 POF READING MATTER WHILL BE FOUND ON BACH PAGE OF THIS PAPER.

 LIADITS CANTERA ASSOCIATION OF THE FEIEXDS OF HOWGARY.-The ladies who belong to the bobre Association will meet this Afternoon, in the Baptist Church is Allegheury, on Bandusky atteret.

 You Hunding in stilled at the association will meet this afternoon, in the Baptist Church is Allegheury, on Bandusky atteret.

 street. Punctual attendance is requested, as

The politicians in but presidential makers, The politicians in but presidential nomination and election than at pre-sent. The politicians in but presidential nomination is the second for presidential nomination is not great parties are into provide wires, but the poople at large are calmy politicians in but great parties are the size. The probably feel they have not the second for are calmy politicians in but great parties are have primated to the second for are calmy politicians in but great parties are have primated to the second for are calmy politicians in but great parties are have probably feel they have not the second for are calmy politicians in but great parties are have probably feel they have not the second for are calmy probably feel they have not the province of the Executive. The politicians makers, The politicians makers, The politicians makers, The politicians and interid to use, it. They are little, therefore, for the machinguing of pretended President makers, The be best chance. Houston and poughes are looking for the succession, when the old stagers are out of the way. Among the masses of the Whig party there but fill difference of opinion. Gen. Scott is builified difference of so many dia-the source in the remedent of the formed of the the state party, and there is but little room to dout that the will be nominated at the Pilladelphia Con-werding with the avent of the maters of the succession the will the source of the the state of the wing are primer of the succession the strain with the makers of the Whig party there is the succession the will be nominated at the Pilladelphia Con-were will be nominated at the Pilladelphia Con-

With Gen. Scott on one side and either of the genilemen named on the other, the content will be one of much spirit, but we should have no fours of the result. The hero of Chippewa and Merica will sweep the field. The dates from London, which have reached us by the mails, are to the loth of January. This dates from London, which have reached us by the mails, are to the loth of January. This dates from London, which have reached us by the mails, are to the loth of January. This dates from London, which have reached us by the mails, are to the loth of January. This dates from London, which have reached us by the mails, are to the loth of January. This dates from London, which have reached us by the mails, are to the loth of January. The main so until the meeting of Parlinment, when much architement is expected. We shall for the mainland of French Guinan, situated only four degrees north of the Equator, and at-the site site song the workmen in the iron mann-facturing districts, which commenced on the loth inst, and still continues. It is the most serious withe which has ever occurred. The opera-ities in the various iron works in London, and the provinces, have quit work-more than 20,000 is who were earning fair wafes, being the rown of of employ. The masters as y they fill close their works rather thanginomit. The effect probably will be that the price of iron interment of a employ. The masters as y they fill close their works rather the optice of iron interment of the politics and of optics. And index into y interment will it as board for his end into y a large on the former Gorenments of France, for none of them would have dared to found a penal the provinces, have quit work-more than 20,000 is transported within the tropics, and filed into provinces of analytics to Comments of heard optic. Stort of these who are baniebel without the provinces of analytics to the analytic to the polytic.

rown out of employ. The masters say they fill close their works rather than submit. The effect probably will be that the price of iron

manufactures will advance somewhat. The gold news from Australia is as exciting se ever. Mines of extraordinary richness have States-since the governments of Delgium and been discovered, situated shout 80 miles in the Switzerland are too week to afford protection to Interior, from the seaport capital of Melbourne. such exiles, in the face of a prohibition to do so At one spot the yield has been greater appar on the part of the French President.

ently than in any previous instance even in Cali-fornia. About 2000 persons were already at fornia. About 2000 persons were already at work, and there is full reason to believe they [COMMUNICATED.]

FRIENDS OF TEMPERANCE.

The enemies of humanity are industriously at work, to afford greater facilities than even in establishing run shops among us. Shall the were an entry in our reason to benery iney were an eraging an ource and a quarter per day. All the people of the colony were kastening to the district, the pay of the government officers had been doubled, labor of every kind had risen ers in establishing run shops among us. Saal ton glorious reformation proposed by the friends of sen temperance be obstructed or parallerd at the fit moments when the widow and orphan atticipate get the complete triumph of the best interests of unt society? The mission of temperance-the e-manipation of the drunkard-the incred elsrtion, and the vessel which brought away the news was only enabled to leave by getting a crew out of Melbourne jail. The amount already on its way to the port was about 240,-000. There can now be little doubt that the vation of the State, demond united action and

zenious co-operation.
