HOME MATTERS.

RIVER ITEMS.—The river was receding yesterday, and fell about six inches. The stage of water in the evening was 6 feet 4 inches. The weather was warm and pleasant, but indicated rain.

The arrivals from below were the *James Millanger*, from New Orleans, with sugar, and the *American Star*, from Bridgeport, with about 1500 bbls. of flour. The regular Wheeling and Cincinnati packets came in with good loads.

There is quite a fleet of boats at the wharf loading for various ports below; the *John McFaden*, for Memphis, and the *Navigator*, for Nashville, advertised to leave to day, we commend to both shippers and passengers. The *Keystone*, for St. Louis, and *Ben Coursin*, for Louisville, went out, loaded down to the guards; the *Equinox*, for the Illinois river, was pretty well loaded down, but had not left at dusk.

The *Diurnal*, a favorite boat, is the Wheeling packet for this morning.

THE COUNTY SCRIP.—We yesterday made an effort to obtain information about the investigation going on at the Auditor's office, but were unsuccessful. We learned, however, that the investigations would be closed in about ten days, and that the amount of testimony now taken will fill one paper, at least. We learned, from second hand, that Joe Barker was examined, and most humbly retreated from his assertions concerning Sheriff Magill's connection with the scrip defalcation. He excused himself on the ground that he was then in the heat of a political campaign, and said things that he ought not to have said.

We understand from the same person (who, by the way, is well informed on the subject) that Messrs. Danforth & Co., the firm who issued the scrip, have written a letter stating the number of plates struck. A much larger amount of money has been paid than the number of plates issued would call for.

FINE FURNITURE.—We took a stroll, yesterday, through the furniture rooms of J. W. Woodwell, on Third street, and were both surprised and delighted with the richness and variety of choice furniture on hand. There is nothing which the most fastidious taste could desire, and which the most ample means could furnish, which cannot be obtained there, of a style and finish equal to any in the country. The supply of common furniture is also very large. See his advertisement.

THE SPRING BUSINESS has just commenced on the Ohio and Pennsylvania Railroad. So many goods were left at the depot yesterday for shipment West, that there were not cars enough to transport them. This is but the beginning.

SENTENCED.—Allen Bryant, who was convicted the day before yesterday of highway robbery, was sentenced to four years' imprisonment in the Penitentiary. This is a very severe sentence.

John Huoy, for chicken stealing, was sentenced by Judge M'Clure, to one year's imprisonment.

EXTENSIVE CARPET ROOMS.—At the request of Mr. Washington M'Clintock, we yesterday walked through the magnificent rooms which have been added during the past winter to the store lately occupied by Mr. Shea, No. 112, Market street. The gloomy looking exterior on Market street, does not prepare a person for the beautiful and extensive building behind.

During the last season, Mr. M'Clintock has caused to be erected a three story brick, with magnificent sky-lights, immediately behind Mr. Shea's store, and now during the past week workmen have been engaged in knocking down the partition, and joining the two stores into one, making one of the most extensive rooms in the city, of 144 feet in length. This building vies with any Carpet room East or West. Mr. M'Clintock will enter the building on Monday, and will then open a magnificent stock of carpets of every style and quality. The second story, a room of 35 by 80 feet, will be devoted to Brussels and Velvet Carpets, and the most elegant Rugs. The lower story will be filled with the new common Carpets.

We extend, in behalf of Mr. M'Clintock, a cordial invitation to our readers to visit his establishment, and examine his stock.

Mr. C. U. Barr, the Architect, has added to his reputation as an architect by the skill displayed in this. Mr. Barr, our readers will remember, was the architect of the Market House and of Masonic new building.

We refer our readers to the various advertisements of amusements for this evening, in another column, the most prominent of which is the concert of Mlle Lehmann, at Masonic Hall. This lady has achieved so excellent a reputation as a vocalist, and the troupe with her possess such acknowledged talent, that we predict a most crowded and fashionable audience this evening. Tickets may be procured at the various book and music stores in the city.

THEATER.—An excellent bill is offered this evening. To-morrow is the last appearance and benefit of Miss Kimberly in this city, on which occasion we bespeak a crowded house.
