HOME MATTERS.

COUNTY MEETING.—The County Meeting held at the Court House, on Saturday afternoon, for the purpose of taking into consideration the propriety of making a subscription of ten thousand dollars to the House of Refuge, was organized by calling James S. Craft Esq, to the chair, and appointing J. McCord, Esq., and Alderman Steel, Secretaries.

After the object of the meeting had been stated, and the gentlemen present had interchanged their views on the subject, the meeting, on motion of P. A. Way, Esq., of Ohio Township, adjourned to meet again on Thursday afternoon next, at three o'clock, in the same place, in order that time might be given to the inhabitants of the County generally, to attend.

All present appeared to feel convinced of the propriety of the proposed subscription.

ROBBERY OF THE MAIL.—Joseph, Watson, and Martin Campbell, three brothers, who are charged with robbing the United States Mail, between this city and Hollidaysburgh, had an examination before Mayor Guthrie, on Saturday.

Jacob Kline, a constable of Greensburgh, was the first witness examined. He stated that he was furnished with a warrant for the arrest of Joseph Campbell, on a charge of larceny preferred against him by John Beatty, and arrested him in Greensburgh, on the 10th.

On searching his person, he found upon him $3,500 in bank notes, and a package of money rolled up in a handkerchief. They were concealed underneath his vest. Other rolls of money were found in his pockets, together with packages having United States Post office stamps upon them. None of these latter packages had been opened. Some packages were likewise found in his boots; The prisoner stated to the witness and to other parties, that he had found the parcels in the cars, and that he had had them concealed for some time along the fence near Beaty's station.

Kline afterwards arrested Martin and Wilson Campbell at Beaty's Station, while they were engaged in removing baggage therefrom, but found nothing in their possession which connected them with the robbery. They were all committed to prison in Greensburgh by Alderman Wise: witness afterwards procured a writ of removal from Judge Burrell and brought them on to Pittsburgh, where he delivered them into the custody of the Deputy United States Marshall.

James C. Boyer, ticket agent at Beatty's Station, testified that he was present when Joseph Campbell was arrested, and saw the packages referred to above. On one of the packages taken from his boots, he saw the impression of "King" on the seal; on another was the name of Harris, which corresponded with those found on Campbell, and that they were sent from Pittsburgh in the mail of the 9th day of June.—Both these gentlemen are Pittsburgh brokers. Witness was acquainted with the prisoner, who was a brakeman on the Central Railroad between Beatty's Station and Hollidaysburgh. The mails were carried in one car and the baggage in another.

His honor, Judge Barrell, stated that he was present when the prisoner was arrested, and that he saw Col. D K. Marchand make out a list and description found of all the packages in his possession.

Samuel Roseburg, the Postmaster of this city, deposed that on the 8th of June, he saw a number of packages left at the Pittsburgh Post Office, which correspond with those found on Campbell, and that they were sent from Pittsburgh in the mail of the 9th day of June.

At the close of the above examination, the Mayor committed the prisoners for further examination. Watson and Martin Campbell will be examined on Tuesday, and Joseph on Saturday. We learn that the entire amount of money which was stolen, has been recovered. The checks, drafts, &c., together with many letters, were burned in a lime kiln opposite the Mountain House, on which part of a mail bag was found, containing letters which were too much charred to be legible.
