To the Antimasonic and Whig County Convention: D. D. Bruce, Esq., read it as follows:

To the Astimazonic and Whip County Convention:

At a meeting of "Temperance Association of Allegheay City and Vicinity," held en the 2th inst., the undersigned were appointed a committee to bring before the County Convention therequest, that, in the selection of candidates for office, those only should receive, the nomination, who can be relied upon to use their efforts for the advancement of the Temperance cause.

The ground on which the members of this Association here stand, has been openly taken and distinctly defined. By their resolutions, as here to fare laid before the different nominating conventions, they have explicitly avowed their principles and aims. They do not seek to form a new party, with Temperance for its one distinct two principles and aims. They do not seek to form a new party, with Temperance for its one distinct two principles and aims. They do not seek to form a new party, with Temperance can be subscreed by uncompromising opposition to the monster exity which they seek to overcome, and that opposition to it should be maintained, not should be maintained, ted and fairly and fully tried.
We therefore, in behalf of the Association we therefore, in behalf of the Association which we represent, mast respectfully and earnessly ask of you to give as such candidates as we can consistently and cardially support.
