PITTSBURGH GAZETTE.

From the Puritan Recorder.

GOD KNOWS IT ALL.

In the dim recess of thy spirit's chamber,
Is there some hidden grief that's nay'st not tell
Let not thy heart forsake thee, but remember
His piercing eye, who sees and knows it well,
God knows it all.

And art thou tossed on billows of temptation,
And would'st do good, but evil oft prevails!
Oh think amid the waves of tribulation,
When earthly hopes, when earthly refuge fails,
God knows it all!

And dost thou sin! thy deeds of shame concealing
In some dark spot no human eye can see!
Then walk in pride; without one sigh revealing
The deep remorse that should disquiet thee!
God knows it all!

Art thou oppressed, and poor, and heavy hearted,
The heavens above thee in thick clouds arrayed!
And sigh crushed—no earthly strength imparted,
No friendly voice to say—"Be not afraid!"
God knows it all,

Art thou a mourner! are thy tear drops flowing
For one too early lost to earth and thee?
The depth of grief no human spirit knowing;
Which mean in secret, like the moaning sea—
God knows it all.

Dost thou look back upon a life of sinning!
Forward, and tremble for thy future lot!
There's One who sees the end from the beginning,
Thy tear of penitence is unforgot.
God knows it all.

Then go to God! pour out your hearts before him
There is no grief your Father cannot feel:
And let your grateful songs of praise adore Him—
To save, forgive, and every wound to heal.
God knows it all—God knows it all!

COLORED EMIGRATION.—The colored people of Baltimore are about to discuss the propriety of holding a convention of delegates, to take into consideration the present position and prospects of the Republic of Liberia, and the expediency of emigrating thither.

The Overland Emigration towards California and Oregon is beyond precedent. It is estimated that one hundred thousand people are on their way.

The Legislature of Massachusetts adjourned *sine die* on Saturday, after a session of one hundred and thirty-nine days.

MEDICAL.

The best Remedy ever known to Man.
Coughs, Asthma Colds, Croup, Bronchitis, Influenza, Breaking of the Lungs, Difficulty of Breathing, Liver affection, Pains or weakness in the breast or side, First stages of Consumption, &c.

In short, this Balsam is peculiarly adapted to every disease of the Lungs and Liver, which is produced in our ever varying climate.

WILD CHERRY HAS LONG BEEN known to possess important medicinal properties This fact is familiar to every matron in our land, and physicians often prescribe it in a variety of forms for different complaints. Tar, also has been equally noted for its virtues; and some physicians, whose names are familiar to the country, have gone so far as to declare that even CONSUMPTION could be cured by that alone. In other hands, again, it was nearly valueless, owing no doubt, to their ignorance in preparing and administering it—a difficulty now entirely obviated by patient experiment and long experience.
The extraordinary medicinal qualities of these two substances are now, for the ... time, combined and embodied in Dr. Wistar's Bal... Wild Cherry. By a nice chemical process, ... extracted, so that what pas... the most extraordinary and truly efficacious remedy ... all kinds of pulmonar and liver diseases ever known to man. It contains all the ... properties of the Cherry, ... to new and far better than our theory is really ... refer to a few cases of cures performed by this wonderful medicine.

ANOTHER ASTONISHING CURE.

E. Kalb, a highly respectable merchant of Nashville, Fairfield county, Ohio, sent us the following voluntary tribute to "Dr. Wistar's Balsam of Wild Cherry."

Mr. J. D. Park—Dear sir: Wishing to add to what I had my daughter, Amanda, aged sixteen years, has about a year been afflicted with a cough, which finally settled on her very much, and left her with a racking cough. She employed all the physicians in this place, and tried the cures of nearly all the quack nostrums, but without success. Her cough was also accompanied with every symptom of consumption.
I purchased a bottle of Dr. Wistar's Balsam of Wild Cherry, the aggravated her cough, and gave her symptoms. But still having confidence in its excellent character, I was now more seriously alarmed and it was trembling in the balance. But, to day, saw the progress of that insatiable disease, consumption, I mentioned it to a friend of mine, and he told me that I particularly saw the certificate of Jonathan Cowell, whose daughter, Sarah Ann, was cured of a violent consumption, by Wistar's Balsam of Wild Cherry, this created confidence in me, and I again bought a bottle of Strawberry, and immediately commenced using it, and it almost instantly gave relief, but her health is now restored. She has used only by the use of two bottles of Wistar's Balsam of Wild Cherry. I therefore recommend it to all persons afflicted with any disease tending to consumption, as I believe that this valuable medicine will cure you, if you will but try it.
I will say to all that are afflicted with any disease tending to consumption, that Wistar's Balsam of Wild Cherry will cure you, if you will but try it.
E. KALB.

PLEASANT RIDGE, Ham. county, O., Sept. 10, 1850.
J. D. Park—Dear Sir:—I take the liberty of advising you of the benefit I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was threatened by that fatal disease, consumption. I had a very bad cough. The attack was truly horrifying to me, by four of our family that had died with the above complaint. I was advised to use Wistar's Balsam of Wild Cherry. I had a distressing cough, and expectorated a great deal of blood. I was induced to purchase a bottle of your agent, and after using one bottle, I found relief, and after using two bottles, my cough was entirely cured. I am now in the enjoyment of good health, and consider myself entirely cured. I am, dear sir, yours, &c.
JEREMIAH ISCRIGG.

