OHIO STATE FAIR.—We learn with pleasure, that arrangements are now being made to convey passengers from Pittsburgh to attend the Ohio State Fair at Cleveland, for half price. As soon as they are consummated, a list for the reception of the names will be opened at our office, of which due notice will be given.

NONSENSE.—The following ridiculous resolutions have been adopted by the Native American County Convention:

Resolved, That, looking at the different parties, through the actions of their conventions, we are forced to the following conclusions:

That the "Unterrified Democracy" wish to throw open the doors of the Constitution, without space as to time, for all Europe to come to trample upon its prohibitions, as Gen. Shields did in taking his seat in the Senate, he not being a citizen nine years, as required by the Constitution.

That the Whigs are intent on office, no matter at what sacrifice—honestly if they can, but offices say how. (See Gen. Scott's letter to Robinson.)

And that the Free Democracy, in their hatred to slavery, are willing to consign American men and women to a degradation to which a southern negro quarter would be a paradise.

Resolved, That in Gen. Pierce and Mr. Hale we can find nothing calculated to either win our esteem or even arouse our hatred; the administration of either [if elected] could as easily be written down as it is written, being nothing more than "the spoils belong to the victors."

VIOLATION OF RULES.—Mayor Fleming yesterday fined Martin Moody one dollar and the costs for a violation of the rules of the Allegheny Market.

HELD TO BAIL.—Thomas Anderson was yesterday held to bail by Mayor Fleming, in the sum of two hundred dollars, charged, on oath of Anthony Smith, with assault and battery.

HORSE KILLED.—The cars of the Wellsville train of the C. & P. Railroad ran over a horse on Thursday, near Alliance, instantly killing him.

THE MARKET.—The Diamond Market is in a very filthy condition, and the smell arising from decaying vegetable matter is quite unpleasant.

ALMOST A FIRE.—A quantity of loose paper in the basement of the Post Buildings, took fire yesterday, as is supposed, from ashes carried down from the furnace up stairs. The flames were extinguished, however, before they had done any damage.

SURETY OF THE PEACE.—His honor, Mayor Fleming of Allegheny, yesterday held Hugh Thompson to bail, charged, on oath of Edward Rothwell, with using threatening language towards him.

RAILROAD ACCIDENT.—The evening passenger train on the Central Railroad, did not arrive until ten o'clock at night, the baggage and one of the passenger cars having passed over a cow between Altona, and run off the track. No injury was done.

ACCIDENT.—We learn that a German who was digging a well at Economy, in Beaver County, was killed on Thursday by a bucket full of earth falling on him. We did not learn his name.

DISORDERLY BEHAVIOR.—His honor, Mayor Fleming yesterday fined a young man one dollar and the costs, for throwing stones at a colored boy.

SUDDEN DEATH.—Coroner Arthurs was yesterday called upon to hold an inquest, in a house on Maddock's Alley, between 2Pan and the river, on the body of Anne Cressan, a widow of between forty and fifty years of age. She had gone to bed on Thursday night, in perfect health, and was found dead in the morning. She had had a difficulty, two weeks ago, with a neighbor, in which they had come to blows, the deceased having broken some panes of glass, and the relatives demanded an investigation.

Doctor Pollock was called upon to make a post mortem examination of the remains of the deceased, and testifies that she came to her death from a softening of the mucus membranes of the stomach. The jury returned a verdict accordingly.

THE RAIN.—The heavy rains of Thursday night did a great deal of damage to many of the newly paved streets in their city and Allegheny.

THE REV. MESSRS. Alexander J. Payton and Robert Mullen, delegates from the Bishops of Ireland, have arrived in our city, and are now stopping at the Bishop's Residence. The object of their visit is to solicit aid towards the establishment of a NATIONAL UNIVERSITY, where the education shall be free and independent of government influence. For such an object, we are confident their appeal to the citizens of Pittsburgh will be successful. The American Archbishops and Bishops assembled in Council, warmly recommended the Irish University to the American people in their pastoral, thus: "An undertaking in the success of which, we necessarily feel a deep interest, and which, as having been suggested by the SOVEREIGN PONTIFF, powerfully appeals to the sympathies of the whole Catholic world."—*Chronicle.*
