HOME MATTERS.

HUNGARIAN BONDS.

In the following communication from Mrs. Eliot, the friends of the cause of liberty in Hungary will discover that she has been appointed agent for the distribution of Hungarian bonds. Those associations having large or small amounts of money on hand, would help the cause by paying it over immediately, that it might as soon as possible find its way to the Hungarian Treasury.

COMMISSION.

I appoint Mrs Jane R. Eliot, of Pittsburgh, my Agent for the distribution of the Hungarian Loan Bonds, for Pittsburgh and vicinity, under the following conditions:

1st. I expect every week a letter from my Agent, informing me about the proceedings of the distribution, and the probable amount of Bonds required for the place.

2nd. The sums collected, as soon as they reach the amount of $100, are to be sent, for my account, to W. Smead, Citizens' Bank, Cincinnati.

3rd. For the trouble and loss of time of those who are personally engaged in the distribution of the Bonds, the Agent is authorized to allow the collectors 8 per cent for the Bonds sold in the city, and 12 per cent. for those sold in the country.

4th. The Agent has to furnish the Associations of Friends of Hungary with the Bonds required by them for sale.

L. KOSSUTH.

Mobile, April 14, 1852.

Associations or others who may desire to transmit money for the benefit of Hungary, need not fear because it passes through the hands of an Agent, that any of it will be spent in paying for such service. I do not expect, nor would I accept, any remuneration for my services.

I shall keep a separate account for each Association, and report to Governor Kossuth accordingly;

After to-day, I can be seen at 49 Second st., below Ferry, until further notice.

J. R. ELIOT.

OHIO AND PENNSYLVANIA RAILROAD.—The number of passengers which were carried over the Ohio and Pennsylvania Railroad last week, was four thousand and sixty.

COURT OF QUARTER SESSIONS.—*Monday*.—Before the Hon. Wm. B. McClure, President, and Wm. Boggs, Associate Judge.

The case of the Commonwealth vs. David Pinkerton, Indictment obtaining goods under false pretence, was tried yesterday. The defendant was accused of obtaining credit from Robert Watson by falsely representing that he had sold out a stock of goods in Georgetown, to R. D. Dawson, for which he had received eleven hundred dollars, and had afterwards established himself in business in Wheeling. The Commonwealth failing in establishing their case, the jury returned a verdict of not guilty, the County to pay the costs.

The defendants in two or three tippling house cases were found guilty, and a number of recognizances were forfeited, but no business of importance was transacted prior to the adjournment of the Court.

DISTRICT COURT.—Before the Hon. Judge Forward. The case of S. McAnulty vs. Jas. McAnulty and Jos. Ralston, executors of the last will and testament of James McAnulty, No. 275, July 1851. List No. 279, went to the jury yesterday. S. W. Black, Esq., appeared for plaintiff. R. Bart Woods, Esq., for defendants. The plaintiff based his claim on a contract alleged to have been entered into between himself, and his father, the deceased, agreeing that, provided he would remain with him, at his death he should receive the half of a farm of one hundred acres, situated in this county. This agreement was said to have been entered into in July, 1846, and by his will executed subsequently, the deceased only left plaintiff twenty acres. A sealed verdict will be returned this morning.

Before the Hon Judge Williams. H. Rauch vs. Alexander McKee, No. 312, Jan. 1852, List No. 56. Plaintiff claims damages from defendant, alledged to have been sustained in the passage of the Chartiers Valley Railroad through property leased from defendant, who it is asserted, agreed to be responsible therefor. Case on trial. Shaler & Co. for plaintiff. Thos. Williams for defendant.

STANDING CASE.—A woman named Jane Davis, residing on Prospect street, on Sunday evening, stabbed a man named Fox, a lumberman from Venango county, in a house of ill-fame. The wound is, fortunately, a trifling one. His assailant was yesterday held to bail in the sum of five hundred dollars.

DISORDERLY CONDUCT.—Charles and Edward Henry were on Saturday morning fined two dollars each, for having been guilty of disorderly conduct on Saturday night.

