HOME MATTERS.

FINE LITHOGRAPHS?—We are indebted to Messrs. Wegner, Buechner, & Mueller, for a beautifully lithographed portrait of General Larimer, and a fine view of the Rev. Mr. Passavant's Hospital, at Laceyville. The likeness of General Larimer is an admirable one, and is an addition to the gallery of portraits which graces our sanctum, for which we feel grateful to the artist, Mr. Wegner, who, we believe, in this line, excels any other person in the United States. The view of the Hospital is a very correct representation of that noble work of benevolence, for the existence of which we are indebted to the charitable labors of the Rev. Mr. Passavant.

BY TELEGRAPH.

RECEIVED BY THE O'REILLY TELEGRAPH LINE, AND REPORTED FOR THE PITTSBURGH GAZETTE.

CONGRESSIONAL.

WASHINGTON, April 8.

SENATE—Several petitions were presented by Mr. Douglass, who introduced a bill amendatory of the acts for the establishment of a Territorial government in Oregon and Minnesota.

Mr. Borland's resolution, calling for information relative to the expedition to Japan, was taken up and debated.

Mr. Mason said he could not vote for the resolution, as he thought the President would do right in the matter.

Mr. Borland replied at length, urging the propriety of its passage.

After some debate the resolution was postponed.

The Chair laid before the Senate a report from the Secretary of War in reply to a resolution stating that several officers of the army in California had made contracts for supplying the army with provisions, and that one had been tried and acquitted, on the ground that the law did not prevent it.

The Secretary has issued orders for the prevention of such contracts in future, and recommends that laws be passed prohibiting any officers from being concerned in any contract for furnishing supplies. Referred.

The Apportionment Bill was then taken up. Mr. Downes' amendment to increase the whole number to two hundred and thirty-five, so as to give one to Louisiana for her fraction, was rejected.

Mr. Bradbury's announcement was then agreed to, that the State of California be entitled to the number of representatives prescribed by the act admitting said State into the Union, and that for this purpose the act of May, 1850, providing for an apportionment among the several States be amended, that the whole number shall be 234 instead of 233, until there shall by an apportionment under the new census. Subsequently the vote on agreeing to this amendment was reconsidered, and the Senate adjourned.

HOUSE—The House proceeded to the consideration of the Senate bill to enforce discipline and good conduct in the navy.

Mr. Bocock addressed the House on the bill. Before he had concluded, the House went into Committee of the Whole on the Homestead bill.

Mr. Averett concluded his remarks commenced yesterday in opposition to the measure.

Mr. Hamilton followed in favor of the bill, and then proceeded to say that he was one of those called Young America, who lived up to the progress of the times. He said he was in favor of the nominee of the Baltimore Convention. He had his preferences, but could not aim a blow at old Lewis Cass. He charged the Whigs with favoring the Abolitionist agitation. Without the Northern Abolitionists there would be no Whig party. Referring to Gen. Scott, he asked whether his friends would tell him what Scott is for; if he is in favor of a change in the Fugitive Slave Law.

Mr. White of Kentucky, said he was authorised to say for Gen. Scott that he is opposed to any alterations of any measure contained in the Compromise.

The debate was continued in the same strain by Messrs Benton, Pope, Campbell, of Ohio, Rutland, Chandler and others. The House had not concluded the debate, when the hour of adjournment arrived

The democratic Convention for the choice of delegates at large, spent the day on contested seats.

The most of the Lodges here have instructed their representatives to vote for the Widows' and Orphans' Asylum, which is so bitterly opposed by the Grand Officers. A proposition will be made to divide the State into two Grand Lodges, one for the East and one for the West.

ZINC PAINTS,

MANUFACTURED BY THE NEW JERSEY EXPLORING AND MINING COMPANY, at Newark, N. J.

This Company is prepared to furnish a supply of these valuable

ZINC PAINTS,

Which have been found after several years' trial, both in Europe and the United States, to retain their original beauty and protective properties superior to any other paint whatever. Their

ZINC PAINT

Is purely an Oxide of Zinc, and is warranted free from all adulteration and impurity whatsoever, it covers well, is beautifully white, and is entirely free from the poisonous properties of most other paints, so dangerous to the health of painters and their families.

IT WILL NOT TURN YELLOW

When exposed to sulphurous or mephitic exhalations, or even when shut up in a close room. As an outside paint, it will withstand the Northern climate and the weather better than any other, not being liable to crack, scale or become chalky or rot off. It may be worked with any color, crumble and dry, or with varnish, which gives the color a greater polish.

BLACK AND COLORED ZINC PAINTS,

These are furnished at a low price, and are undoubtedly the cheapest and best paints in the market for outside roofs, fencing, outhouses, steamboats, or any exposed surface of wood, brick, stone, or iron, as they are both

WEATHER AND FIRE PROOF.

For iron surfaces they are particularly valuable, as they form a galvanic connection, and entirely prevent oxidation from taking place, and having a pure metallic base, do not change color like many of the earthy paints now in use.

Dealers supplied on liberal terms by the agents of the company,

P. O. JONES & CO.,
