For many years he held the office of ruling alder in the First Presbyterian Church of this city, which his talents and piety, combined with an ample fortune, enabled him to make a post of dilstinguished usefulness.

In his manners Mr. Denny was amiable, kind, unobrustly and calm; and though possessed of talents of a high order, he rather shrunk from than fourted the public gare, but for many years whenever any project for the promotion of good objects called the people to act in concept, we ever find in the records of such meeting in his 69th year at the time of his death.

We shall be pleased to receive from any of Mr. Denny's friends a foller sketch of his useful life fine we are able to give.
