HOME MATTERS.

AGRICULTURAL AND MECHANICAL FAIR.—Our readers will observe by the advertisment in another column, that the Allegheny County Agricultural and Mechanical Fair will be held in Allegheny city, behind the Penitentiary, on the 6th, 6th, and 7th days of October. The arrangements are much more complete than they have ever heretofore been, and it is hoped that there will be a large turn out of our Agriculturalists and Manufacturers. About three acres of ground are enclosed by a high fence, inside of which will be suitable stalls for the cattle, and sheds for the reception of manufactured and other articles, completely sheltered from the weather. Water will be supplied from pipes, through which it will be brought from the water works, and hay and straw for the stock furnished.

The police arrangements are under the superintendance of Mayor Fleming, assisted by twelve policemen. It is expected that a large number of foreign exhibitors, who were in attendance upon the late Cleveland Fair, will be present, so that our farmers and manufacturers must be alive to their own interests, and endeavor to distance all competition.

The approaching fair will undoubtedly surpass anything of the kind ever held in Western Pennsylvania, and as it is important that all the members should understand the rules by which it is to be governed, we published them below:

RUEES.

All the members of the society, and all who shall become members previous to or at the Fair, will be furnished with badges, which will admit the person and his family, under the age of twenty-one years, to the Exhibition during the continuance of the Fair. Tickets to admit a single person, ten cents.

All exhibitors at the Fair must become members of the Society, and have their articles or articles entered at the business office before taking them into the enclosure.

All those who intend to compete for the premiums at the Fair, should have their animals and articles on the ground, *without fail*, on or before Tuesday, the 5th day of October, as it will not be in the morning, so that they may be arranged and in readiness for examination by the Judges at 10 o'clock.

This regulation must be strictly adhered to; otherwise, the Society will not be responsible for the omission of any animal or article on the lists.

No animals or articles entered for exhibition can be taken away before the close of the Fair, except by permission of a member of the Executive Committee; and no premiums will be paid on animals or articles removed in violation of this rule.

Animals and article entered for exhibition, will have cards attached with the number, as entered at the business office; and exhibitors should, in all cases, obtain their cards previous to placing their stock or articles on the show grounds.

All persons who intend to exhibit Horses, Cattle, Sheep or Swine, or who intend to offer stock for sale, should notify the Secretary of such intention on or before the 5th day of October, at 9 o'clock, and leave with him a list and full description of such stock, in order that proper arrangements may be made for their accommodation.

Applicants for premiums are particularly requested to pay attention to the directions attached to the list of premiums for fat Cattle, fat Sheep, Butter and Cheese, Field Crops, &c., and the statements required from exhibitors of those articles must be lodged with the Secretary of the Board, on or before the morning of the 5th.

On motion, it was resolved, That the plowing match shall come off the first Thursday in November, the place to be hereafter fixed.

The premium for plowing for the present year are, first premium, $12; second, $10; third $8, fourth, $6; fifth, $4

STORM.—There was a very heavy storm of wind, accompanied by rain, on Saturday night. We learn that it was severe in the country, and did considerable damage. We hear of no injuries sustained in Pittsburgh or Allegheny, beyond the blowing down of a few trees and awnings, but a large three story building in process of erection for James Blackmore, of South Pittsburgh, and which was ready for roofing, was so much damaged that the walls will probably require to be taken down and rebuilt, as they are very much sprung.

NEW EPISCOPAL CATHEDRAL.—We observe that the pews in this beautiful church are completed. They are built of solid oak, and are one hundred and forty-three in number, intended to accommodate eight hundred persons. The ceiling is also of oak, and the whole interior is constructed in a plain but neat and most tasteful manner.

PANORAMA OF IRELAND.—We are pleased to find that this beautiful panorama nightly attracts crowds of spectators, Philo Hall being always well filled. We recommend all our readers to call and see it, for it is undoubtedly among the very best panoramas ever exhibited in the U. States.

RAYMOND & DRIESBACH'S Great Menagerie and Welsh's Circus, one of the most celebrated in the country, will visit our city this week. The Circus and Menagerie will both be shown at the same time, under the same canvass, and for one price of admission, thus affording a double amusement for the small outlay of a quarter. The performing elephant Siam, which is attached to this establishment, is certainly the most sagacious animal in this country, and perhaps in the world. His feats exhibit a truly wonderful instinct. The establishment will enter the city on Thursday.

DIAMOND ALLEY.—This important avenue has been graded between Smithfield and Grant streets, and workmen are now engaged in laying curb stones along it. It will be paved in a short time.

LARCENY.—A man named Hugh Derry was arrested yesterday, and taken before the Mayor, charged, on oath of Wm. S. Sutton, with stealing a quantity of quits from a canal boat, lying in the basin. He was fully committed for trial.

THIRD VOYAGE.—Mr. B. F. Anderson of this city, took his departure yesterday evening on his third trip to California.

FOREIGN ENTRY.—We observed yesterday, that a number of pigeons had flown into the new Episcopal Church on Grant street, and were busily engaged in 'prospecting' about the beams of the arken ceiling.

SUPREME COURT.—The trial list of the sixth judicial district, composed of Erie, Warren, Crawford, McKean, Venango and Clarion counties, was taken up yesterday in the Supreme Court.

FOLLOW THE EXAMPLE.—We observed yesterday, at Alderman Mohleater's office, a box, marked "Washington Monument," which is destined to receive the contributions of the voters of the Third Ward, at the coming election. We trust that the example may be followed in all the Wards, Boroughs and Townships in the County.

