And the remarks by Herres. Gardenes and G. G. Server of the control of the contro

sionary intelligence, through the means of re-ligious periodicals and journals. The Rev. S. Lipsix, of New York, followed

their use in Subath Schools. The teachers in the latter should monthly make reports upon the subject of missions, and follow them up by remarks still more strongly impressing the importance of this cause upon the youtful mind. In those churches where this system had been adopted, the children were better informed on all subjects connected with the transfer connected with the transfer or the transfer of the tran all subjects connected with the missions, than the providence of God, he might not have stochalf the Bartist ministers of the land. The ered to go to heaven as they are, but the youth
ful mind should be trained from the earliest age
to regard the vast importance of this subject.

At the close of a missionary address which he

The Bev. Mr. Brown, of Philadelphia, might be suffered to make a single remark. In 1817, this to wait a few moments for his little boy who the paster of the church in which he had been had gone to get his money. Soon the child baptized, had introduced among his congrega-tion the Missionary Magazine, and urged its im-portance in a fitting manner upon all. The speaker was then a poor orphan hoy, but had the father saw his child's real; tears trickled subjectived the seventy-five cents which were necommittee took occasion to express their gratidation at finding that the fruits of the mission
portance in a fitting manner upon all. The
speaker was their a poor orphan boy, but had
subscribed the seventy-five cents which were neconstant, and as he purused its pages, an interest
in the matter which it contained, grew and
strengthened in his mind, though he had not
many distinct recollections connected with it at
this late day, still the name of Humphrey Povolum recorded there, were as firmly impressed apon
his mind as if they had been daguerreotype
d. Thus had the cause of the mission
has proceeded in France. The

They should remain get in the successes, and get only in the successes of the success

dren was not urgently required, and by pressing
upon the Board the necessity of giving as wide
a circulation as possible to the forthcoming
life of the late lamented Doctor Jodson, to be
edited by the Rev. Francis Wayland, Providence
Rhode Island.

After submitting the report, Ms. Srswas
made a few impressive and carnest remarks, on
the necessity of giving wide circulation to
misslonary islelligence, through the means of relifetou berindicules and longuage.

EDWARD Bright, jr., the Corresponding Section of the Home Department, explained that the consciences of some of those who wished for the passage of a report such as this, condemned them for their inkewarmness in the policy of the account committee was to make the most liberal provisions for the circulation of the Magazine and Macedonian to the circulation of the Magazine and Macedonian to the circulation of the magazine.

The meeting was opened with prayer, by Rev. A. T. Mason, of Mass.

PINANCE COMMITTEE.

Mr. A. M. Beebe, chairman of the comm

Mr. A. M. Beebe, chairman of the committee on finances, read a report from which it appeared that the expenses for the last year, amounted to \$125,000, which had all been met, and the liabilities of, the executive committee cancelled. The report recommended an additional appropriation of \$10,000 to the Burman mission, and after a discussion, which was participated in by Mesars. Gillette, Bright, Peck, Cetting, Robinson and others, a motion was made and carried to re-commit. At a subsequence quest stage of the proceedings, the committee contracting the price of the flour, which he give them a bundfeed dollar bill. The provide his proceedings, the committee the provided in the price of the flour, which he give them a bundfeed dollar bill.