IMPORTANT TO THOSE AFFLICTED WITH DISEASES OF THE LUNGS AND BREAST.
Will remedies never cease. Many evidences of its curative powers have fortunately come to hand.
JOHN D. PARK, Cor. Wood and Front sts., Pittsburgh, Sole Agent for the sale of Wistar's Balsam of Wild Cherry.
Dear Sir:—I was induced by fever of a typhoid character, which I had to pass through, to call on you for a bottle of your Balsam of Wild Cherry. I was afflicted with a severe cough, and had been for a number of years subject to a contracted consumption. I labored under a severe pain in my breast, and had a hard cough, which was attended with great debility. I was frequently obliged to keep my bed, and was in a very low state. I was gradually sinking under the disease, until January, 1851, when I was induced to purchase a bottle of your Balsam of Wild Cherry. I had not taken more than one bottle before I found relief from the cough, and in two weeks and you may judge of my surprise on my return, to find me in the store, that my cough had entirely left me. I have frequently recommended it to others, and they have found relief from its use. I am now in the enjoyment of good health, and consider myself perfectly well.
JEREMIAH ISCRIGG.

Dear Sir:—Immediately on receipt of your Cherry Pectoral, I commenced a course of it, and from the first dose was thought to be near his end with quick consumption. He had a hard cough, was much reduced in flesh, and was strongly inclined to bed, and was a frequent sufferer. I could not endure for him, and I induced desire to give your excellent medicine a trial. He took it for two weeks, and you may judge of my surprise on my return, to find him in the store, that my cough had entirely left him. I have frequently recommended it to others, and they have found relief from its use. I am now in the enjoyment of good health, and consider myself perfectly well.
JEREMIAH ISCRIGG.

JOHN D. PARK—Dear Sir:—I have used your Cherry Pectoral, and have found it to be an excellent medicine for the affected, permit me to give you a brief history of my affliction, and the benefits derived from the use of Wistar's Balsam of Wild Cherry.
In the fall of 1849, I suffered by fever of a typhoid character, which I had to pass through, doubtful of my life. The following winter I was again visited with fever, and was left with a severe cold, which settled on my lungs, and produced consumption. I labored under a severe pain in my breast, and had a hard cough, which was attended with great debility. I was frequently obliged to keep my bed, and was in a very low state. I was gradually sinking under the disease, until January, 1851, when I was induced to purchase a bottle of your Balsam of Wild Cherry. I had not taken more than one bottle before I found relief from the cough, and in two weeks and you may judge of my surprise on my return, to find me in the store, that my cough had entirely left me. I have frequently recommended it to others, and they have found relief from its use. I am now in the enjoyment of good health, and consider myself perfectly well.
Respectfully yours, JOSEPH JACKSON.

Price $1 per bott., or six bottles for $5.

FOR THE CURE OF
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP
ASTHMA, CONSUMPTION.

THIS invaluable remedy for all diseases of the THROAT and LUNGS, has obtained a celebrity from its remarkable cures, never equalled by any other medicine before.
Other preparations have shown themselves *palliatives*, and in some instances have even *seemed* to cure, but none has ever so fully won the confidence of every community where it is known. After years of trial in every climate, its results have indubitably shown its possession of a mastery over this dangerous class of diseases which could not fail to attract the attention of Physicians, and of the public at large.
For the statements and certificates of individuals, and from far distant places, but of men who are known and respected throughout the country.
The widely celebrated Physician, Doctor VALENTINE MOTT, of New York city, says:
"It gives me pleasure to certify the value and efficacy of Ayer's Cherry Pectoral. I consider it peculiarly adapted to cure diseases of the throat lungs."
Dr. PERRINE, the well known President of the Nyrsehal Medical College, one of the eminently learned physicians of the city of New York, says Ayer's Cherry Pectoral is eminently sured in this section, where consumption is a most prevalent disease, it is happy effect upon pulmonary diseases.
The Rev. JOHN N. LINAN, Cutlings's Mills, after cyman of the English Church, writes to the proprietors the following letter, which we publish with his permission, to show his gratitude for the benefit he has received, and to recommend others to make use of the same remedy:
"I have been afflicted with a severe cough, which settled on my lungs, and finally resulted in, and threatened to terminate in consumption. I had tried various remedies without effect, when I was induced to try your Cherry Pectoral, which I did, and was restored to health by the use of two bottles. I therefore feel it my duty to recommend it to the afflicted, and to the public generally, as the best medicine I have ever used."
Prepared and sold by DR. J. C. AYER, Practical Chemist, Lowell, Mass.
Sold in Pittsburgh, wholesale and retail, by S. A. FAHNESTOCK & CO., and J. H. JOYNEND.
In Allegheny City, by H. P. SCHWARTZ, and J. BOLMAN, and by druggists generally.

