM. JACKSON'S Store, 240 Liberty street, head of Wood, Pittsburgh. Prices—37½ cents, 50 cents, and $1.

JONES' Solution of Jet, a Liquid Hair Dye, for the changing of white, red, or grey hair to a beautiful brown, or black jet color, in a few minutes. Sold by WM. JACKSON, 240 Liberty street, head of Wood, Pittsburgh.

JONES' LILLY WHITE.—Ladies are cautioned against using the common prepared chalk. They are not aware how frightfully injurious it is to the skin! how coarse, how rough, how sallow, yellow, and unhealthy the skin appears after using prepared chalk! Besides, it is injurious, containing a large quantity of lead! We have prepared a beautiful vegetable article, which we call Jones' Spanish Lilly White. It is perfectly innocent, being purified of all deleterious qualities, and it imparts to the skin a natural healthy, alabaster, clear, living white; at the same time acting as a cosmetic on the skin, making it soft and smooth. Sold by the Agent, WM. JACKSON, 240 Liberty street, head of Wood, Pittsburgh.

B. T. Babbitt's Celebrated Soap Powder

WASHING without labor! Warranted to take the stains out of table linnen and kins.

DIRECTIONS FOR USE.—Put your clothes in a sufficient quantity of cold water to cover them, then add two tablespoonfuls of this soap Powder, to each six quarts of water used with the clothes; if the water is hard, add more of the Powder, and boil them ten minutes, in the mean time press them down with a stick, then put them in a tub and add sufficient cold water, so that they will not be too hot to handle. Then rub the dirty streaks, or in other words, give them a thorough rinsing, and that is sufficient to make them clean.

N. B.—There being no rosin in this Soap, it will leave the clothes very white, and no bad oily smell, as some soaps do. The entire cost of the material used does not exceed two cents, to complete a washing of ten persons.—Warranted not to rot or injure the clothes.

This is a Powder that one paper will make twelve quarts of best family Soft Soap.

DIRECTIONS FOR USE.—Take, say six quarts of water and mix the Powder with it, and then let it boil, say five minutes, then add six quarts cold water stir them intimately together, and set it away where it will not freeze, and when cold it will be very thick and nice White Soap, and will wash well, and will not eat the hands like other Soft Soap, nor rot the clothes. Can be used with hard or salt water, by making the quantity into six quarts instead of twelve. The Soft Soap is best adapted for washing calico or woollen goods.

ROUSSEL'S AROMATIC VINEGAR.—The highly sanatory, balsamic and tonic properties of this Vinegar, render it far superior to Cologne Water for the ordinary purposes of the toilet and bath, surpassing the latter in its perfume and cheapness, and in its greater efficacy for the promotion of cleanliness and health. It is highly recommended to ladies for the ordinary and delicate purposes of the toilet, and for preserving the freshness of the complexion. Its emollient properties temper the heat and dryness of the skin, and impart to it an agreeable elasticity. By inhaling it, and rubbing it on the temples, it will remove headache in a few minutes. sep5 Sold by R. E. SELLERS, 57 Wood st.

PETROLEUM, OR ROCK OIL.

"There are more things in heaven and earth, Than are dreampt of in philosophy."

THE VIRTUES of this remarkable remedy, and the constant application to the proprietor, has induced him to have it put up in bottles, with labels and directions, for the benefit of the public.

The PETROLEUM is procured from a well in this county, at a depth of four hundred feet, is a pure, unadulterated article, without any chemical change, but just as it flows from Nature's Great Laboratory! That it contains properties reaching a number of diseases, is no longer a matter of uncertainty. There are many things in the arcana of nature, which, if known, might be of vast usefulness in alleviating suffering, and restoring the bloom of health and vigor to many a sufferer. Long before the proprietor thought of putting it up in bottles, it had a reputation for the cure of disease. The constant and daily increasing calls for it, and several remarkable cures it has performed, is a sure indication of its future popularity and wide spread application in the cure of disease.

