HOME MATTERS.

RAILROAD ACCIDENT AND DETENTION.—On Saturday morning last the Express Train on the Cleveland and Pittsburgh Railroad ran over a horse near Macedonia, when coming southward, by which the two baggage cars were broken but no person seriously injured. The Fast train on the Ohio and Pennsylvania Railroad waited at Alliance until 6 P. M. for the passengers from Cleveland, and brought them through to Pittsburgh, 82 miles, in the short space of three hours.

COURT OF QUARTER SESSIONS.—Before the Hon. William B. McClure, President, and Wm. Boggs and Patrick McKenna, Associate Judges.

A number of motions were made and argued, and some business transacted in the Orphan's Court, but nothing of general interest was done.

MANIA A POTU.— Several men, laboring under the effects of the mania a potu, appeared before the Mayor on Friday, to lay imaginary complaints before him. In some instances they acted their parts so well as to deceive for a time, but generally their unfortunate condition was self evident.

SURETY OF THE PEACE.—Charles B. Smith, one of the porters of the St. Charles Hotel, on Saturday laid an information before Alderman Reinhart, against Henry Wilson, whom he accuses of threatening him. A warrant was issued for his arrest.

DREADFUL ACCIDENT.—On Saturday a little son of Mr. J. R. Richardson, of Manchester, about nine years old, while flying his kite, fell over a steep bank, and lit upon a heap of stones, fracturing his skull, and otherwise so severely injuring him, that his recovery is deemed impossible.

FIRE.—Eichbaum's oil mill, near the Diamond in Allegheny, took fire on Saturday, as is supposed from sparks from the stack, but the firemen were promptly on the ground, and the flames were extinguished before they had done much damage.

NEW LOCOMOTIVES.—The new locomotives, Mahoning and Columbiana, were placed upon the track of the Ohio and Pennsylvania Railroad, on Saturday.

THREATS.—Catherine McKeever, on Saturday, laid information before Alderman Major, against a woman named Miles, whom she accuses of threatening to take the life of her little daughter. A warrant was issued.

INTEMPERANCE.—Michael Dillon, on Saturday last, laid information before Alderman Major, against John Lister, whom he accuses of having threatened to blow his brains out with a pistol. He was subsequently found to be laboring under vain fears, produced by the *mania a potu*.

HUCKSTERING.—John Cavanagh was on Saturday arrested and taken before the Mayor on a charge of huckstering. Alexander Dunn, Clerk of the Market, testified that he had seen the defendant buy chickens in the market, and sell them two hours afterwards. This evidence was corroborated by that of Andrew McBride, and the defendant was convicted by the Mayor to pay a fine of two dollars and the costs.

PLEASANT EXCURSION.—Nine hundred school children, of Massillon, took a trip on the Ohio and Pennsylvania Railroad, last week, from that town to Alliance, and back.

LOCOMOTIVES.—The engine builders of Boston are constructing two very powerful locomotives for the Ohio and Pennsylvania Railroad.

SURETY OF THE PEACE.—John M. Lewis, on Saturday, laid an information before Alderman Major against Anthony Jones, whom he accuses of threatening his life. The prosecutor swore that the defendant had drawn a knife upon him, and threatened to cut out his heart. He was held to bail.

MADNESS.—Michael Dillon, on Friday, lodged an information before the Mayor, against his wife, whom he accused of attempting to poison him. It was ascertained that he was temporarily deranged from the effects of liquor.

SENTENCED.—On Saturday his honor, Judge McClure, sentenced John Koehler, found guilty of receiving stolen goods, to an imprisonment of six months in the County jail.

DISTRICT COURT.—In the case of Lyon vs. the Good Intent Stage Company, No. 84, July 1861, the motion for a new trial was overruled.

WATCH HOUSE RIOT.—Two persons made their appearance before the Mayor on Saturday, one was committed for twenty four hours, the other for thirty days. The city is very quiet just now and there appears to be very little roudyism at night upon our streets.

TIPPLING HOUSE.—Elizabeth Woods on Saturday lodged information against Luke Cartright of Chartiers township, whom she accused of keeping a tippling house. A warrant was issued for his arrest.

DISCHARGED.—Five persons were discharged from the County Jail on Saturday.

MURDER AND INSANITY.—John Cavanagh an Irishman, about 35 years of age, having been tried at Potterville, Pa., for burning his child to death, and stabbing his wife for interfering to save it, had been acquitted on the ground of insanity. He will be sent to the Pennsylvania Lunatic Asylum.

ZINC PAINTS,

MANUFACTURED BY THE NEW JERSEY EXPLORING AND MINING COMPANY,

31 Park Row, N. Y.

This Company is prepared to furnish a supply of these valuable

ZINC PAINTS,

Which have been found after several years' trial, both in Europe and the United States, to retain their original beauty and protective properties superior to any other paint whatever. Their

WHITE ZINC PAINT

Is purely an Oxide of Zinc, and is warranted free from all adulteration and impurity whatsoever, it covers well, is beautifully white, and is entirely free from the poisonous properties of most other paints, so dangerous to the health of painters and their families.

IT WILL NOT TURN YELLOW

When exposed to sulphurous or mephitic exhalations, or even when shut up in a close room. As an outside paint, it withstands a southern climate and the weather better than any other, not being liable to crack, flake or crumble and rub off. It may be worked with any colors with water and size, or with varnish, which gives to the color brilliant permanent finish.

BLACK AND COLORED ZINC PAINTS.

These are furnished at a low price, and are undoubtedly the cheapest and best paints in the market for coating roofs, fencing, outhouses, steamboats, or any exposed surface of wood, brick, tin, or iron, as they are both

WEATHER AND FIRE PROOF.

For iron surfaces they are particularly valuable, as they form a galvanic connection, and entirely prevent oxidation. They dry quickly and having a pure metallic base do not change color like many of the earthy paints now in use.

Dealers supplied on liberal terms by the agents of the Company.

ZINC PAINTS,

MANUFACTURED BY THE NEW JERSEY EXPLORING AND MINING COMPANY,

31 Park Row, N. Y.

This Company is prepared to furnish a supply of these valuable

ZINC PAINTS,

Which have been found after several years' trial, both in Europe and the United States, to retain their original beauty and protective properties superior to any other, paint whatever. Their

WHITE ZINC PAINT

Is purely an Oxide of Zinc, and is warranted free from all adulteration and impurity whatsoever, it covers well, is beautifully white, and is entirely free from the poisonous properties of most other paints, so dangerous to the health of painters and their families.

IT WILL NOT TURN YELLOW

When exposed to sulphurous or mephitic exhalations, or even when shut up in a close room. As an outside paint, it withstands a southern climate and the weather better than any other, not being liable to crack, flake or crumble and rub off. It may be worked with any colors with water and size, or with varnish, which gives to the color brilliant permanent finish.

BLACK AND COLORED ZINC PAINTS.

These are furnished at a low price, and are undoubtedly the cheapest and best paints in the market for coating roofs, fencing, outhouses, steamboats, or any exposed surface of wood, brick, tin, or iron, as they are both

WEATHER AND FIRE PROOF.

For iron surfaces they are particularly valuable, as they form a galvanic connection, and entirely prevent oxidation. They dry quickly and having a pure metallic base do not change color like many of the earthy paints now in use.

Dealers supplied on liberal terms by the agents of the Company.