MRS. BETTS'
CELEBRATED SUPPORTER FOR LADIES,
AND THE ONLY
SUPPORTER
Under Eminent Medical Patronage in the United States.

THE success of this invention has obtained for it the decided preference over all others, of our most distinguished Physicians, in all parts of the United States—and also the preference of ladies in their own circles. Many thousand ones have been cured by its use, after all other methods have been tried without success; and some physicians, whose names are familiar to the country, have gone so far as to declare that even CONSUMPTION could be cured by that alone. In other hands, again, it was nearly valueless, owing no doubt, to their ignorance in preparing and administering it—a difficulty now entirely obviated by patient experiment and long experience.
The extraordinary medicinal qualities of these two substances are now, for the ... time, combined and embodied in Dr. Wistar's Bal... Wild Cherry. By a nice chemical process, ... extracted, so that what pas... the most extraordinary and truly efficacious remedy ... all kinds of pulmonar and liver diseases ever known to man. It contains all the ... properties of the Cherry, ... to new and far better than our theory is really ... refer to a few cases of cures performed by this wonderful medicine.

ANOTHER ASTONISHING CURE.

E. Kalb, a highly respectable merchant of Nashville, Fairfield county, Ohio, sent us the following voluntary tribute to "Dr. Wistar's Balsam of Wild Cherry."

Mr. J. D. Park—Dear sir: Wishing to add to what I had my daughter, Amanda, aged sixteen years, has about a year been afflicted with a cough, which finally settled on her very much, and left her with a racking cough. She employed all the physicians in this place, and tried the cures of nearly all the quack nostrums, but without success. Her cough was also accompanied with every symptom of consumption.
I purchased a bottle of Dr. Wistar's Balsam of Wild Cherry, the aggravated her cough, and gave her symptoms. But still having confidence in its excellent character, I was now more seriously alarmed and it was trembling in the balance. But, to day, saw the progress of that insatiable disease, consumption. I mentioned it to a friend of mine, and he told me that I particularly saw the certificate of Jonathan Cowell, whose daughter, Sarah Ann, was cured of a violent consumption, by Wistar's Balsam of Wild Cherry, this created confidence in me, and I again bought a bottle of Strawberry, and immediately commenced using it, and it almost instantly gave relief, but her health is now restored. She has used only by the use of two bottles of Wistar's Balsam of Wild Cherry. I therefore recommend it to all persons afflicted with any disease tending to consumption, as I believe that this valuable medicine will cure you, if you will but try it.
I will say to all that are afflicted with any disease tending to consumption, that Wistar's Balsam of Wild Cherry will cure you, if you will but try it.
E. KALB.

PLEASANT RIDGE, Ham. county, O., Sept. 10, 1850.
J. D. Park—Dear Sir:—I take the liberty of advising you of the benefit I have derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was threatened by that fatal disease, consumption. I had a very bad cough. The attack was truly horrifying to me, by four of our family that had died with the above complaint. I was advised to use Wistar's Balsam of Wild Cherry. I had a distressing cough, and expectorated a great deal of blood. I was induced to purchase a bottle of your agent, and after using one bottle, I found relief, and after using two bottles, my cough was entirely cured. I am now in the enjoyment of good health, and consider myself perfectly well. I am, dear sir, yours, &c.
JEREMIAH ISCRIGG.

Dear Sir:—Immediately on receipt of your Cherry Pectoral, I commenced a course of it, and from the first dose was thought to be near his end with quick consumption. He had a hard cough, was much reduced in flesh, and was strongly inclined to bed, and was a frequent sufferer. I could not endure for him, and I induced desire to give your excellent medicine a trial. He took it for two weeks, and you may judge of my surprise on my return, to find him in the store, that my cough had entirely left me. I have frequently recommended it to others, and they have found relief from its use. I am now in the enjoyment of good health, and consider myself perfectly well.
JEREMIAH ISCRIGG.

IMPORTANT TO THOSE AFFLICTED WITH DISEASES OF THE LUNGS AND BREAST.
Will remedies never cease. Many evidences of its curative powers have fortunately come to hand.
JOHN D. PARK, Cor. Wood and Front sts., Pittsburgh, Sole Agent for the sale of Wistar's Balsam of Wild Cherry.
Dear Sir:—I was induced by fever of a typhoid character, which I had to pass through, doubtful of my life. The following winter I was again visited with fever, and was left with a severe cold, which settled on my lungs, and produced consumption. I labored under a severe pain in my breast, and had a hard cough, which was attended with great debility. I was frequently obliged to keep my bed, and was in a very low state. I was gradually sinking under the disease, until January, 1851, when I was induced to purchase a bottle of your Balsam of Wild Cherry. I had not taken more than one bottle before I found relief from the cough, and in two weeks and you may judge of my surprise on my return, to find me in the store, that my cough had entirely left me. I have frequently recommended it to others, and they have found relief from its use. I am now in the enjoyment of good health, and consider myself perfectly well.
Respectfully yours, JOSEPH JACKSON.

Price $1 per bott., or six bottles for $5.
