HOME MATTERS.

ALLEGHENY CITY POLICE.—The Police Committee and Mayor Fleming met on Tuesday evening, and made the following appointments:

High Constable—John Snee.
City Constables—Jacob Horsly, Jas. M'Vicker, and Saml. Long.

FIRE.—The alarm of fire yesterday afternoon, was caused by the burning of a match factory on Fayette street, near the Alleghany river.—The building was entirely consumed.

FINED.—Richis Negee, the driver of a milk wagon, was yesterday fined twelve dollars by Mayor Guthrie, for furious driving.

ELECTION.—The Councils of the City will hold an election on Tuesday, February 3rd, for two Guardians of the Poor, in the room of N. B. Craig, Esq., resigned, and Mr. Geo. Albree, whose term of office has expired.

FOUND DROWNED.—Coroner Arthurs held an inquest on Tuesday afternoon on the body of a man, found imbedded in the ice on the south side of the Seven Mile Island, in the Ohio river.

The dress of the deceased was a pair of corded cassimere pants, a cross-barred jacket, barred flannel shirt, red comfort round the neck, coarse shoes, newly half-soled, leather belt round the waist, blue woolen socks. Some papers were found in his pockets, but mutilated; the name of *"Dunlop McLaughlin, Butler,"* is on one slip, and the words *"Heastings 43 O'-Hara,"* on another. The jury found a verdict of "Death from causes unknown." The body was so entirely imbedded in the ice, that the head alone was visible when the jury went down. The body was cut out with axes and lifted out by main force with handspikes, it was also necessary to thaw the body before it could be placed in the coffin.

THE MAINE LIQUOR LAWS.—The operations of the Maine Temperance Law, forbidding the sale of spirituous liquors, are said to be most admirable and encouraging to the friends of Temperance. The Portland House of Correction is without an occupant, and there are other evidences of its good effects. The other New England States are beginning to move in favor of similar laws. Rhode Island is undergoing a thorough canvassing by those in favor of the law, and in Boston on Wednesday a great demonstration in its favor was to come off. The signers of the petition for the passage of the Maine law in Massachusetts numbered 408,000. This petitions was carried to the State House in grand procession.

B. A. Fahnestock Vermifuge!

The Safest and Most Effectious Remedy for Worms that Has ever been discovered.

THIS PREPARATION has now stood the test of twenty-two years' trial, and is confidently recommended as a safe and effectual medicine for expelling worms from the system. The unexampled success which has attended its administration in every case where the patient was really afflicted with worms, certainly renders it worthy the attention of physicians.

The proprietor has made a point of ascertain the result of its use in such cases as came within his knowledge and observation; and he is lastly found it to produce the most salutary effect, not unfrequently, after nearly all the ordinary preparations recommended for worms had been previously resorted to without any permanent advantage. This fact is attested by the certificates and statements of hundreds of respectable persons in different parts of the country, and should indeed families afflicted with the disease, be induced to make a trial of the preparation in their behalf. It is mild in its operation, and may be administered with perfect safety to the most delicate infant. jan2-lyw

CONGRESSIONAL.

WASHINGTON, Jan. 28.

Senate—Mr. Cass presented a resolution from Detroit for the interposition of the United States Government for the release of Smith O'Brien. He made a powerful and impressive speech on the subject.

Messrs. Berrien, Butler, and Hale participated in the debate.

House—The Mexican Indemnity bill was debated in Committee of the Whole.

Mr. Disney made some severe remarks upon the course of Mr. Webster in this matter.

FROM THE SALT LAKE.

ST. LOUIS, Jan. 28.

The Salt Lake mail reached Independence on Saturday evening. The delay in the arrival was occasion partly by the frequent snow storms. The Snow on the ground lay to the depth of 7 to 10 inches. It was also detained by a party of Pawnee Indians, who ordered the carriers to go back to a village, where they were obliged to remain 10 days, under pretence that they were frighting the buffalo, they having been unusually unsuccessful in hunting. These Indians said the Sioux had killed four of their number.

The news from the valley was uninteresting.

ST. LOUIS, Jan. 28.

The gorge at the Grand Tower has been broken, but still continues between Cape Guardeau and the mouth of the Ohio, and will probably give way to-day. The weather is mild and thawing.

S. Sanesbier, a tailer, residing on third near Market street, was found yesterday afternoon in his bed room at the point of death. His wife, and child 18 months old, were lying dead at his side, and a boy four years old, is the employ of Sanesbier, in a very critical situation. It appears that either from the bursting of a gas pipe, or from negligence in shutting off the gas at night, the house became filled, and they inhaling it caused the melancholy result. Medical attendance was immediately sent for, and the survivors, whose fate is very doubtful, were sent to the city hospital.

