PITTSBURGH GAZETTE.

THE SOUL'S REFUGE.

BY DAVID L. BROWN.

When the soul by fear is shaken
From the phantoms of the night,
And we struggle to awaken
From that pale and sad affright;
In that hour of pain intense,
With half consciousness of sense,
But whole consciousness of woe-
Mid that terror's deep o'erflow;
In that time of mortal dread,
From the shadows of the dead,
Be that grace to us inclined,
O! Redeemer of mankind!

When the spirit, anguish riven,
From a cause we may not name,
But which evermore is driven
Through the breast, like sword of flame;
And in sleeping or in waking,
Our inest being shaking,
As the sad and solemn shade
Of the Past is o'er us laid;
And when writhing in that spell
Which we vainly strive to quell;
Be thy grace to us inclined,
O! Redeemer of mankind!

When the heart with sorrow laden,
In the potent grasp of sin,
Longs for some distant Aideon
Where to rest from guilt within;
When the passion idly nursed
Hath nigh rendered undecursed,
And the being madly loved
Hath the falsest traitor proved;
In that hour of deep dismay,
When we turn from earth away,
And we seek for peace alone,
At the dread eternal throne:
Be thy wings o'er us unfurled,
O! Redeemer of the world!

NEW YORK ADVERTISEMENTS.

HENRY WATERMAN'S PATENT HAMMERED SAWS—The subscriber would call the attention of dealers, and others, to this superior article. By his patent process of hammering, the saw is more thoroughly tempered than it can be by any other method. It is well known to machinists that the surface of tempered steel is the hardest part. Where saws are tempered according to the usual method, and hammered by hand, it is necessary to polish them, thereby grinding off the most serviceable part of the saw. These saws are not polished, and only require a trial to be appreciated. They have already been put to the severest test in some of the largest Saw Mills in this vicinity, and pronounced unrivalled. We are now prepared to execute orders for all sizes of Mill, Pit and Circular saws.
