FURLISHED BY WILLS A 00. . In our present mode of selecting candi dates, in a district with a large controlling majority, like this, the primary meeting is the most important of all other meetings. It is the only place where each individual member of the party dy, after having travelled extensively in the Unican make his voice felt. We trust that on next Saturday, the Antimasonic and Whig voters of this county will attend to this as an imperative polit ical duty, which cannot be overlooked without

incarring just censure.
While on this subject, we would express the hope that the recognized members of the party will be permitted to discharge this duty without any interference. It has been a complaint heretofore, that persons of other parties have come into our primary meetings and marked for our candidates, thus creating great dissatisfaction, and defeating the will of the party. This is unfair incourteous, and ungentlemanly. No man of the least self-respect would do such an act — If such persons offer to vote, or to mark, thay

The Secretary of State has not judged fir to reply to the note which I considered it my duty to address to him, dated the 18th of December, in relation to the reception and the military honors rendered to Kossuth by the federal an exhaustia.

I esteem it a happiness to be able to say that the simperial government, approving of my course, has rendered justice to the declaration which the Fresident considered it proper to make to me on the 12th of January, with the design of main caining the good connections existing between Austria and the United States.

These verbal assurances have not given place.
