On motion, Major John Willock was called to the Chair, and M. Swartzwelder, Esq., appointed Secretary. The following persons were chosen to attend the Whig Celebration at Niagara Falls;

BURIAL.—John Daltell who served in the Duquesne Greys through the Mexican war, was yesterday buried with military honors by the gallant Company to which he belonged. The deceased was also a member of the Neptune fire Company, who, together with the other fire companies of this city, turned out in force.

ASSAULT AND BATTERY.—Alderman Lewis on Tuesday held Joseph and Catharine Dietch to bail, charged on oath of Valentine Miller with committing a wanton and unprovoked assault and battery on him. The parties reside on Strawberry alley.

KENNEL'S ETHIOPIAN OPERA TROUPE have been performing to large and delighted audiences at Masonic Hall. The ladies of the twin cities were largely in attendance, and signified their unbounded approbation by pleasing smiles. This evening—positively the last but one—an excellent programme is presented, containing several of their choicest songs, dances and jokes. Every thing presented by this troupe is original only with themselves, and, as a matter of course, can alone be performed by them. Secure your seats early.

An afternoon performance will be given by the troupe, on Saturday. Doors open at 2 o'clock. Here's a chance for the "little ones."

THE SHOOTING AFFAIR.—On Tuesday a boy named Hutchison, who carelessly shot a little colored boy in the Third Ward, Allegheny, was arrested and held to bail by Alderman Barclay for examination before the Mayor on Monday next. Two of the shot ye reamain in the little fellow's face, and he is confined to bed by a fever.

We gave the particulars of the case at the time it occurred.

MIAMI UNIVERSITY.—A number of young gentlemen of this city have recently graduated at the Miami University. Among them are Harmar Denny, Sa. el Robins, James H Childs, and W H Prestly.

THREATENING LANGUAGE.—Alderman Lewis yesterday committed Owen Howell to jail, charged on oath of Mary Ann Johnston, with threatening her life.

BODY FOUND.—The body of a child was yesterday discovered in Greer's brick yard, on Boyd's hill. It had been put into a cigar box and buried in a sand pile. The Coroner was called upon to hold an inquest, from which it appeared that the child was still born, and the three witnesses had seen a man and woman bury it. A verdict given in accordance with the facts was rendered.

TO BE RETURNED.—We are requested to announce that the librarian of the Young Men's Mercantile Library wishes all books now out to be returned, as he intends to renumber them.

REPAIRS.—Workmen are now very busily engaged in repairing the Pittsburgh end of the old Allegheny Bridge.

POCKET PICKED.—Mr. J. A. Forsythe, of Allegheny City, had his pocket picked in Cleveland, on Saturday last, of three hundred and forty dollars.

RAISING SAND BY STEAM.—A boat is now lying at anchor in the Monongahela river, which has a steam engine on board, and raises building sand from the bottom of the river by its aid, placing it in flats alongside.

REPAIRS COMPLETED.—The repairs in Sixth street have been completed, and it is now open to the travel of vehicles.

ROBBERY.—A number of young beggars, who have been strolling round our city for some time past, yesterday entered the house of Mrs. Mc-Kee, on Exchange Alley, and robbed it of a variety of articles of clothing.

A SCENE.—John Nugent, a boot-maker of this city, was yesterday arrested and taken before the Mayor, charged on oath of his wife, with using threatening language to her and refusing to support her. There was quite a scene in the office, the parties being very much excited, and the reciprocal rights and duties of husband and wife were freely discussed. The matter was finally compromised, by the husband giving his wife one dollar and fifty cents per week, to trouble him no longer.

FOREIGN.

ENGLAND.—When the *Llumbolt* left, the whole of the United Kingdom was engaged in the excitement and turmoil of a general election. It was generally thought that parties in the New Parliament would be pretty evenly balanced, and that Lord DERBY's government would not succeed in getting a working majority.

The returns from Parliamentary elections, thus far indicate the choice of 16 Liberals 8 Liberal Conservatives, and 6 Ministerialists. This would make the relative strength of the opposition in the House, as 19 to 6.

The Eastern Steam Navigation Company of London, have proposed a plan to their stockholders for building two steamships, 700 feet long, of 14,000 tons burden, each vessel to have two sets of paddle wheels, and a screw propeller, of an aggregate power of 2,000 horse. These vessels are to run from Milford Haven to Alexander, and from Suez to Calcutta. These ships, it is expected, will go at the rate of thirty miles an hour, and are to cost $1,750,000.

FRANCE.—The London and Paris papers are chiefly occupied in noticing the recent plot discovered in Paris by the police. But it appears that notwithstanding numerous arrests were made, the affair was at first greatly exaggerated, and in place of the parties engaged in it having designs against the President's life, it is thought, by some that the whole plot was got up by the police, in order to justify LOUIS NAPOLEON for taking still more vigorous steps against the Democratic party.

SWITZERLAND.—The Swiss journals announce that the Council of State of the Canton of Vaud has decided on applying to M. THIERS, who is now at Verey, in that canton, the Federal decree relative to confining French refugees to some appointed place in the interior of the country. There was only one vote, it appears, against this decision, and the Prefect, M. BACHELARD, was charged to transmit the order. M. THIERS was to quit the Canton within a very short time. The *Suisse*, however, in its number of the 1st, expressed a doubt as to the correctness of the statement thus made by other journals.

A telegraphic despatch from Frankfort, of the 22d, in the *Prussian Gazette* of Berlin, states that M. THIERS has refused to submit to the *internement*, and will, in preference, leave Switzerland.