LADIES' HUNGARIAN ASSOCIATION.—The Ladies' Association of the friends of Hungary will meet to-morrow afternoon in the Lecture Room of the Rev. Dr. West's Church.

PATENT.—Nathan Matthews, of Pittsburgh, Pa., Assignor of Richard Edwards and David A. Morrie, has received a patent for "an improved method of attaching roses for knobs to doors," &c.

ALLEGHENY GAS COMPANY.—Our readers will remember that the books for subscription to the Allegheny City Gas Company, will only be kept open for three days more, at the office of R. H. Davis, Esq.

ROBBERY.—On Friday, a lady who went on the Ohio and Pennsylvania Railroad to Shousetown, was robbed in the following manner. On reaching the station, she received her trunk, which she left by the roadside till she went to the house of a friend, and on her returning for it, she found that the bottom had been cut out, and seventy five dollars, which the trunk contained, were stolen.

PREMIUM SAFES.
DEPOT,
GREEN BLOCK, WATER STREET,
(BETWEEN MARKET LANE AND WALL STREET.)
NEW YORK.

THE subscriber placed his Fire and Burglar-Proof Iron Safes in competition with the whole world at the Great Exhibition in London, for which an impartial jury awarded a medal.

The American Safe, built last fall at Castle Garden, also awarded to him a gold medal for the best Fire proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with other for that purpose. Certificates have been received from the following well known mercantile houses, who have had their books, papers and money preserved in these superior Safes while in the last thirty days, (and can, with many others, be seen at my store viz. Messrs. Stilwell & Sherman, corner of Wall & Nassau, in the Fulton st. fire; Messrs. Fisher & Robinson, and Messrs. John Jackson & Co., in the great fire corner of Liberty and Nassau sts., and Messrs. Freud & Bowman, in Jersey city.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal in the name of Adams & Co., Boston, at the World's Exhibition, and is considered the best. Look for the price over the door, being great against powder, and the key is no larger than a quarter dollar, and can be made exchangeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp proof Safes combined

BY TELEGRAPH.

RECEIVED BY THE O'REILLY TELEGRAPH LINE, AND REPORTED FOR THE PITTSBURGH GAZETTE

ARRIVAL OF THE EL DORADO.
FROM CALIFORNIA.

NEW YORK, April 12.

The steamer F Dorado arrived at this port at four o'clock this evening, bringing two weeks later news from California. She brings $860,000 on freight, and $850,000 in the hands of passengers, viz: Adams & Co., $150,000; American Exchange Bank, $100,000; Burgoyne & Co., $60,000; Drew & Robinson, $50,000; Howland & Aspinwall, $50,000. Philadelphia Bank, $32,000; Brown & Brothers, $18,000; and about twenty other consignees.

The El Dorado left at Aspinwall the steamship Sierra Nevada, which will sail soon.

The steamship United States had arrived, and the Ohio was hourly expected.

The steamer California arrived at San Francisco, on the 16th March, with the mails. The Tennessee was to leave San Francisco, on the 18th, for Panama; and the New Orleans, on the 16th, for San Juan.

The steamer Constitution was hourly expected.

The El Dorado met the steamer Empire City, for Havana and New Orleans, 50 miles south of Cape Hatteras.

The El Dorado was detained twenty hours at Aspinwall, awaiting the mails. When they arrived the agent refused to deliver them, and she came off without them. They will come on in the Georgia via Havana.

The passenger trains are now running. The Buena Vista trains start immediately on the arrival of the steamer's passengers, which leave Aspinwall in the morning, and arrive at Panama at midnight.

Aspinwall is beginning to assume the appearance of a thriving city.

Much distress continues to prevail among the passengers of the North American, at Acapulco. Most of the natives were taken on board the steamship Panama, the balance had but few means of leaving, as no ship had been sent to their assistance.

The Pacific stopped at Acapulco, but declined taking any one on board, as she was already crowded.

California papers state that endeavors are being made there to charter sailing vessels and send for them.

The El Dorado touched at Chagres and sailed thence at 7 P. M. on the 3d of April.

