They must make high moral character, the test of fitness in a candi-for with of Alternatic Mandamus against the ourtailer of good popular ories, should no longer titons, returnable on the 20th inst. The Court asked the learned Counsel to explain the nature of the injury for which he asked this mode of redrees. He did so by giving a history of the contract with Bingham & Dock, stating the exclusion of his client from the use of that thoroughfare, and the probable effect of the change which had been so causeleasj intro-dweed. It appears that the Court over the State road, and in carrying out this new policy in the management, assume for the Cour-in the management, assume for the Cour-in the management, assume for the Cour-ers, by this arrangement of the State works, take upon themselves the right of closing the railroad against all other transporters. As we in Pitted to Popular and explaint and that the president one days the courted the transporters. As we in Pitted the transporters. As we in Pitted to Popula and detail to President one days the Pitted to against all other transporters. As we in Pitted to Popula and explaint the having a short milroad to Philadelphis, and sey managed as to quickness and despress of tran-sit, that we may defry the Fite ad Ballimory torvade, there is no doubt our poople will feel managed as to quickness and cheapness of tran-sit, that we may defy the Erie and Balimore roads, there is no doubt our people will feel much interest in the decision of this question by the Supreme Court. The ides of compelling the public to go around by Columbia, over a read four miles longer than the Dilterville roate, and the Union took salt with the infields who either thought the soud with we in no danger, or re-Jour miles longer than the Dilterrate roure, sou encombered with freight trains, is too absurd to be entertained. The public here are looking joied that she was running upon the sunken rock. Benton's appetite is said to have been esforward to such a control which the same and business which our finished and advancing lines of rail-Crampton discussed the striped bass as if he had which our finished and advancing lines of rail-road with the West, are preparing for it. Any hindrance to this policy from the Canal Com-missioners, any scheme which may thwart this grand object of our cares and expenditures here, with the took and pale Sherry suffered "consumed-tor book JUNIUS. will be met with the indignation of an insulted That the project of and injured community. readers to be such? We shall not hazard an opinion upon so delicate a point; but we think h parties ought to know, if they pretend to know any thing about the matter at all, that Gen. Scott's suggestion is to bestow citizenship Usen. Scotta suggestion is to bestow citrementp upon any foreigners who may see proper to ea-tier the service during actual war and serve faith-fully one year, without further delay or condi-tious other than taking the oath of allegiance; but it is failes to say that be proposed, in the it saids cohnection, any alteration in the natural grission laws as they now stand. Why do they b nct give his own words, as we gave those of Julge Woodword? They dare not do it; for if they did they would show their readers that all they have said on this subject is as destitute of truth as it is of common sense. Here is what he said :

he said: "Shenid I, by the partiality of countrymen, be elerated to the Chief Magistracy of the Union, I shall be ready, in my connection with Cangress, to recommend or to approve of meas-ures in regard to the management of the public donain, so as to secure an early settlement of the same favorable to actual settlers, but con-sistent, nevertheless, with a dae regard to the equal rights of the whole American people in that was tustional inheritance; and slos to re-commend or approve of a single alteration in our Magnetization Lens, suggested by my military experience, viz: Giving to all foreigners the right of citizenship who shall faithfuly serve, in time was, our taxs on beard of our public ships, of citizenship who shall faithfully serve, in tim of war, our man on board of our public ships for in our land forcor, regular or volunicer, or their receiving an honorable discharge from the service."

Now let the reader compare this with the Now let the reader compare this with the abrow-extract from the Post, and he will see at a glance how grossly Gen. Scott's suggestion has been perferted.