NEW ORLEANS, July 16, FROM TAMPICO.—The Revenue cutter "Duane," arrived here from Tampico; reports that the Mexican Minister of War was expected at that place to make arrangements for fortifying the town.

BY TELEGRAPH.

LATEST FROM EUROPE.

ARRIVAL OF THE AMERICA.

NEW YORK, July 21.

The steamer America arrived at Halifax last night at ten o'clock, reaching New York at 8 this morning. She brings 60 passengers.

The anniversary of the 4th of July was celebrated on board the Baltic during her voyage out, in quite a patriotic manner.

The news from England apart from the parliamentary elections is rather uninteresting.

There was but a slack business doing in cotton and other articles, owing to the elections. Trade at Manchester was moderately favorable, and in France a similar state of things existed.

ENGLAND.

In England the elections form the all engrossing subject of attention. Most of the English borough members of Parliament have been returned. The result thus far is unfavorable to the Ministry. The county elections, however, may make a change.

The election returns in the Daily News, of yesterday, classifies the M. P.'s as follows:—Liberals 156, Derbyites 80. The London Times makes the returns 129 Liberals, 58 through Ministry and 28 Liberal Conservatives. Among the most noticeable names returned are Lord John Russell and Baron Rothschild for London, Lord Palmerston and Layard, of Nineveh celebrity, Munits and Scholefield for Birmingham, T. S. Duncombe, Sir G. Wood, Hon. T. M. Gibson and John Bright for Manchester, J. A. Roebuck for Sheffield, R. M. Milnes, Sir Molesworth, G. L. Ricardo, Sir R. Peel, Hon. H. Labouchiere, Turner and Mackenzie. The tories have succeeded in electing in Liverpool, Sir W. Clay, and L. Bulwer for Tower Hamlets, where George Thompson was defeated, his constituents expressing much dissatisfaction at his having deserted his duties, and engaged in agitating the slavery question in America. Mr. Strutt, a Liberal has succeeded Fergus O'Connor for Nottingham.

The Royal Agricultural Society of England offers a prize of £1000 and a gold medal for the discovery of a manure equal to Guano to be furnished in England at £5 ₱ ton.

The weather was fine in England, and the crops in all parts of Europe are said to be remarkably prosperous.

FRANCE.

Rumors are prevalent of ministerial changes.

The insurrection at Algeria appears to be suppressed for the present.

The Moniteur contradicts a statement that disaffection has been discovered in one of the Regiments of the Line.

It is reported both at London and Paris that Louis Napoleon has informed the British Government that he is prepared to admit certain English staples into France on easy terms, provided the British import duty on French wines be repealed.

The condition of the vineyards is less unsatisfactory in the Borgelais, than the Rhone.

The prices of wheat and flour had fallen in consequence of the promised abundance.

PORTUGAL

The St. Ubes salt monopoly may be considered as suppressed, as American, English, Russian and other vessels are loading on the same terms as Portuguese.

SWITZERLAND.

The Sonderbund party at Freiberg have applied to the Federal Council to discontinue the measures taken to break up their organization.

SARDINIA.

The quarantine is imposed upon all vessels from New Orleans and Mobile on account of the cholera prevailing in Louisiana.

HUNGARY.

Dembrinski and Szemere have written to the Journal des Debats of Paris, denying that they offered the crown of Hungary to the Duke, Gorgey being the only man who proposed it.

Cape of Good Hope dates to the 29th of May, give nothing new respecting the Kaffer war, which is not likely soon to be terminated. Lord Catcart announced to the enemy that no terms could be listened to but submission.

TUSCANY.

Letters from Florence state that the Grand Duke has imposed an extra tax on wine and all other articles of consumption except Flour and meat.

ITALY.

Many political arrests had taken place at Milan and Venice, for trivial causes. A letter in the Times states the rumor of a proposed Lombard toll, 100,000,000 was not correct.

CONGRESSIONAL.

WASHINGTON, July 21.

HOUSE.—Mr. Johnston, of Tennessee, asked leave to offer a resolution that the Secretaries of War and NAVY, if not deemed incompatible with the public good, report the number of officers of army and navy remaining in and about Washington, and the duties performed by them connected with the public interests.

Mr. Walsh objected, saying, let the gentleman go to the tavern-keepers for information.

Mr. Houston then went into Committee on the state of the Union, Mr. Olds in the Chair.

Mr. Houston moved that the civil and diplomatic appropriation be taken up.

Mr. Seymour moved that the River and Harbor Bill be taken up. The bill was then taken up.

Mr. Seymour, of N. York, explained the cause of the Committee on Commerce in framing this bill.

Mr. Moore spoke in favor of appropriations for deepening the mouth of the Mississippi.

After further debate the Committee rose and the House adjourned.

SENATE.—Mr. Clarke offered a resolution calling for information respecting operations by the Commission appointed to run the Mexican boundary.

Mr. Wade introduced a bill for the establishment of a line of settlements along the emigrant route to Oregon.

Mr. Shields moved the resolution of the House fixing the day of adjournment. The motion was agreed to.

Mr. Soule said the House had committed itself before the country by passing resolutions that it would dispose of the public business on the 16th of August. If it did not the Senate would be responsible. He saw no reason why the Senate should not agree to adjourn on that day.

Mr. Smith moved to amend by striking out the 16th and inserting the 30th August.

The Chair decided that the amendment having been rejected could not be renewed.

Mr. Smith modified the amendment so as to adjourn on Tuesday, August 31.

The buildings in the main streets were profusely draped in black. The Masonic fraternity turned out in great strength, and the Clay Clubs were numerous. Broadway was thronged to suffocation.