The news from California is interesting. A most disastrous flood had occurred in the rivers. The cities of Sacramento, Nevada, and Marysville, had been completely overflowed, and the damage was dreadful. All was consternation. The loss at Marysville is estimated at $400,000. At Sacramento the embankment gave way, and several houses floated down the river. At Marysville all the stores were submerged, and a large quantity of goods destroyed. At Nevada two quartz mills, the theatre, the Empire Hotel, and several houses were swept away.

No doubt every bridge on South and Middle Fork rivers shared the same fate. The country between Sacramento and the mines is impassable.

The Legislative Halls are surrounded by water, and the members reached them in boats. Nearly all the houses on the Marysville and Sacramento roads had flood-doors. Many of the three-brick buildings in Marysville had been rendered untenantable.

The damage at Sacramento is estimated at $40,000.

The crops, it was thought, would not be much injured.

Many lives were lost, and great quantities of live stock perished. The last accounts represented the flood as abating at all points.

After the sailing of the last steamer the markets were steadily improving until the occurrence of the great flood which caused almost an entire suspension of trade. A speedy reaction is looked for.

An expedition is projected at San Francisco for a newly discovered gold regions Queen Charlotte's Island.

The Indians are still giving trouble. A party attacked Clark's train near Sacramento. In the fight, four Indians were killed, and the whites had to abandon their goods. Two Indians were afterwards taken and hung.

An immense quantity of snow has fallen in the neighborhood of Downsville.

Intelligence from the mining districts was not favorable.

Advices from San Diego and Los Angelos are to the 26th. The news is of little interest.

A detachment of United States recruits from New York arrived at San Francisco on the 14th March.

The Monumental City also arrived on the 14th from Panama, having put into an intermediate port in consequence of an accident. The passengers are all well.

A large amount of business had been done by the Legislature chiefly of local interest. The Salary bill had passed, allowing the Governor $6000 per annum, the Treasurer, Comptroller and District Judges $5000; Supreme Judges $7000. The House reported unfavorably on the subject of dividing the State into Congressional Districts. The Fugitive Slave bill had been reported back to the House.

Fears were felt that the schooner Harriet, for Oregon, from San Francisco, had been lost. She left Astoria on the 5th December.

A resolution passed the Legislature requesting the General Government to furnish the State with 20,000 muskets and 1000 of Colt's pistols.

Advices from Oregon are to the 1st February. The citizens of Portland were taking measures to establish a line of steamers to San Francisco.

CONGRESSIONAL.

WASHINGTON, April 12.

SENATE.—A message was received from the President accompanying a report from the Secretary of State giving information relative to Japan in obedience to the resolution of inquiry.

The Chair laid before the Senate a copy of the charges against Mr Hartley, Boundary Commissioner from the Department of the Interior.

Mr. Underwood corrected the report of his remarks on Friday, which made him say that Kossuth was a humbug, when in fact he said the sympathisers who gave him material aid were humbugs.

The petition of Leslie Combs, of Kentucky, was presented, complaining of the action of Texas with regard to her debts.

Mr. Underwood made some comments upon the facts represented by the petitioners, to which Mr. Rusk replied and Underwood rejoined.

A bill granting the right of way over the Public Lands in Missouri, to a Rock Road Company, was taken up, and ordered to be engrossed.

The French spoliation bill was taken up and a section added appointing an attorney to defend the interests of the United States.

Mr. Borland moved to strike out the words limiting the amount to be paid to claimants to five millions. He said he did not believe the U S owed a cent, but if any was to be paid all that was due should be paid.

Mr. Bradbury explained and defended the bill.

Mr Felch commenced a long speech in opposition and had not concluded when the Senate adjourned.

HOUSE.—The bill appropriating half a million for continuing the construction of the wings of the Capitol, was received from the Senate.

The amendment limiting the Secretary of the Interior and the architect from making contracts exceeding the appropriations, was concurred in, but the amendment paying workmen for the time lost, was rejected, only nineteen voting in its favor.