CARBON OF ROBBERY.—Alderman Star of Ohio township yesterday committed Robert Young to prison on a charge of robbing Wm. Porter of five dollars.

SABBATH DESECRATION.—Alderman Patterson, of Birmingham, yesterday committed John Sprasell to prison, on a charge of violating the public peace on Sunday night.

ACCIDENT.—Two house painters, Messrs. Pepperday and McCune, who had erected a scaffolding in front of Postley & Nelson's warehouse on Wood street, were yesterday precipitated from the second story to the ground, in consequence of the supports not being properly secured. Mr. McCune was much bruised, and injured internally; Mr. Pepperday escaped almost unhurt. Fortunately no bones were broken.

NATURALIZATION.—A number of foreigners were naturalized in the Supreme Court yesterday.

DANGEROUS CONDITION.—Mr. McConaughy, who was so severely stabbed in the back by some ruffian at the Canal bridge, on the evening of the Whig County Convention, still lies in a very critical condition, at the house of his brother-in-law in Allegheny city.

PROPOSALS.—The Street Committee of Allegheny, have advertised for proposals for grading and paving Corry street in the First, and Jackson street in the Second Ward.

LARCENY.—Samual Eakins, jeweler, yesterday lodged an information, for larceny, before Mayor Guthrie, against Seth Heribert, committed to prison last week, on a charge of conspiring to release a person accused of murder. The defendant is accused of stealing a gold watch and key, valued at fifty five dollars from Mr. Eakins. the watch was recovered by officer Reed, who traced it to the possession of a second hand dealer, on water street to whom it had been sold.

SLAUGHTERING.—We learn that a member of the firm of Wm. B. Holmes & Co., has returned from Ohio, where he has contracted for two thousand head of hogs. It is estimated that over fifty thousand head will be slaughtered in this city and Allegheny during the ensuing season.

HELD TO BAIL.—John Agnew was yesterday held to bail on a charge of surety of peace, and two of assault and battery. George Johnston, the first prosecutor, swore that the defendant came to his house and threatened him. John Kaffner and John Carr, glass blowers, testified that on the 25th of September, he committed an assault and battery upon them, injuring one of them quite severely. The attack is alleged to have been made without any provocation. Agnew was under the influence of liquor at the time, and the disturbance took place at Lightner's drug store.

RIOTING.—A very large number of persons were brought before the Mayor on Sunday and Monday morning, charged with rioting and disorderly conduct. Most of them paid their fines.

TIPPLING HOUSES.—Alderman Steel yesterday held Andrew Cairns, Robert Hill, James Linn, and Francis Foulk to bail on a charge of keeping a tippling house.

FIGHTING.—Mayor Guthrie yesterday fined James McGowan and Andrew Henderson three dollars each, for creating a disturbance in Mulberry alley, on Sunday night, by fighting with each other.

KNOCKING DOWN A WATCHMAN.—A complaint was laid before the Mayor on Monday morning against John Fitzgerald, Wm. Rea and Jno. Perry, who were accused of rioting in the streets on Saturday night, and in the course of the affray knocking down a watchman. The first two were fined five dollars each and costs, and the latter two.

CRIMINATION AND RECRIMINATION.—Yesterday Thomas Gray of the Ninth Ward, lodged a complaint before Alderman Parkinson against Paul Morrison and his wife, whom he accuses of coming to Simpson's Glass Works, where he was employed, on Saturday, and simultaneously making a violent attack upon him. They were held to bail, upon which they proceeded to the Mayor's Office, and lodged an information against their prosecutor, charging him with the same offence.

BUTCHER'S ASSOCIATION.—This Association held its second meeting at Fickelson's Hall, on Saturday evening.

The meeting was quite large, and was organized by calling Mr. James L. Graham, to the chair, and appointing R. M. Speer, Secretary.

The committee appointed at a previous meeting, to confer with the Market Committee, reported that they waited on a part of that committee, were received courteously, and were led to believe that said committee will do all in their power to make the New Market House answer the purpose for which it was constructed.

They could give no satisfactory answer, however, to the questions asked before a meeting of the committee was held. The Committee was continued.

The Society was organized permanently, by adopting a constitution, and electing the following officers for the ensuing year: President, James L. Graham; Vice President, Wm. Baxter; Secretary, R. Danver; Treasurer, Andrew Ackley.

The Society numbers 74 members, comprising nearly all the butchers in and about Pittsburgh.

WHIG MEETING—ACCIDENTS.

POTTSVILLE, Pa., Sept. 27.

A great Whig meeting was held here on Saturday last. It is estimated that 20,000 persons were present.

The demonstration was attended by some very serious accidents. In firing a salute on the arrival of train from Famsque, with a large delegation, the piece of ordnance was prematurely discharged, shattering the arm of a young man named Charles Krebe, which was amputated near the shoulder.

A young man from Spring Garden, named Henry Adair, in attempting to get upon the train at Phœnixville, after it was in motion, fell under the wheel, which passed over his left arm, nearly severing it. He was taken to Philadelphia.

At Pottstown, the engineer of the locomotive from Mine Hill, was thrown from the track, and both legs were crushed in an awful manner.—He died at his residence in Pottstown a few hours after.

The second excursion train also met with an accident about a mile from the city of Pottsville, by the breaking of the wheel. The floor of the succeeding car was broken up by fragments of the wheel, which also threw the cars from the track, and caused the greatest consternation among the passengers. Two gentlemen were severely crushed between the cars, and several others were injured, but not severely. One jumped through the window of a car, and fell on his head. He was badly injured.
