CLEVELAND AND PITTBUNGII RATLBOAD.-There is now but about a mile of track to lay down to complete this work to Wellswille, which there is not the least doubt will be laid down in the course of the present work; and it is expec-ted that the cars will commence running reg-ularly to Wellswille some time during next week. It is but about sighteen months since the first bar of froit was laid down on this important road, and to the unifing exertions of the Tres-ilden and Board of Direction of the Company, the accomplichment of the work in this short time is attributed. In less than one week Cleve-land will be in railroad connection with Wells-wille.-*Barenna Whig*.
