instruction of general content of the special content of the special

Corning, of Albany. His propositions are to complete the canal for the saven hundred and fifty thousand sores of land appropriated, with the understanding that all faxes shall be remitted as sutherfied by the supplemental act of the Michigan Legislature last winter. The work is to be completed within two years from the time of signing the contract.

The legislature of Virginta has also chartered a valid of firms and the first of the saven of the Michigan Legislature last winter. The work is to be completed within two years from the time with the deorge's Creek Railroad, and thus give a nouted to the Westernport coal district, by a work, and we look for more extensive operations to that quarter this season. To other simulants

The Legislature of Virginta has also chartered and the measurement of the Michigan Legislature last winters and Ohio Railroad. This road will once the Michigan Legislature last winter. The work is native to the Westernport coal district, by a work, and the Deorge's Creek Railroad is already being surveyed, and the completed the American (Stowart, of Baltimore and Ohio Railroad. The connecting road from Strauburg to the St. George's Creek Railroad is already being surveyed, and the complete of the American (Stowart, of Baltimore and Ohio Railroad. The connecting road from Strauburg to the St. George's Creek Railroad and the Companies, has greatly excited the public mind, said we look for more extensive operations to that quarter this season. To other simulants.

The Legislature of Virginta has also charter. The Malbert and Chio Railroad, to firmsching, on the Malbert and Chio Railroad, to firmsching, on the Malbert and Chio Railroad, the Malbert and Chio Railroad, the Malbert and Chio Railroad, to firmsching, on the Malbert and Chio Railroad, to firm