We do not wish to make a long parade of certificates, as we are conscious that the medicine can work its way into the favor of those who suffer, and wish to be healed. Whilst we do not claim for it a universal application in every disease, we unhesitatingly say, that in a number of Chronic Diseases it is unrivalled. Among these may be enumerated—all diseases of the mucous tissues, such as CHRONIC BRONCHITIS, CONSUMPTION, (in its early stages,) ASTHMA, and all diseases of the air passages, LIVER COMPLAINT, DYSPEPSIA, Diarrhœa, Diseases of the Bladder and Kidneys, Pains in the Back or Side, Nervous Diseases, Neuralgia, Palsy, Rheumatic Pains, Gout, Erysipelas, Tetter, Ringworms, Burns, Scalds, Bruises, Old Sores, &c. &c. In cases of debility, resulting from exposure, or long and protracted cases of disease, this medicine will bring relief. It will act as a general TONIC and ALTERATIVE in such cases, imparting tone and energy to the whole frame, removing obstructions, opening the sluggish functions, which cause disease and a broken constitution, and giving increased and renewed energy to all the organs of life. The proprietor knows of several cures of PILES, that resisted every other treatment, get well under the use of the PETROLEUM for a short time. The proof can be given to any person who desires it.

None genuine without the signature of the proprietor. Sold by the proprietor, S. M. KIER, Canal Basin, near Seventh st. Also by R. E. SELLERS, 57 Wood st., and KEYSER & McDOWELL, corner Wood street and Virgin Alley, who are his regularly appointed Agents. nov8:dly

PROCLAMATION.

KNOW all men who are sick and afflicted with disease of the Bladder and Kidneys, with rheumatic pains in back or limbs, stiff joints, old sores, ulcers, &c., that they can be cured by taking the PETROLEUM. You may talk about its being a nostrum, as much as you please, but this does not make it so; for we produce the proof of an honest community, that it has virtues which are not contained in any other remedy. The man who is racked with pain, and suffering from disease, can for 50 cents, get relief from any of the ills enumerated above.

Reader! It costs very little to make a trial. This Petroleum is no mixture—no compound, put up for the purpose of imposing on the community; but it is a remedy elaborated by the master hand of nature, and bubbles up from the bosom of our mother earth, in its original purity, and offers to suffering humanity a ready remedy, a certain and cheap cure.

It has cured Piles, after other medicines have failed to render any relief. It has cured Rheumatism, of long standing, and of the worst and most painful character. It has cured Cholera Morbus, by one or two doses. It has cured old cases of Diarrhœa, in which every other remedy has been of no avail. As a local remedy in burns and scalds, it is better than any medical compounds or ointment that we know of. It will cure chilblains and frosted feet in a few applications; undoubted testimony can be furnished of the truth contained in the above statement by calling on SAMUEL M. KIER, Canal Basin, Seventh street, or either of the agents.

Keyser & McDowell, corner of Wood street and Virgin Alley; R. E. Sellers, 57 Wood street; D. A. Elliot, and D. M. Curry, Allegheny city, are the agents.

IMPORTANT TO THE AFFLICTED.

DR. ROSE'S CELEBRATED REMEDIES.—Dr. Jacob Rose, the discoverer and sole proprietor of these most popular and beneficial medicines, and also the inventor of the celebrated instrument for inflating the lungs, in effecting a cure of Chronic diseases, was a student of that eminent physician, Doctor Physic, and is a graduate of the University of Pennsylvania, and for thirty years since has been engaged in the investigation of diseases, and the application of remedies thereto.

Through the use of his inflating tube, in connection with his Prophylactic Syrup, and other of his remedies, he has attained an unparalleled eminence in curing those dreadful diseases, Tubercular Consumption, Cancers, Scrofula, Rheumatism, Asthma, Fever and Ague, Fevers of all kinds, Chronic Erysipelas, and all those obstinate diseases peculiar to females. Indeed, every form of disease vanishes under the use of his remedies, in which human skill is not in vain—but by the use of one compound only, is incompatible with Physiological Laws, but by the use of his remedies, adapted to, and prescribed for, each peculiar form of disease.

Dr. Rose's Tonic Alterative Pills, when used, are invariably acknowledged to be superior to all others, as a purgative or liver pill, inasmuch as they leave the bowels perfectly free from costiveness; as also his Golden Pills are admitted to female disease; but being satisfied that a space is insufficient to establish what has been said, in the minds of the most skeptical.

The afflicted are invited to call upon the agent, and procure (gratis) one of the Doctor's pamphlets, giving a detailed account of each remedy and its application.

COMFORT AND RELIEF

FOR THE AFFLICTED will be found in Dr. Degrath's, or Magic Fluid, who is agent's INFALLIBLE LINIMENT, having stood the test of thirty years experience, and has, beyond a doubt, been the means of saving thousands of individuals, in almost every class and character of disease. We feel that we hazard nothing in saying that this is the only medicine that has been offered to the afflicted, that does, in every sense of the word, what it is said for.

It has cured, and is capable of curing more diseases than any other medicine offered for sale, we care not by whom made or sold, or by what name.