B. A. FAHNESTOCK'S VERMIFUGE!—

The safest and most effective remedy for WORMS that has ever been discovered.

From H. B. CLAYTON, Esq., Carrollsville, Mississippi.

MESSRS. B. A. FAHNESTOCK & CO.—Gentlemen:—Having purchased a quantity of your Vermifuge of you last spring, and so far as I know, it has given satisfaction invariably. Our physicians recommend it, and purchase it for their families.

Our youngest child, about six years of age, for several months had at times symptoms of fever, which on the remedies usually administered by her mother failed to relieve. Her sufferings were terrible, and on the 4th of the attacks I thought she would die. I at length gave her (as a venture) a dose of your Vermifuge, which, after several hours, brought away a great quantity of worms, and gave instant relief. About three months afterwards a similar attack occurred, when I gave another vial of the Vermifuge, which expelled about 80 worms more! She is now enjoying perfect health, and under [illegible] we are now enjoying perfect health, and under [illegible] we are her recovery, to that Vermifuge.

Portable Thrashing Machines, Separators and Corn Shellers,

WARRANTED to be thoroughly built, and to work well; made and sold by BASTIAN & CARROL, opposite Shoenberger's Rolling Mill, Liberty street, Pittsburgh. The Thrashing Machines are legantiful, simple and compact, are easily removed from place to place, and may be used with equal convenience in the power or barn. No machine runs lighter, thrashes better, or makes better work. More than 1000 of them are now in use in the Western States, and as many East of the Mountains. Many of them have thrashed from 80 to 100,000 bushels each; and on thorough trial, they have been recommended by those who use them, to be as complete, and to work as well as any in the world.

The Separator is Rodt's Patent, with Bastian's improvement, and is attached to the Thrasher, and completely separates the straw and chaff from the grain, and has given entire satisfaction wherever tried. It takes but little power to run it, and can be attached to any Thrashing Machine in use. The advertisers also have the right of China new used. The advertisers also have the right of selling rights for this Separator in the States of Pennsylvania and Virginia, and all south of those States and the Ohio river, and west of the Mississippi river, and a part of the State of Ohio, except the counties of Trumbull and Columbiana.

The Corn Sheller is also Rodt's Patent, and is one of the best in use, being cheap and not likely to get out of order. We have been building and vending these Machines for thirteen years in the city of Pittsburgh, and have sold great numbers, and never has an instance occurred where they have not given entire satisfaction.

Persons purchasing will receive with the Machine a draft, accompanied with directions how to set it in operation.

N. B.—All Machines warranted to work well, or no sale.

United States Patent Office,

January 16th, 1852

ON the petition of Saml. Truscott and Geo. Wolf, of Columbia, Pa., and James Dougherty, of Philadelphia, Pa., praying for the extension of a patent granted to them on the 16th day of March last, for an improvement in the mode of making cast iron wheels to be used on railroads, and application having been made in due form, and proof and publication of said case, which takes place on the seventeenth day of March, A. D. 1852.

It is ordered that the said petition be heard at the Patent office, on Tuesday, the 16th day of March next, at 10 o'clock, A. M., and all persons are notified to appear and show cause, if any they have, why said petition ought not to be granted.

Persons opposing the extension are required to file in the Patent office their objections, specially set forth in writing, at least twenty days before the day of hearing; all testimony to be duly entered and filed in the case, and must be taken and transmitted in accordance with the rules of the office, which will be furnished to any person applying for the same. The case will be published in the National Intelligencer, Republic, and Union, of Washington, D. C.; Pennsylvanian, Inquirer, Philadelphia; Journal, Courier, Providence Journal, Providence, Rhode Island; Pittsburgh Gazette, Pittsburgh; Commercial Advertiser, New York, and the Daily Bee, Boston, Massachusetts, once a week for three successive weeks previous to the sixteenth day of March next. SELLERS' COUGH SYRUP.—"Without a Rival."

PITTSBURGH, (Fifth Ward,) Feb. 25th, 1850.

MR. SELLERS—Dear Sir:—I feel it my duty to give you the following statement of the benefit I have received from your Cough Syrup. I was for a long time troubled with a most distressing cough, notwithstanding I had used none the most approved remedies, with no benefit. I was induced to try your medicine, which I did, and was astonished to find that it relieved me almost instantly. I have used it in my family, which, to my great astonishment, stopped my cough as if by magic. I would say to all afflicted with a cough, try it, and you will find relief. Yours, &c.
JOHN IRVIN.

I hereby certify that I am well acquainted with the above gentleman, and that the statement given is true.
