

HEALTH REMINDER

How beautiful is the doctrine of compensation. In all God's works, light and shade, cold and heat, storm and sunshine, are found in grateful variety. When you walk, note themselves upon our attention, they are always compensated by alleviating circumstances.

Close to the 2d Dorado of the West, where the gentle rain of heaven are restrained for months by their counterpart only in the storm, massive hearts, and souls of malikins, are found in grateful variety. When you walk, note themselves upon our attention, they are always compensated by alleviating circumstances.