As a strong and convincing proof of the above, we say that it is the only article that has ever appeared in the form of a patent Medicine that has ever been patronized and recommended by the elite generally, as the most agreeable Family Medicine ever offered for sale, or used by any of them, viz:

The Hon. Moses H. Grinnell, late M. C. The Hon. Robt. H. Morris, late Mayor. Hon. John A. Dix, late U. S. Senator. William H. Porter, Esq., Editor of the Spirit of the Times, and a host of other distinguished citizens of New York, who have fully tested its merits, have permitted the proprietor to refer to them.

It is well known that Patent Medicines are not generally patronized by the learned, wealthy and polite circles, yet we have undoubtedly a right to feel ourselves highly privileged. This Wonder working Compound has been nearly seven years before the public. Its first friends are now its constant advocates. This most undoubtedly is strong and convincing proof of its general usefulness and astonishing qualities. It is a sovereign remedy for all nervous diseases, rheumatic pains, scrofulous swellings, sprains, bruises, old sores, and all the pains and aches that flesh is heir to. Over 1,000,000 bottles have been sold without complaint, and the remedies have perfected such astonishing cures, after all other remedies have failed, as would stagger belief, had we not offered, and in our possession, the strongest possible evidence.

This medicine, or nature's remedy, is prepared from vegetables, for internal as well as external use. It acts directly upon the diseased part—giving it health and strength—it is a sure cure for Diarrhœa, Cramp, Bilious Cholic, and dyspeptic affections, diseases of the Kidneys, and Weakness in male or female, from whatever cause it may have originated.

For sale in Pittsburgh, by R. E. Sellers, Messrs. Kidd & Co. and Dr. Jayne & Snowden; and by the retail Druggists generally. It is put up in four, two, and one shilling bottles. jan9:3m

To the Readers of the Pittsburgh Gazette.

PUBLIC ATTENTION is respectfully invited to the following truths, set forth in relation to one of the most important remedies of modern times! PETROLEUM, OR ROCK OIL; it is not more than one year ago since this great remedy was brought before the public, for the relief and cure of disease. Its great powers to heal, have, since then, become fully appreciated by the community, and we allege, that the longer it is tried the more certain will its great fame spread. It is not the remedy of a day, got up for the sole purpose of making money; but one, which we conceive, will continue to be used when all other nostrums have been forgotten. The Petroleum is a Natural Remedy, elaborated in the depths of the earth by a power and agency that laughs to scorn all human competition. It is our duty, when we write about a medicine, that we write the truth—that we say nothing calculated to deceive those who may trust our word or put confidence in our statements. The sick are very apt to catch at any thing that promises relief from disease. A story can hardly be too highly wrought to answer the object of gulling or humbugging some of them. Now, we do not desire to do this; we are anxious only that the truth in relation to our remedy should be told, in order to secure for it a reputation far exceeding any single article in the materia medica. Plain unvarnished facts—facts that may be ascertained in our city and neighborhood, bear ample testimony in favor of the Petroleum.

Within the past two months, two of our own citizens, who were totally blind, have been restored to sight. Several cases of blindness, in the State of Ohio, have been cured. And also, the case of a gentleman in Beaver county. There are others; but these are cases near home, and may be referred to by any persons who have doubts on the subject. These cases were cured after they had been abandoned by physicians as hopeless. The Petroleum will cure, when used according to directions—Diarrhœa, Dysentery, Piles, Rheumatism, Gout, Neuralgia, Eruptions on the Skin, Pimples on the face, Chronic Sore Eyes, Ringworm, Tetter, Scald Head, pains in the bones and joints, old sores, Ulcers, Wens, Ague, Chronic Coughs, Asthma, Bronchitis, and all Pulmonary affections of a chronic nature, tending to produce Consumption.

Burns and Scalds, Diseases of the Bladder and Kidneys, Chapped Hands, Excoriated Nipples, Corns and Bunions. In fact, it is a GREAT UNIVERSAL REMEDY, and has been tried in most of the above diseases within the past year with the most perfect success. Certificates that will astonish are in the hands of the proprietor, who will take pleasure in showing them to the afflicted or their friends.

Whatever others may say about their medicines, the Petroleum is the greatest Remedy of the age. Physicians of high standing in the profession, are beginning to use it in their practice. Those who at first looked on with doubt and uncertainty, are willing to award it the praise and consideration. Before another year rolls round, all will be compelled to acknowledge that the Petroleum is the greatest medicine ever discovered. For sale wholesale and retail, by KEYSER & McDOWELL, 140 Wood st.
